Their rate of pay shall not be less than the stated percentage of the "Skilled" classification as established through the apprenticeship training program. The ratio of apprentices to journeyman shall not exceed the rate established by the U.S. Bureau of Apprenticeship and Training.

The absence of a wage determination for the classes of Semi-Skilled and Unskilled workers in a particular classification as the result of the Committee's determination that the prevailing practice in the immediate locality is not to use Semi-Skilled or Unskilled workers in that classification on construction sites.
