

## Clean.PNG

Always clean and dry containers before tossing them in the #recycling bin. One dirty ketchup bottle can contaminate an entire truck of recyclables! 😞

Visit [on.in.gov/recycle](https://on.in.gov/recycle) for more tips 🌱

---

## Glass.PNG

When it comes to #glassrecycling, remember that size and shape matter. Mirrors, windows, and glassware could damage machinery and cannot be remanufactured. When in doubt, throw it out!

Do your part and #RecycleSmart 🌱 Visit [on.IN.gov/recycle](https://on.IN.gov/recycle) for more tips.

---

## Metal.PNG

When it comes to #metalrecycling, remember that size and shape matter. Take large items or mixed metals to your local metal recycler. When in doubt, throw it out!

Do your part and #RecycleSmart 🌱 Visit [on.IN.gov/recycle](https://on.IN.gov/recycle) for more tips.

---

## Paper.PNG

When it comes to #paperrecycling, remember that size and shape matter. Unfortunately, small paper pieces or shredded paper just get filtered out. When in doubt, throw it out!

Do your part and #RecycleSmart 🌱 Visit [on.IN.gov/recycle](https://on.IN.gov/recycle) for more tips.

---

## Plastic.PNG

When it comes to #plasticrecycling, remember that size & shape matter. Clean + dry all containers, and check with your solid waste management district for accepted items. When in doubt, throw it out!

Do your part and #RecycleSmart 🌱 Visit [on.IN.gov/recycle](https://on.IN.gov/recycle) for more tips.

---

## Reduce.PNG

Reduce, reuse, and THEN recycle! 🌱

It's important for all of us to find ways to #reduce the waste we're creating. Small changes can make a big difference over time in reducing our individual footprint on the environment.

Visit [on.IN.gov/recycle](https://on.IN.gov/recycle) for more tips.

---

## **Wishcycling.PNG**

#Wishcycling happens when someone hopes an item is recyclable, but it actually isn't. Wishcycling can contaminate the recycling stream.

Know what to throw by checking your local recycling guidelines at [on.IN.gov/SWMD](https://on.IN.gov/SWMD)
