

# ARTS INTEGRATION IS EASY MAD LIBS

Today, I am working with the artform \_\_\_\_\_ and the curriculum connection \_\_\_\_\_.

A fun activity I feel comfortable leading in this art form is \_\_\_\_\_.

The best connections I can make with these ideas are:

# **ARTS INTEGRATION IS EASY | MAD LIBS**

First, we'll warm up using the activity/intro of

\_\_\_\_\_.

Then, we'll have the students try out the artform by doing this activity:

\_\_\_\_\_.

And we'll emphasize the curriculum connection by introducing this activity:

\_\_\_\_\_.

We'll have the students put together something of their own by allowing them time to make this: \_\_\_\_\_.

If time allows, we can reflect on our learning by asking students to answer this prompt:

\_\_\_\_\_.

Wrap up the activity by (circle one):
