Dear Ms. Booth,,

Attached is a REVISED copy of your Equipment Schedule. The Service Agreement we have with Compaq has expired and the new Service Agreement has some price increases. These increases are noted on the attached Schedule and will increase your monthly cost from $863.00 to $927.00.

Effective November 1, your billing will reflect these increases

If you do not wish to carry these items under maintenance, please advise us by October 26, otherwise we will assume that the increase is accepted.

Thank you.

Sincerely,.

Melissa Farruggia
