2021 RHTC Cost Containment Data

As a service to our partners putting together applications for our 9% competitive Tax Credit Round, IHCDA is releasing the figures in the cost containment categories from the previous round. The below figures show the highest amount of tax credits per unit and per bedroom that was awarded during the 2021A-C round. This data will also be utilized to score the tax-exempt bond and 4% credit applications in the 2021A-B round.
