OVERVIEW

The Juvenile Community Alternatives Grant Program was established in Indiana Code § 31-40-5-6. Pursuant to statute (IC 31-40-5-3) the grant program has the following purpose areas: (1) to provide cost-effective, research-based alternatives in lieu of the use of secure detention, out-of-home placement, and department of correction facilities in the community, (2) reduce the use of secure confinement and out-of-home placement, and (3) reduce recidivism and improve positive outcomes for children.

Applicants are required to clearly define the target population for each program for which funding is being requested. The target population and program description must align with the above-stated purposes. Applicants must clearly state eligibility criteria for each program for which funding is requested.

PROGRAM SCOPE

Activities supported by this program are determined by statute (Indiana Code § 31-40-5-3) and Indiana Criminal Justice Institute (ICJI) policies and procedures. If an applicant receives an award, the funded project is bound by the provisions of this solicitation and any other applicable laws, rules, policies, and regulations. Funds for this program will be awarded up front, rather than on a reimbursement basis. Verification of expenses along with verification of payment of expenses must be provided to ICJI on a monthly or quarterly basis.

ELIGIBILITY

Public entities, state and local governments, nonprofit organizations, and nongovernmental organizations who provide services to youth involved in the juvenile justice system may apply for funding. An entity may apply, but will not be eligible for a grant until the entity has prequalified through a series of threshold requirements including:

1. A review of the entity's good standing with Indiana Department of Revenue (DOR), Indiana Department of Workforce Development (DWD), and Secretary of State (SOS).
2. Any non-governmental entities must have an operating agreement or memorandum of understanding (MOU) with the referring entity prior to receiving funding.
3. Each grant awarded must be overseen by the local regional Justice Reinvestment Advisory Council (JRAC) or another local collaborative body that includes juvenile justice stakeholders and engages in collaborative service planning for the county. For more information about local Justice Reinvestment Advisory Councils and member requirements, please visit the [Indiana Office of Court Services JRAC page](#). Contact information for existing local JRACs can be located in the [JRAC Directory](#).
4. All grant recipients must agree to report performance measures on a quarterly basis and are required to provide an aggregate report at the end of the grant cycle. Recipients will be required to maintain case-level data for the purposes of research and evaluation. The required performance measures are outlined in the Youth Justice Oversight Committee's [Grant Processes Report](#).

ELIGIBLE ENTITIES

An entity is eligible to receive funding if it furnishes, agrees to furnish, or arranges with a third party to furnish all of the following services:

1. Services or programs that offer alternatives to detention that offer the least restrictive means necessary to ensure the safety and protection of the individual, the family and the community while meeting all necessary requirements of supervision.
2. Services or programs that have as goals: recidivism reduction and the promotion of positive outcomes through research-based intervention and that address the needs of the youth.
3. Services or programs that provide cost effective research-based alternatives to secure detention, out-of-home placement, or placement with the department of correction.

FUNDING AVAILABILITY

Awards provided by this this solicitation are for a twenty-four-(24) month period of funding. This program is funded by the Indiana General Assembly through the state’s biennial budget. Grant award amounts are determined by a funding formula based on county population as follows:

The formula allots a base amount of \$75,000.00 per grant per county. Additional funds in the amounts of \$5,000, \$10,000, or \$15,000 are added to the base amount based on county population, with smaller counties receiving more funding to comply with the statutory requirement to focus on rural counties. County population is determined by the 2020 United States Census. To find your county population, please visit the [2020 Census Demographic Data Map Viewer](#).

County Population Category	Community Alternatives Grant Program	Population-Based Funding	Total Funding Available
< 25,000	\$75,000	\$15,000	\$90,000
25,000-50,000	\$75,000	\$10,000	\$85,000
> 50,000	\$75,000	\$5,000	\$80,000

Planning Grants

In the interest of supporting rural counties with limited-service capacity, each county is also eligible for an additional \$20,000 for a one-year planning grant to prepare for implementation.

Counties exercising this option must convene their local or regional Justice Reinvestment Advisory Council (JRAC) or another local collaborative body that includes juvenile justice stakeholders and a juvenile court judge to assess needs for community alternative programs. The assessment must include:

- Review of youth justice system data.

- Review of existing programs and services.
- Identification of community organizations and groups with which partnerships could be developed for program implementation.
- Review of best-practices.
- Consideration of any economies of scale in regionalization.

APPLICATION SUBMISSION

Completed applications and all required documentation shall be submitted through IntelliGrants no later than 11:59 p.m. (ET) on **Friday, April 12, 2024**.

IntelliGrants is an end-to-end solution for the administration of grants. Everything from the grant application, reports, and fiscal drawdowns will occur online within IntelliGrants. Applicants must register in IntelliGrants to apply for funding opportunities. Assistance with registering in IntelliGrants can be located on the [ICJI website](#).

It is recommended that subgrantees review IntelliGrants training materials before logging in for the first time. [Training Webinars](#) and the [Subgrantee User Manual](#) are available on the ICJI website and on the training tab in IntelliGrants. ICJI is not responsible for applicants who fail to submit a timely application due to technical difficulties that occur within 48 hours of the deadline.

The award period for counties that are awarded a planning grant shall be July 1, 2024 - June 30, 2025.

All projects must conclude, and all funding obligations must be made no later than June 30, 2026, unless they include a planning grant as outlined above. I. GENERAL

This award is governed by ICJI policies and directives. All applicants must adhere to all provisions set forth in state statutes, regulations, and rules. Failure to abide by the state mandates may, at the discretion of the State, be considered to be a material breach. The consequences of a material breach include, but are not limited, to:

- The material breach becoming a factor in the scoring process for future grant applications.

Furthermore, the State shall not reimburse an applicant for expenditures outside the grant period of performance.

All applicants are required to establish and maintain grant accounting systems and financial records to accurately account for funds awarded to them.

The applicant understands and agrees that it cannot use funds from different funding sources for one or more of the identical cost items, in whole or in part. If this scenario presents itself, the applicant must contact the ICJI program manager in writing and refrain from the expenditure, obligation, or draw down of any funds awarded from ICJI concerning the identical cost items.
