Dear Senator Lugar,

I would like to ask you to support the common sense alternative route. I think the acres of Hoosier farm lands & wild life areas should remain in tact for us and our communities to enjoy.

Dear Senator Lugar,

Please support the common sense alternative route, widening I70 and US41, instead of the I69 extension.

My father's farm is right in the path of this and it makes us very scared that we would lose our family farm!

The Honorable Senator Richard Lugar,

I support the widening of I-70 and US41. Creation of the I-69 extenstion will destroy irreplaceable natural rescources and waste tax payer money. Our fast paced society places too much emphasis on a few minutes. Let's slow down a bit and preserve our natural resources.

Sincerely

Dear Senator Lugar.

Please support I-70 and U.S. 41 for I-69.
The reason I support this is the loss
of farmland and the tax savings.
