<u>All APPRENTICE</u>-As approved by the U.S. Department of Labor Bureau of Apprentice Training

The wage rate under column **Total Hourly Wage Rates** as set forth by the Committee are the Minimum wage rates to be paid and shall not prevent the employer from paying a higher rate. However, the **Hourly Rate** column plus the **Other Hourly Compensation** column must equal the Total Hourly Wage Rate column.

The rates are established on the date signed, however, if the project is not awarded within one hundred eighty (180) days, a new updated wage rate shall be required.

Stipulation as the employment of apprentices: Apprentice will be permitted to work for less than the predetermined rate for the classification of work they perform when they are employed pursuant to an individual registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Bureau of Apprenticeship and Training. Their wage rate shall be their warranted percentage of the herein listed skilled classification common wage rate. Apprentice shall be permitted to work only as the ratio to journeymen in the apprenticeship in the apprentice program standard state.

The absence of a wage determination for the classes of Semi-Skilled and Unskilled workers in a particular classification is the result of the committee's determination that the prevailing practice in the focally is not to use Semi-Skilled or Unskilled workers in that classification on construction sites.
