Subject: Delegates to the State Convention

Barb:

I didn't find a form to use for reporting the delegates to the State Convention for counties that are split between Congressional Districts. If there is one, shoot it to me and I'll put the following data into that format. Otherwise, does the following information "fill the bill"?

All delegates will be apportioned by district. Our county will use Township lines as district boundaries, with the exception of the incorporated areas of South Bend and Mishawaka, which use City Common Council district lines. The vote total for Secretary of State in 2010 was added up in each of these districts, and this number was divided by 550, and rounded to the nearest whole number.

This system resulted in the following 25 districts with the associated allotment of delegates
