Dear Ms. Clevenger:

Pursuant to IC 4-22-2-28, the Indiana Economic Development Corporation ("IEDC") has reviewed the economic impact analysis for small business associated with rule changes contained in LSA Document 11-319 and proposed by the Indiana State Department of Health ("ISDH"). The proposed rule amends 410 IAC 6-5.1 to exempt colleges, universities, and postsecondary institutions from the plan review requirements under the existing rule.

The economic impact statement prepared by the ISDH indicates that the proposed rule will affect 38 postsecondary institutions which may include a few small businesses. The proposed rule would eliminate any administrative costs which might currently affect these small businesses.

The IEDC does not object to the economic impact to small businesses associated with the proposed rule. If you have any questions about the comments contained herein please contact me at 234-3997 or eshields@iedc.in.gov.

Regards,

Eric P. Shields
Policy Director
