CAFO NPDES PERMIT RENEWALS – ADAMS COUNTY

The following facility has been operating a Concentrated Animal Feeding Operation (CAFO) under coverage of a water quality National Permit Discharge Elimination System (NPDES) general permit for the preceding five years. The owners or operators have provided notice to the Indiana Department of Environmental Management (IDEM) of their intention to continue to operate under the NPDES general permit for the next five years.

Farm ID #: 4964
Farm Name: PAUL RUMPLE
Farm Location: 3521 N CR 300 W, DECATUR

IDEM considers the owners or operators operating under the NPDES CAFO general permit rule to be eligible to continue to operate under the general permit rule.

Please contact IDEM for information on the water quality permit requirements for a listed owner or operator or if you would like to provide information to IDEM relative to the eligibility of an owner or operator under the CAFO NPDES general permit rule. Under 327 IAC 15-15-6, a person may petition IDEM to require an owner or operator to apply for an individual NPDES permit, in accordance with the applicable rule.
