- 4. Affected waterbody:** UNT 1 to Camp Run (Reach 1), UNT to Silver Creek, and one(1) emergent wetland
- 5. Project Description:** INDOT will undertake a pavement rehabilitation and surface drainage improvement project along U.S. 31 in Sellersburg. This project will result in 117 linear feet of impacts to streams due to the placement of riprap and 1.8 acres of impacts to an emergent wetland from the grading for a stormwater detention pond. Mitigation will be provided through the purchase of 117 linear feet of stream credits and 3.6 acres of wetland credits from the Fourteen Mile Creek Mitigation Bank Additional information may be found online at <https://www.in.gov/idem/5474.htm>
- Comment period:** Any person or entity who wishes to submit comments or information relevant to the aforementioned project may do so by the closing date noted above. Only comments or information related to water quality or potential impacts of the project on water quality can be considered by IDEM in the water quality certification review process.
- Public Hearing:** Any person may submit a written request that a public hearing be held to consider issues related to water quality in connection with the project detailed in this notice. The request for a hearing should be submitted within the comment period to be considered timely. The request should also state the reason for the public hearing as specifically as possible to assist IDEM in determining whether a public hearing is warranted.
- Questions?** Additional information may be obtained from Graham Wrin, Project Manager, by phone at 317-605-4105 or by e-mail at GCWrin@idem.in.gov. Please address all correspondence to the project manager and reference the IDEM project identification number listed on this notice. Indicate if you wish to receive a copy of IDEM's final decision.
