INCASA

Basics of Trauma Informed Services for Rape and Sexual Assault Victims

Meeting Description:

Join INCASA May 8, 2014 from 1:30 to 3:00pm EST for an overview of *"Trauma Informed Services for Adults Experiencing Rape and Sexual Assault"* .

Learning Objectives:

1. Understanding sexual trauma.
2. The brain's response to sexual trauma.
3. Chronic shock symptoms as outcomes of sexual trauma.
4. Basic tenets of trauma-informed advocacy services.

The webinar will include time for questions and discussion.

Details

Date:	Thu, May 8, 2014
Time:	01:30 PM EDT
Duration:	1 hour 30 minutes
Host(s):	Indiana Coalition Against Sexual Assault

Karen A Duncan, M.A.

Karen A Duncan, M.A., Master of Arts in Clinical Psychology, Director of Community Engagement at INCASA.

Ms. Duncan serves as Project Manager for the Indiana Statewide Victim Assistance Academy and a new initiative "Making Children A Priority" focusing on community-wide educational strategies in the recognition and prevention of child sexual abuse. She was integral to establishing INCASA's Statewide Sexual Assault Response Team Training and implementing a statewide assessment of primary prevention efforts in Indiana. Karen is the author of two books, *Healing from the Trauma of Childhood Sexual Abuse: the Journey for Women* (2005) and *Female Sexual Predators: Understanding Them to Protect Our Children and Youths* (2010).

She brings 30 years experience in the research and study of sexual crimes with a particular focus on gender equity, understanding the sexual offender, promoting health sexual development and positive social values.
