IN WAYNE COUNTY	)	

REQUEST FOR APPROVAL TO RE-ADOPT
CURRENT CASELOAD ALLOCATION RULE

The judges of Wayne County have met and reviewed the 2014 weighted caseload statistics for the courts of record. Our review indicates that the difference in utilization between any two courts of record does not exceed .40 based on the 2013 Weighted Caseload Report.

We have amended our existing caseload plan to incorporate the new felony levels that became effective on July 1, 2014, but have made no changes to the current allocation of criminal cases.

Accordingly, the judges of the courts of record have decided to re-adopt their local rule pertaining to caseload allocation as required by Administrative Rule 1. This local rule was previously published for public comment as required by Trial Rule 81 and approved by the Supreme Court. We request Supreme Court approval to re-adopt the current local rule on caseload allocation.

Submitted this 11, day of May, 2015 for the Courts of Record of Wayne County, Indiana.
