Hunt Information:

The first two days of dove season at Atterbury FWA are by draw or reservation only. When applying to the 2023 Dove Season Atterbury FWA hunt, you may choose from two hunt periods:

- Friday, Sept. 1, 2023

- Saturday, Sept. 2, 2023

To claim your reservation, you must check in at the property office before 11 a.m. ET on the day of your hunt. Each managed dove field at Atterbury FWA will be marked with evenly spaced and numbered stakes. Hunters who have been awarded a reservation may pick their preferred field and stake in order of their given draw number. If you do not claim your reservation by the times indicated above, your spot will be given to another hunter or forfeited entirely. You may bring a hunting partner with you during your hunt. You and your hunting partner will each draw a single hunting stake.

You must carry with you and return the one-day access permit received upon drawing a unit. Each permit has an area to indicate your harvest records and addition information. Please fill your permits to the best of your ability. Permits can be returned at the property office or at any self-service kiosk around the property.

Hunters may not start hunting until noon and must stop by sunset.

Area Information:

Atterbury Fish & Wildlife Area is dedicated to providing quality outdoor recreational opportunities while maintaining 4,950 acres of upland game habitat, marsh, running creeks, and shallow impoundments. Each year, hunters successfully harvest a number of species including deer, turkey, pheasant, and other upland game.

The property has several managed dove fields available and will award locations to a total of 70 hunters each of the first two days of season. Most of our dove fields can be accessed by a brief walk and all fields will have parking nearby. We always attempt to leave standing cover near each stake for hunter concealment. The dove fields will differ in quality and size given the many factors that may affect the outcome of sunflower plantings. Accurate field maps will be posted to the property webpage when we can determine the success of each field. Maps can be found here around one month before season opens: [DNR: Fish & Wildlife: Atterbury Fish & Wildlife Area \(in.gov\)](#)

The dove season is very popular at Atterbury FWA, and we ask that each sportsman do their part to keep litter contained and showcase ethical hunting to help preserve our natural resources for generations to come.

If you have questions about property rules, accessing dove fields, or other specifics, please call or visit the main office.
