Appendix D - Additional Regional Data

**Indiana Community Partners for Child Safety (CPCS)
A Look at Initial Family Needs and Referrals over the Course of Service
SFY 2015**

There are three PDF Documents that hold information regarding family needs and referrals for prevention services. The information is presented by the aggregate data, per region for SFY 2015.

- **CPCS Needs Assessment SFY 2015**

The Needs Assessment is filled out by the client during initial contacts. The Needs Assessment asks the client about their own current needs for which they would like to receive further information.

The Needs Assessment File has two charts on four pages. The information is presented by region (in each column). **The first chart (on pages one and two) is titled “Needs Assessment Region Count FY 2015”** and shows the raw counts (“n”) of people who indicated the need for information about a problem/topic on the needs assessment. **The second chart (on pages three and four) is titled “Needs Assessment Region Percentage FY 2015”** which shows the percentages of people who indicated that the need for information about a problem/topic asked on the needs assessment.

- **NCFAS SFY 2015**

This PDF shows information having to do with the North Carolina Family Assessment Scale (NCFAS). Families show a need in the area when the staff rate them as -1, -2, or -3 on a scale of -3 to 2. The data in the Excel sheet show the percentage of families who are rated as having a need in the specified area. The Liaison administers the NCFAS twice during the time of service. The data presented is from the initial assessment, which should be administered at the beginning of service for the family. The Liaison fills out the NCFAS, rating the family on their functioning in 8 areas, based on all information they have gathered from the family. The Liaison also reaffirms the accuracy of the ratings on the initial NCFAS when they do the exit NCFAS (after at least 8 face to face contacts). The Liaison can edit ratings as necessary to provide an accurate view of the family upon initiation of service (at any time).

- **CPCS Referrals SFY 2015**

This PDF identifies referrals for additional services made for families by Community Partners for Child Safety programs during SFY 2015. The percentage indicated is the percent of families who had contact with the Community Partners for Child Safety program during SFY 2015.

- **CPCS Region “X” Subcontractors**

This PDF shows the contracted Community Partners for Child Safety provider for the region. It also lists out all agencies, if any, who are subcontracted with the contracted provider to provide services for the region.
