RE: Preliminary Adoption of Motor Fuel Rule – 410 IAC 12.1 (LSA Document #13-483)

The Indiana State Department of Health requests that the Executive Board, at the Board's November 13, 2013 meeting, adopt the proposed amendments to the motor fuel rule at 410 IAC 12.1. The proposed rule amendments will update the rule to include the latest versions of the ASTM International (ASTM) standards that apply to motor fuel, octane and ethanol fuel blends and will update references to sections of the Indiana Code that were repealed.

A Notice of Intent was published on the Indiana Register Website on October 16, 2013, starting the one year period to adopt this rule amendment.
