

## How to get access to ITAP (INDOT Technical Application Pathway)

1. Please go to: <https://itap.indot.in.gov/login.aspx>
2. If your company/local agency is NOT in ITAP, then you need to select “enroll a new business”. If you don’t know, you can browse by clicking on “Complete a user enrollment form” and see if they are listed. If your company/local agency is enrolled, then you would need to select “apply for a user account”.

The screenshot shows the ITAP login page. At the top left is the ITAP logo, and at the top right is the Indiana Department of Transportation logo. Below the header is a navigation bar with the text "INDOT Technical Application Pathway". The main content area features a login form on the left with fields for "User Name" and "Password", and a "Login" button. To the right of the form is a list of business processes for external users, including American Recovery and Reinvestment Act Reporting, Design Submittal, and others. Below this list is a section titled "ITAP Training Videos" with links to various instructional videos. At the bottom of the page, there is a footer with supported browser information and a link to ITAP Support. Red arrows point from the text in the instructions to the login form, the training videos section, and the ITAP Support link.
