This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount. Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount. Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.

Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.

Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount. Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount. Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

Fund		2018 Certified Levy	2018 Abstract Levy	Starting Levy for Line 7	June 2018 Distributions	Estimated 2019 Line 7
0101	GENERAL	0	0	0		

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

2379	CUMULATIVE CAPITAL IMP (CIG TAX)	0	0	0		

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount. Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount. Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.

Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount. Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount. Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.

Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.

This worksheet is being provided by the Department as a tool to assist units in calculating their Estimated Line 7 (December Property Tax Collections) for the Form 4B. Actual Line 7 will be computed during the Department's budget review. To use this worksheet, please follow the instructions below:

1. Populate the fund's June 2018 property tax distribution.
2. Subtract the June 2018 property tax distribution from the Starting Levy for Line 7 amount in order to arive at the Estimated Line 7 for 2019.

This worksheet should not be used by schools that have completed the protected taxes waiver or taxing units that have reallocated their property tax cap credits. These units should rely upon the workbook previously provided for the calculation of Line 7.

Abstract Levy has been computed by mutiplying the abstract tax rate by the abstract assessed value and then subtracting total property tax cap credits from this amount.
Starting Levy for Line 7 will be the lesser of Certified Levy or Abstract Levy except in the following situations: conservancy district levies, debt service fund levies, and Library Capital Projects Fund. In these situations, Starting Levy for Line 7 will be Certified Levy.
