RE: FY2008 - FY2001 Indiana State Transportation Improvement Program (INSTIP) Transit Amendment #35
(ARRA projects)

Dear Administrators;

Please find attached Metropolitan Planning Organization TIP amendments which need to be approved and included into the FY 2008 Indiana Transportation Improvement Program. We will reflect by reference the 2009-2013 federal aid projects covered by this approval in our 2008-2011 INSTIP. The amendment resolution numbers is listed below:

- NIRPC – Resolution 09-07

We have determined that the proposed amendments are: 1) consistent with the transportation plan; 2) the TIP remains fiscally constrained in that federal funding resources are sufficient to support the new or modified projects and 3) conform to state and national air quality standards as required by the Federal Clean Air Act Amendments of 1990.

We request your review and approval of the subject amendment. Please contact me at (317) 232-5292 if you have any questions.

Sincerely,

Larry Buckel
Manager
Office of Transit

CC: Gary Evers, NIRPC
Steve Polito, FTA

RESOLUTION 09-07

**A RESOLUTION OF THE NORTHWESTERN INDIANA
REGIONAL PLANNING COMMISSION ADOPTING
FISCAL YEAR 2009-2013 TRANSPORTATION
IMPROVEMENT PROGRAM
AMENDMENT NO. 2**

April 30, 2009

WHEREAS, Northwest Indiana's citizens require a safe, efficient, effective, resource-conserving regional transportation system that maintains and enhances regional mobility and contributes to improving the quality of life in Northwest Indiana; and

WHEREAS, the Northwestern Indiana Regional Planning Commission, hereafter referred to as "the Commission", being designated the Metropolitan Planning Organization (MPO) for the Lake, Porter and LaPorte County area, has established a regional, comprehensive, cooperative, and continuing (3-C) transportation planning process to develop the unified planning work program, a transportation plan, and a transportation improvement program to facilitate federal funding for communities, counties, and transit operators, and to provide technical assistance and expertise to regional transportation interests; and

WHEREAS, the Commission performs the above activities to satisfy regional requirements under the Federal-Aid Highway Act of 1962, as amended, the Surface Transportation Assistance Act of 1978, as amended, the Urban Mass Transportation Act of 1964, as amended, the Rail Reorganization Act of 1973, the 1970 Clean Air Act, as amended, the Intermodal Surface Transportation Efficiency Act of 1991, the Transportation Equity Act for the 21st Century, and the Safe, Accountable, Flexible and Efficient Transportation Equity Act—A Legacy for Users (2005), as well as other federal, state and local laws mandating transportation planning activities; and

WHEREAS, the FY 2009-2013 Transportation Improvement Program is a product of a multi-modal, 3-C transportation planning process, compatible with regional goals and objectives and socio-economic and demographic factors used to form the *Connections 2030* Regional Transportation Plan, as amended; and

WHEREAS, the FY 2009-2013 Transportation Improvement Program is an implementation of the *Connections 2030* Regional Transportation Plan, as amended, is fiscally constrained, and is consistent with the State Implementation Plan for Air Quality; and

WHEREAS, the FY 2009-2013 Transportation Improvement Program is developed by the Commission in coordination and cooperation with local elected and appointed highway and transit officials, special interest and service organizations, including users of public transit, the Indiana Department of Transportation, the Indiana Department of Environmental Management, the U. S. Department of Transportation Chicago Metropolitan Office, the Federal Highway Administration, the Federal Transit Administration, and the U. S. Environmental Protection Agency;

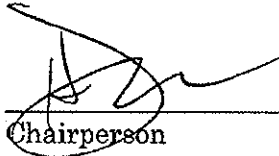

WHEREAS, Northwest Indiana has been allocated significant financial resources under the American Recovery and Reinvestment Act of 2009 (PL 111-5); and

WHEREAS, the changes to the FY 2009-2013 Transportation Improvement Program brought about by this amendment were reviewed by the Air Quality Conformity Task Force's Interagency Consultation Group.

NOW, THEREFORE, BE IT RESOLVED that the Northwestern Indiana Regional Planning Commission hereby:

- 1) amends the Fiscal Year 2009-2013 Transportation Improvement Program by adding the new projects and making the changes to pre-existing projects as shown on the attachment to this resolution;
- 2) directs staff to undertake a solicitation of new projects should additional funds be allocated to the region by either INDOT or FTA; and
- 3) permit sponsors of Highway Infrastructure Investment projects in the Chicago Urbanized Area with two or fewer projects identified to identify one or more substitute projects to be funded should their original project or projects be found ineligible for funding.

Duly adopted by the Northwestern Indiana Regional Planning Commission this thirtieth day of April 2009.

Chairperson

ATTEST:

Secretary

**Northwest Indiana FFY 2009-2013 Transportation Improvement Program
Amendment #2, Part 1**

ARRA Projects For Board Review

Local Highway Projects: Highway Infrastructure Investment
