

PERMIT ADVISORY

Please be advised that the enclosed permit is located in an area that is within or adjacent to a potential "Wetland" as defined by the U.S. Department of the Interior, Fish and Wildlife Service.

Although the Division of Oil and Gas does not currently have specific operational requirements pertaining to designated wetlands, you should seek the advice of appropriate Federal, State or Local agencies concerning specific regulatory programs and proprietary jurisdictions that may affect your activities relating to the exercise of the enclosed permit. These may include, but are not limited to, the U.S. Fish and Wildlife Service, U.S. Army Corps of Engineers, Soil Conservation Service of the U.S. Department of Agriculture, and The U. S. Environmental Protection Agency.

You should also be aware that your activities may affect your lessee with respect to other Federal, State or Local programs and should, therefore, be discussed with the lessee prior to the commencement of operations.
