Dear Mr. Packer:

Pursuant to IC 4-22-2-28, the Indiana Economic Development Corporation ("IEDC") has reviewed the economic impact analysis for small business associated with rule changes contained in LSA Document 12-280 and proposed by the Indiana Gaming Commission ("IGC"). The proposed rule adds the terms "calendar week", "dispensing device", "exempt event", "worker", and "retail establishment" to 68 IAC 21, amends portions of 68 IAC 21 concerning the conduct of charity gaming activities, establishes conditions for adding and removing affiliates of a national organization or foundation under the annual comprehensive license, and establishes requirements for qualified card games.

The economic impact statement prepared by the IGC indicates that the proposed rule applies to qualified charitable organizations and, therefore, does not impose any administrative burden or economic impact on small businesses. The IEDC does not object to the economic impact to small businesses associated with the proposed rule. If you have any questions about the comments contained herein please contact me at 234-3997 or eshields@iedc.in.gov.

Regards,

Eric P. Shields
