Facility ID No. N/A
Johnson Street Bridge Project (#383)

This agency has reviewed your request for voidance of the above-referenced permit. According to your correspondences the discharge was temporary, created by the need to dewater the site during the installation of a storm sewer, and has been discontinued for some time. Our office has confirmed this and concurs that the NPDES permit can be voided.

Therefore, National Pollutant Discharge Elimination System Permit No. ING080267, issued January 15, 2009, is hereby voided effective 18 days from the mailing date of this letter.

Any party adversely affected or aggrieved by this decision may appeal by filing a petition for administrative review with the Office of Environmental Adjudication (OEA) within eighteen (18) days after the date of mailing of this letter. Any appeal request must be filed in accordance with IC 4-21.5-3-7 and must include facts demonstrating that the party requesting appeal is the applicant, a person aggrieved or adversely affected by this voidance or otherwise entitled to review by law. Pursuant to IC 13-15-7-3, this decision shall remain in effect pending a decision on any appeal that has been timely requested under the provisions of IC 4-21.5. The address is:

Office of Environmental Adjudication
Indiana Government Center North
100 North Senate Avenue, Room 501

You are reminded that any future discharge to waters of the state must be preceded by the submission of an NPDES application at least 180 days prior to the commencement of such discharge.

If you have any questions regarding this matter, please contact Ms. Sheri L. Jordan of my staff at (317) 232-8703.

Sincerely,
