SECTION I

INTRODUCTION AND BACKGROUND

A. Program Introduction

Title II, Part B, of the Juvenile Justice and Delinquency Prevention Act (“JJDP A” or the “Act”) sets out detailed requirements that a state must satisfy in order to be eligible to receive funding under the Act’s Formula Grants Program, including the submission of a state plan that satisfies the requirements set forth at 34 U.S.C. § 11133(a)(1)-(33). Under the Act, “[i]n accordance with regulations which the Administrator shall prescribe, such plan shall,” among other things—

...provide for an effective system of monitoring jails, lock-ups, detention facilities, and correctional facilities to ensure that the core requirements are met, and for annual reporting of the results of such monitoring to the Administrator[.]
[34 U.S.C. § 11133(a)(14)]

B. Purpose of the Manual

The purpose of this manual is twofold. First, it is to inform readers about the requirements Indiana must address under the JJDP A, and what the JJDP A requires Indiana to include in a compliance monitoring manual. This manual addresses the core requirements found in 34 U.S.C. §§ 11133(a)(11), (12), and (13). The racial and ethnic disparities core requirement found at 34 U.S.C. § 11133(a)(15), is not discussed in this manual because Indiana does not monitor individual facilities for compliance with racial and ethnic disparities. All references made to “core requirements” in this manual pertain to requirements found in §§ 11133(a)(11), (12), and (13).

Second, this manual is designed to demonstrate how Indiana achieves and maintains compliance with the core requirements. These tables include two columns. The left-hand column outlines the law—what a state must address in a state’s compliance monitoring manual to adhere to the JJDP A. The right-hand column is where Indiana has inserted its corresponding description of how it plans to adhere to the JJDP A. The Office of Juvenile Justice and Delinquency Prevention understands that states are unique, and flexibility in how a state describes its compliance monitoring plan is necessary. Overall, the tables are designed to show all aspects of a monitoring plan that Indiana must address in its state compliance monitoring manual.

SECTION II

COMPLIANCE WITH THE CORE REQUIREMENTS

This section describes the core requirements at 34 U.S.C. § 11133(a)(11), (12), and (13), and is included to assist state staff in understanding the core requirements.

In the following tables, you will find direct statutory and regulatory references in the left-hand column. In the right-hand column, you will find content Indiana includes in its manual to demonstrate how Indiana meets the core requirement.

A. DEINSTITUTIONALIZATION OF STATUS OFFENDERS (DSO)	
<i>Date of Last Update: 6/7/2022</i>	
<p>Summary of Requirement: Pursuant to 34 U.S.C. § 11133(a)(11)(A), juveniles who are charged with or who have committed an offense that would not be criminal if committed by an adult (status offenders), or juveniles who are not charged with any offense and are unauthorized immigrants or are alleged to be dependent, neglected or abused (non-offenders), shall not be placed in secure detention facilities or secure correctional facilities. Compliance with the DSO requirement has been achieved when a state can demonstrate that no such juveniles were placed in secure detention and correctional facilities, or when the state’s DSO rate falls below the established threshold.</p>	<p>The Deinstitutionalization of Status Offenders (DSO) mandate states that there are three types of juveniles that should not be placed in secure detention facilities or secure correctional facilities:</p> <ol style="list-style-type: none"> 1. Status offenders (juveniles under court jurisdiction who are charged with or who have committed an offense that would not be criminal if committed by an adult); 2. Non-Offenders (juveniles who are not charged with any offense and who are alleged to be dependent, neglected, or abused), which in Indiana includes juveniles designated as a CHINS (child in need of services); and, 3. Aliens who have not been charged with any offense (juveniles who are nonoffenders and not citizens or nationals of the United States). <p>Accused status offenders detained in a secure juvenile facility for up to twenty-four (24) hours, excluding weekends and holidays, prior to an initial court appearance, and for twenty-four (24) hours, excluding</p>

	<p>weekends and holidays following an initial court appearance are exempt from the DSO mandate. A status offender so detained must be detained in a juvenile facility: a status offender may not be securely detained in an adult jail or lockup for any period of time. However, an accused status offender may be detained in a nonsecure area of an adult jail or lockup like a lobby or report room, so long as he/she is kept under continual visual supervision until release.</p> <p>Indiana law is stricter than the JJDP¹ in that the Act allows any accused “status offender” to be detained in a secure juvenile detention facility for up to twenty- four (24) hours, excluding weekends and holidays, prior to an initial court appearance and for twenty-four (24) hours, excluding weekends and holidays, following an initial court appearance. Therefore, the JJDP¹ permits juveniles accused of curfew violation, truancy, or incorrigibility violations to be detained in a juvenile detention facility for such twenty-four (24) hour periods. Whereas Indiana law limits the exception to children accused of running away only.² All Indiana facilities comply with Indiana statute which in this requirement is stricter than the JJDP¹; therefore, facilities are aligned with the JJDP¹.</p> <p>Facilities identified in the Monitoring Universe will report all juveniles detained in the Electronic Log of Juveniles Detained. The Log will then flag any Status Offenders detained in violation of the core requirements, allowing the Compliance Monitor to investigate and document the potential violation.³ The Log flags the following information for the Compliance</p>

<p>YOUTH HANDGUN SAFETY EXCEPTION</p> <p>Under 34 U.S.C. § 11133(a)(11)(A)(i)(I), the DSO requirement does not apply to juveniles charged with or found to have committed a violation of the Youth Handgun Safety Act (18 U.S.C. § 922(x)), or a similar state law, which prohibits a person younger than 18 from possessing a handgun. Such juveniles may be placed in secure detention or secure correctional facilities without resulting in an instance of noncompliance with the DSO requirement.</p>	<p>Juveniles who are charged with or who have committed a violation of 18 U.S.C. 922(x)(2) of the Youth Handgun Safety Act, or of a similar state law, are exempt from the DSO mandate. 18 U.S.C. 922(x)(2) states that it shall be unlawful for a juvenile to knowingly possess a handgun or ammunition that is suitable for use only in a handgun.⁴ Because the Youth Handgun Safety Act applies only to juvenile offenders and handgun possession, in most cases, would not be a crime if committed by an adult, it fits the definition of a status offense. However, the Violent Crime Control and Law Enforcement Act of 1994, Subtitle B, Youth Handgun Safety, amended the JJDP Act to provide that juveniles who violate 18 U.S.C. 922(x)(2), or of a similar state law, can be placed in secure detention or secure correctional facilities without violating the DSO requirement. Indiana utilizes this exception as needed and as defined by the JJDPA.</p>
<p>VALID COURT ORDER EXCEPTION</p> <p>The Valid Court Order (VCO) exception at 34 U.S.C. § 11133(a)(11)(A)(i)(II) provides that accused or adjudicated status offenders found to have violated a valid court order based on their status as a juvenile, may be placed in a secure juvenile detention or correctional facility. A juvenile who has committed a violation of a court order that is not related to their status as a juvenile (i.e., an offense with which an adult may be charged, such as failure to appear) is neither a status offender</p>	<p>Effective January 1, 2016, Indiana eliminated the use of this exception under any circumstance by repealing I.C. 31-31-22-5 and I.C. 31-37-22-6.</p> <p>Juveniles who are charged with or who have committed a violation of a valid court order (VCO) are exempt from the DSO mandate. Although this exception is permitted by federal statute under the JJDPA, the VCO exception applies only to the extent allowed by state law.</p>

<p>nor nonoffender and the DSO requirement does not apply (see Section III.E. Adherence to Federal Definitions for the definition of “valid court order”).</p> <p>To demonstrate compliance with the statutory requirements governing the VCO exception, states must have a process in place to verify whether court orders used to place status offenders in juvenile detention centers (including juveniles who violate valid court orders related to their status as a juvenile), meet the following requirements (as set forth at 34 U.S.C. § 11133(a)(23)):</p> <ol style="list-style-type: none"> a. An appropriate public agency shall be promptly notified that the status offender is detained in custody for violating a valid court order. b. An authorized representative of that agency shall interview within 24 hours, in person, the status offender who is being detained. c. Within 48 hours during which the status offender is detained: <ul style="list-style-type: none"> • The agency representative shall submit an assessment to the court that issued the order regarding the immediate needs of the status offender. <p>The court shall conduct a hearing to determine whether (1) there is reasonable cause to believe that the status offender violated the order and (2) the appropriate placement of the status offender pending disposition of the alleged violation.</p>	
<p>INTERSTATE COMPACT ON JUVENILES EXCEPTION</p> <p>Pursuant to the DSO requirement at 34 U.S.C. § 11133(a)(11)(A)(i)(III), status offenders may be detained in accordance with the Interstate Compact on Juveniles, as the state has enacted it. States must verify that all</p>	<p>Juveniles who are detained in accordance with the Interstate Compact on Juveniles as enacted by Indiana are exempt from the DSO mandate.⁵</p> <p>The Log flags the following information for the Compliance Monitor to investigate for</p>

<p style="text-align: center;">B. REMOVAL OF JUVENILES FROM ADULT JAILS AND LOCKUPS</p> <p style="text-align: right;"><i>Date of Last Update: 6/7/2022</i></p>	
<p>Pursuant to 34 U.S.C. § 11133(a)(13), no juvenile shall be detained or confined in any jail or lockup for adults, with exceptions described below. Juveniles who are accused of status offenses, juveniles who are not accused of any offense, and juveniles who have been adjudicated as delinquent may not be detained or confined for any length of time in an adult jail or lockup.</p> <p>The following four statutory exceptions apply to the jail removal requirement, as long as juveniles accused of non-status offenses do not have sight or sound contact with adult inmates and the state has in effect a policy that requires individuals who work with both juveniles and adult inmates in collocated</p>	<p>Indiana’s compliance monitoring report covers the Federal Fiscal Year, October 1 through September 30. This is verified annually by the Compliance Monitor and the Designated State Agency (DSA) Executive Director.</p>
<p>SIX-HOUR EXCEPTION</p> <p>The jail removal requirement at 34 U.S.C. § 11133(a)(13)(A) allows the detention or confinement in an adult jail or lockup of juveniles accused of delinquent offenses (i.e., offenses that would be a criminal offense if committed by an adult), under the following circumstances:</p> <ul style="list-style-type: none"> a. A juvenile accused of a delinquent offense may be detained for no more than 6 hours for the purposes of processing or release or while awaiting transfer to a juvenile facility, or during which period the juvenile makes a court appearance. b. If a juvenile is detained in a part of the facility that is not locked, such as a lobby or administrative area where persons are free to leave, the six (6) hour rule does not apply.</p> <p>Per 34 U.S.C. § 11133(a)(13), the six (6) hour period begins when an accused juvenile charged as an adult is detained in a secure facility. Once the clock begins to run, it may not be tolled (stopped), even if the juvenile is temporarily removed from locked status. When facilities enter a juvenile detainment into the Log, staff must indicate there is no acceptable alternative placement available. The Compliance Monitor then determines if the facility qualifies for the Rural exception based upon the OMB definition of metropolitan statistical areas.</p> <p>JJDPa allows for the implementation of a statutory “rural” exception, allowing the temporary detention beyond the 6-hour limit of juveniles in rural areas accused of delinquent offenses who are awaiting an initial court appearance within 48 hours (excluding weekends and holidays). The Jail Removal mandate also exempts: (1) those juveniles formally waived to criminal court and against whom criminal charges have been filed and (2) juveniles over whom a criminal court has original jurisdiction, and such jurisdiction has been invoked through the filing of criminal charges.</p>

D. SEPARATION OF JUVENILES FROM ADULT INMATES

Date of Last Update: 2/1/2022

<p>Pursuant to 34 U.S.C. § 11133(a)(12), juveniles alleged to be or found to be delinquent, status offenders, and juveniles who are not charged with an offense and who are unauthorized immigrants or alleged to be dependent, neglected, or abused may not be detained or confined in any institution in which they have sight or sound contact with adult inmates.</p> <p>In order to comply with the separation requirement, states must also have in effect a policy that requires individuals who work with both juveniles and adult inmates, including in collocated facilities, to have been trained and certified to work with juveniles.</p>	<p>The Separation requirement states that juveniles alleged to be or found to be delinquent, status offenders, or non-offenders must not be detained or confined in any institution in which they have sight or sound contact with adult inmates.</p> <p>Sight and sound separation may be accomplished architecturally or through policies and procedures such as time phasing the use of an area to prohibit simultaneous use by juveniles and adults. Brief and inadvertent sight or sound contact between juveniles alleged to be or found to be delinquent, status offenders, or nonoffenders and adult inmates in secure, nonresidential areas of the facility do not count as violations.</p> <p>Facilities identified in the Monitoring Universe will report all juveniles detained in the Electronic Log of Juveniles Detained. The Log flags the following information for the Compliance Monitor to investigate for potential violations:</p> <ul style="list-style-type: none"> a) The highest charge the juvenile has been detained for; b) Length of time the juvenile was detained; or

	<p>c) If the above two queries have no information entered.</p> <p>Facilities identified in the Monitoring Universe will report all juveniles detained in the Electronic Log of Juveniles Detained. The Log will flag any juveniles detained in violation of the core requirements, allowing the Compliance Monitor to investigate and document the potential violation.⁹ Additionally, the Compliance Monitor verifies all facilities maintain sight and sound separation by conducting site visits to all adult jails and lock ups at least every 3 years.</p> <p>Indiana ensures all staff that have contact or work with juveniles have been trained and certified to do so. This is verified annually by the Compliance Monitor and the Designated State Agency (DSA) Executive Director.</p> <p>Nothing in federal law or Indiana law prevents the transportation juveniles with adult inmates, although departmental regulations, policy considerations, and prudential concerns may weigh against this practice.</p>
<p>JUVENILES WHO ARE TRANSFERRED, CERTIFIED, OR WAIVED TO CRIMINAL COURT – Juveniles who have been transferred, certified, or waived to criminal court, and are therefore charged as adults, may not be detained in an adult jail or lockup or have sight or sound contact with adult inmates in a secure facility, unless it is pursuant to one of the exceptions at 34 U.S.C. § 11133(a)(13)(B).</p>	<p>The Separation requirement states that juveniles alleged to be or found to be delinquent, status offenders, and non-offenders should not be detained or confined in any institution in which they have contact with adult inmates. Refer to Section I, Part C for details in verifying it is in the interest of justice for juveniles transferred, certified, or waived to adult court to be detained in adult jails or lockups without sight or sound separation from adult inmates.</p>

<p>However, a court may determine that it would be in the interest of justice to do so consistent with 34 U.S.C. § 11133(a)(11)(B). See Section 223(a)(11)(B) above, which applies to juveniles charged as adults. If a juvenile who has been charged as an adult has been convicted and sentenced for the criminal offense, however, Section 223(a)(11)(B) no longer applies.</p>	<p>As of July 1, 2021, Indiana law¹⁰ is consistent with the JJDPA in regard to the prohibition of detaining or confining juveniles charged as adults in adult jails or lockups. All Indiana facilities comply with Indiana statute which in this requirement is consistent with the JJDPA; therefore, facilities are aligned with the JJDPA.</p>
<p>JUVENILES WHO REACH THE AGE OF FULL CRIMINAL RESPONSIBILITY AFTER ARREST OR ADJUDICATION – Individuals who commit an offense while still a juvenile and who have reached the age of full criminal responsibility only after arrest or adjudication, but remain under juvenile court jurisdiction, are not adult inmates and need not be separated from juveniles until they have reached the state’s maximum age of extended juvenile jurisdiction. By contrast, individuals who are under juvenile court jurisdiction and who subsequently commit a separate offense after reaching the age of full criminal responsibility, are adult inmates, who must not have sight or sound contact with juvenile detainees.</p>	<p>In Indiana, Individuals who commit an offense while still a juvenile and who have reached the age of full criminal responsibility (18) only after arrest or adjudication, but remain under juvenile court jurisdiction, are not adult inmates and need not be separated from juveniles until they have reached the state’s maximum age of extended juvenile jurisdiction (18). By contrast, individuals who are under juvenile court jurisdiction and who subsequently commit a separate offense after reaching the age of full criminal responsibility (18), are adult inmates, who must not have sight or sound contact with juvenile detainees.</p>
<p>PROGRAMS IN WHICH JUVENILES HAVE SIGHT OR SOUND CONTACT WITH ADULT INMATES – Programs in which juveniles have sight or sound contact with adult inmates in an attempt to educate juveniles about life in prison and/or deter them from delinquent or criminal behavior (such as Scared Straight or shock incarceration programs) may result in instances of noncompliance with the separation (and possibly DSO and jail</p>	<p>Indiana does not currently have any facilities that utilize “scared straight” or other shock incarceration programs in which juveniles have sight or sound contact with adult inmates. The DSA Compliance Monitor regularly verifies this information by conducting site visits. The verification is noted on the Indiana Site Visit form.</p>

removal) requirements. Whether these programs result in instances of noncompliance will depend on the specific manner in which the program operates and the circumstances of the juveniles' participation in such a program.

Instances of noncompliance with the separation requirement may only occur if a juvenile's participation in such a program is pursuant to law enforcement or juvenile or criminal court authority. In addition, for violations to occur, the juvenile must not be free to leave or withdraw from participation, even if her/his parent/guardian has not consented to, or wishes to withdraw consent for, the juvenile's participation.

SECTION III

ELEMENTS OF AN EFFECTIVE SYSTEM OF MONITORING

A. Summary of Elements

States participating in the Formula Grants Program must provide for an effective system of monitoring jails, lockups, detention facilities, and correctional facilities to ensure that they meet the core requirements, pursuant to the monitoring and reporting requirement at 34 U.S.C. § 11133(a)(14). The state’s monitoring system, if it is to comply with the statutory and regulatory monitoring requirements, must include all jails, lockups, secure detention facilities, and secure correctional facilities. **There are eight elements of an effective system of monitoring. For each of the following elements, Indiana has included a description of its specific policies and procedures:**

1. **Compliance Monitoring Policies and Procedures**
2. **Monitoring Authority**
3. **Violation Procedures**
4. **Adherence to Federal Definitions**
5. **Identification of the Monitoring Universe**
6. **Classification of the Monitoring Universe**
7. **Inspection of Facilities**
8. **Compliance Data Collection and Verification**

The following table provides: (1) a summary of the element in the left-hand column and (2) Indiana’s plan to address that element in the right-hand column.

A. COMPLIANCE MONITORING POLICIES AND PROCEDURES	
<i>Date of Last Update: 2/1/2022</i>	
Pursuant to 28 C.F.R. § 31.303(f)(1)(i) , one of the required elements of an effective system of monitoring is that states must describe their policies and procedures for monitoring for compliance with the core requirements. The purpose of this manual is to satisfy the policies and procedures element, as well as describe how Indiana satisfies the following additional elements required for an effective system of compliance monitoring (see Section III of this manual).	A description of Indiana’s policies and procedures for monitoring for compliance with the core requirements can be found in this manual.

B. MONITORING AUTHORITY

Date of Last Update: 6/8/2022

States are required under 34 U.S.C. § 11133(a)(1) and (2) to designate an agency (referred to as the Designated State Agency, or the DSA) and provide satisfactory evidence that the DSA has authority, by legislation, if necessary, to administer the Title II Formula Grants Program, including monitoring for compliance with the deinstitutionalization of status offenders (DSO), Section 223(a)(11)(B), separation, and jail removal requirements.

Per Indiana statute¹¹, the Indiana Criminal Justice Institute (ICJI) is the Designated State Agency (DSA) to ensure compliance with the Juvenile Justice and Delinquency Prevention Act, as amended, as well as act as stewards of state and federal juvenile justice funds.

ICJI is charged with the task of providing OJJDP with written plans and procedures to ensure the use of juvenile detention is adequately monitored and reported, and that violations of federal and state law regarding the use of juvenile detention are reported and subsequently remedied.

ICJI's monitoring authority can be found at: [I.C. 31-37-4-4](#): Access for inspections and monitoring of facilities that house or hold juveniles.

Sec. 4 Any facility that is used or has been used to house or hold juveniles shall give a representative or designee of the Indiana Criminal Justice Institute's compliance monitoring program reasonable access to inspect and monitor the facility to ensure that the requirements of the Juvenile Justice and Delinquency Prevention Act are maintained.

D. VIOLATION PROCEDURES

Date of Last Update: 7/25/2022

Pursuant to [28 C.F.R. § 31.303\(f\)\(1\)\(iii\)](#), the state must specify how it receives, investigates, and reports complaints of instances of noncompliance with the DSO, Section 223(a)(11)(B), separation, and jail removal requirements.

The ICJI is the primary agent to receive, investigate, and respond to alleged compliance violations throughout the state. Potential violations are flagged by the Log of Juveniles Detained.

- A. The Compliance Monitor will provide each facility with a list of potential violations monthly, quarterly, or annually depending on the facility's mandated reporting schedule. The facility administrator or designated personnel will then verify the listed potential violations with the facility's original data and court records. Data provided to the facility regarding the potential violation includes but is not limited to: holding facility, identifying juvenile number, time and date for start of stay, court appearance, and end of stay, adjudication, and highest charge. The facility will then provide the Compliance Monitor with supporting documentation confirming or denying the potential violations. Supporting documentation may be, but is not limited to, original court orders and/or records, or original intake records.
- B. After confirming a violation has occurred, the Compliance Monitor will provide information and technical assistance to the identified facility to remedy the situation. If the violation is an isolated incident(s) and the facility has policies regarding juveniles that meet state and federal regulations, the monitor will communicate with the facility that a plan is in place to ensure

	<p>that future violations do not occur, placing a copy of the plan in the facility's file.</p> <ul style="list-style-type: none">C. Technical assistance that may be provided to the agency/facility by the Compliance Monitor, as applicable, could include recommending changes to policies and procedures for the juveniles detained in the facility, training for personnel, additional staff, and revised record keeping methods. Technical assistance can include recommendations for possible changes to the physical layout of the facility (e.g. time release locks, contact door alarm to a non-secure interview room).D. Continued violations or inability of a facility to take ICJI recommended steps to remain in federal compliance will result in consideration of suspending grants funding for currently funded projects in the local community or county being regulated by ICJI, regardless of which ICJI division is responsible for overseeing said grants. The agency, facility, local community or county will also receive the status of "High Risk" on all future grant applications for grant funding regulated and rewarded by ICJI, regardless of ICJI division responsible for overseeing the grant dispersal.E. Should further action become necessary, ICJI will seek the assistance of additional State agencies responsible for licensure of the facility or agency in question, such as the Indiana Department of Correction, Indiana Department of Child Services, etc.F. All records of potential violations, violation verification, facility communication, and technical

	<p>assistance will be stored in the facility files maintained by the ICJI. Hard copies will be retained within the ICJI office for a period of 10 years. Documentation older than 10 years will be stored in a secure, offsite archive location managed by the Indiana Department of Records (IDOR).</p>

E. ADHERENCE TO FEDERAL DEFINITIONS <p style="text-align: right;"><i>Date of Last Update: 6/8/2022</i></p>	
<p>Definitions that states use for key juvenile and criminal justice terms sometimes differ from the “federal” definitions. The federal definitions, for purposes of compliance monitoring, are only those provided in the JJDPa at 34 U.S.C. § 11103 the Formula Grants Program Regulation at 28 C.F.R. § 31.304 and <i>An Overview of Statutory and Regulatory Requirements for Monitoring Facilities for Compliance With the Deinstitutionalization of Status Offenders, Separation, and Jail Removal Provisions of the Juvenile Justice and Delinquency Prevention Act.</i></p>	<p>When monitoring for compliance with the core requirements, the Indiana Criminal Justice Institute uses the federal definitions exclusively, including any instances in which state definitions differ from federal definitions.</p> <p>According to OJJDP, in classifying facilities and identifying the types of offense behavior of the juvenile to be counted for monitoring purposes, governmental units need to operate under definitions that are compatible with those found in the Formula Grants Regulation at 28 C.F.R. 31.304.</p>

STATUS OFFENDER 34 U.S.C. § 11103(42) – means a juvenile who is charged with or has committed an offense that would not be criminal if committed by an adult.	A juvenile offender who has been charged with or adjudicated for conduct which would not, under the law of the jurisdiction in which the offense was committed, be a crime if committed by an adult.
TWENTY-FOUR HOURS Compliance Monitoring TA Tool – means a consecutive 24-hour period, exclusive of any hours on Saturdays, Sundays, public holidays, or days on which the courts in a jurisdiction otherwise are closed.	Consecutive 24-hour period, exclusive of any hours on Saturdays, Sundays, public holidays, or days on which the courts in a jurisdiction otherwise are closed.
VALID COURT ORDER 34 U.S.C. § 11103(16) – means a court order that a juvenile court judge gives to a juvenile who was brought before the court and made subject to the order and who received, before the issuance of the order, the full due process rights that the U.S. Constitution guarantees to the juvenile.	A court order that a juvenile court judge gives to a juvenile who was brought before the court and made subject to the order and who received, before the issuance of the order, the full due process rights that the U.S. Constitution guarantees to the juvenile.

F. IDENTIFICATION OF THE MONITORING UNIVERSE	
<i>Date of Last Update: 6/8/2022</i>	
The reporting of instances of noncompliance with the core requirements is facility-based	The DSA will identify all secure facilities in the state that detain juveniles under law

<p>and therefore the “monitoring universe” includes all facilities within the state (public and private) that are jails and lockups for adults (including court holding facilities), secure detention facilities, and secure correctional facilities (including adult prisons), as listed at 34 U.S.C. § 11133(a)(14). G. CLASSIFICATION OF THE MONITORING UNIVERSE

Date of Last Update: 6/8/2022

States are required under 28 C.F.R. § 31.303(f)(1)(i)(B) to classify each facility in the monitoring universe to specify whether it is a (1) a jail or lockup for adults (34 U.S.C. § 11103(22)); (2) secure detention facility (34 U.S.C. § 11103(12)); or (3) secure correctional facility (34 U.S.C. § 11103(13)).

Annually, ICJI will update and classify all facilities listed in the Compliance Monitoring Universe. Generally, all adult jails, adult lockups, secure detention facilities, and secure correctional facilities should be subject to classification. Court holding facilities, which are classified as adult jails or lockups, whether structurally separate from detention facilities or structurally adjoined, are also subject to classification and inspection. Court holding facilities is used only to detain juveniles, it need not be classified as an adult jail/lockup. Court holding facilities adjoined structurally to already classified detention centers will be noted as such in the Compliance Monitoring Universe, but still classified and monitored as adult jails or lockups. Prisons fall within the definition of “secure correctional facility” and are subject to monitoring. Indiana will classify facilities using survey responses, licensing information received from partner state agencies, and recent site visits.

ICJI will use the following federal criteria when classifying all facilities:

- a. **Public or private:** Is the agency that operates and holds the license, if applicable, a public entity according to Indiana Code?
- b. **Juvenile facility, adult facility or collocated:** What populations can be detained in the facility, regardless of whether this populations are detained together?
- c. **Residential:** Does the facility provide meals and hold youth overnight?

ICJI will notify all facilities of their classification and reporting requirements no later than September 15 of each year.

Classifications will take effect at 12:00 AM (midnight) on October 1st of each year.

ICJI reserves the right to re-classify a facility mid-year if any of the following conditions apply:

- d. The agency moves to a new building; or,
- e. The agency implements or changes policy that directly impacts how and/or where juveniles are detained; or,
- f. An onsite inspection reveals construction features that were not previously or incorrectly report on the annual survey.

In the event that a facility must be re-classified mid-year, the Compliance Monitor will:

- a. Notify the Division of Youth Services (DYS) Director of the facility name, needed change and rationale.
- b. The DYS Director will approve, deny or request additional information within 3 business days.
- c. The Compliance Monitor will update the Monitoring Universe and notify facility accordingly and provide an effective date for the classification.
- d. The facility must immediately begin reporting instances in which juveniles are detained and must reenter those detainments effective the date of reclassification within 30 business days or no later than Oct 15, whichever is sooner.

In the event that a facility must be re-classified from secure to non-secure or vice versa, the Compliance Monitor will:

- a. Verify annually through a site visit that all facilities in the monitoring universe are secure

	<p>If a facility was previously listed as secure and was found to be nonsecure during a site visit, the Compliance Monitor will remove said facility from the monitoring universe.</p> <p>If a facility was previously listed as nonsecure and was found to be secure during a site visit, the Compliance Monitor will add said facility to the monitoring universe. The Compliance Monitor will verify the facility is reporting into The Log of Juveniles Detained effective the date of reclassification.</p>
	<p>CLASSIFICATION OF A COLLOCATED OR JUVENILE OR ADULT FACILITY</p> <p>The Compliance Monitor must determine whether a facility in which juveniles are detained or confined is an adult facility, juvenile facility, or collocated facility. Collocated facilities are facilities that are located in the same building or are part of a related complex of building located on the same grounds. A complex of buildings is considered “related” when it shares physical features such as walls and fences, or services beyond mechanical services (heating, air conditioning, water, and sewer).¹³</p> <p>Juvenile facilities collocated with adult facilities are considered adult jails or lockups unless all four of the following criteria are met:</p> <ol style="list-style-type: none"> 1. The facility must ensure separation between juveniles and adults inmates such that there could be no sustained sight or sound contact between juveniles and adult inmates of the facility. The facility must have separate juveniles and adult program areas, including recreation, education, vocation, counseling, dining, sleeping, and general living activities. There must be an independent and comprehensive operational plan for the juvenile detention facility that provides for a full range of separate program services. No program activities may be shared by juveniles and adult inmates. Time phasing of common use nonresidential areas permissible to conduct program activities. Equipment and other resources may be used by both populations subject to security concerns; 3. If the state will use the same staff to serve both the adult and juvenile populations, there is in effect a policy that requires individuals who work with both juveniles and adult inmates be training and certified to work with juveniles; and, 4. In states that have established standards or licensing requirements for juvenile detention facilities, the juvenile facility must meet the standards (on the same basis as a free-standing juvenile detention center) and be licensed as appropriate.¹⁴ Indiana does not have

I. COMPLIANCE DATA COLLECTION AND VERIFICATION

Date of Last Update: 6/8/2022

Pursuant to 28 C.F.R. § 31.303(f)(1)(i)(D) and (5), the state must collect and verify data from all adult jails, adult lockups, secure detention facilities, and secure correctional facilities for the 12-month federal fiscal year (FY) reporting period, to determine whether the facilities are in compliance with the applicable requirements of DSO, Section 223(a)(11)(B), separation, and jail removal. The federal fiscal year is October 1 to September 30. States that are unable to report data for 100% of facilities must report data for at least 85% of facilities within the state that are required to report.

As the designated state agency for state of Indiana, the ICJI is charged with the oversight of the state’s compliance with the JJDPA. ICJI is therefore responsible for receiving, investigating, and responding to reports of compliance violations. ICJI achieves this by collecting data on all juveniles securely detained in Indiana, verifying annually all site classifications as secure, verifying data by crosschecking reported data with onsite logs, and submitting the Compliance Monitoring Report to the federal OJJDP as requested each year.

Indiana maintains an electronic Log of Juveniles Detained. The Log is an all-encompassing compliance monitoring web-based system that contains the monitoring universe, can be used to track correspondence, site visits, potential violations, confirmed violations, and data collection. Adult jails and adult lockups are required to enter all detentions on a quarterly basis, at minimum. Secure detention facilities and secure correctional facilities are required to enter all detentions on a monthly basis, at minimum. Adult jails and adult lockups may report annually if a written policy can be provided to the Compliance Monitor that the facility prohibits detaining any juveniles for any reason.

DATA COLLECTION
 ICJI collects data as follows:
 A. The Compliance Monitor creates user logins for personnel in each

facility responsible for entering juveniles detained.

- B. The Compliance Monitor provides all reporting facilities with a copy of the Log of Juveniles Detained User Manual, as well as onsite technical assistance as requested by facilities.
- C. Facilities that have been identified within the Monitoring Universe Database is required to self-report admissions data to ICJI via the “Log of Juveniles Detained” online reporting tool. Each facility will be responsible for entering data from their internal records into the Log of Juveniles detained. The Log contains the following elements:
 - a. Juvenile identifying information (ID #, DOB, gender, age, race, and ethnicity)
 - b. Detention Information (detention start and end, reason detained, whether the detention is secure or nonsecure)
 - c. Case Information (Filing status, most serious offense, court date, legal status)
 - d. Potential/Actual Violations
- A. Facilities that have been identified within the Monitoring Universe Database will be required to submit the following documents to ICJI:
 - a. Classification Checklist
 - b. Log of Juveniles Detained (submitted monthly)

Deinstitutionalization of Status Offenders

Facilities identified in the Monitoring Universe will report all juveniles detained in the Electronic Log of Juveniles Detained.

Juvenile court judges also submit documentation to the Compliance Monitor of the next court hearing date as verification that there are hearings at least every 30 days (or at least every 45 days in a rural jurisdiction) to review whether it is still in the interest of justice to continue to detain the juvenile in an adult jail or lockup or that the juvenile has contact with adult inmates in a secure facility. With this documentation, the Compliance Monitor verifies the juvenile is not detained longer than 180 days, unless the court determines, in writing, that there is good cause for such an extension, or the juvenile expressly waives this 180-day limit.</p>

Excluding those subject to a federal exception (see below), the following will be counted as instances of non-compliance:</p> <ul style="list-style-type: none">• Accused Status Offenders placed in secure juvenile detention or correctional facilities beyond twenty-four (24) hours, excluding weekends and legal holidays;• Adjudicated status offenders placed in secure juvenile detention and correctional facilities for any amount of time;• Non-offenders placed in secure juvenile detention centers usually under abuse, dependency, or neglect statutes for reasons other than legally prohibited conduct of the juvenile, due to their status as unauthorized immigrants, or through contracts with the federal government or other States. <p>Beginning in FY2022, as part of Indiana plan for compliance with 223(a)(11)(B), data reporting includes information on any pre-trial certified juveniles in custody. justice orders for juveniles placed in their facility and “good cause” orders at 180 days. If necessary, the Compliance Monitor will collect the relevant orders from the court directly.

Additionally, Secure Detention Facilities for Juveniles now report monthly any juveniles charged as adults who are placed in their facilities post Certification (TWC). Included in the data collection is information for those juveniles subsequently transferred to a jail or lockup for adults pursuant to 223(a)(11)(B). This affords the Compliance Monitor an additional timely means to collect the required documentation, including court orders, and to verify compliance with 223(a)(11)(B) when juveniles are transferred to adult facilities.

Applicable Core Requirements may include DSO, Section 223(a)(11)(B), Jail Removal, and Sight or Sound Separation as determined by the offense for which the juvenile was accused, for how long each juvenile was detained or confined, and where within each facility the juvenile was detained or confined.

The Compliance Monitor will verify that:

- Pursuant to 34 U.S.C. § 11133(a)(11)(A), juveniles who are charged with or who have committed an offense that would not be criminal if committed by an adult (status offenders), or juveniles who are not charged with any offense and are unauthorized immigrants or are alleged to be dependent, neglected or abused (nonoffenders), shall not be placed in secure detention facilities or secure correctional facilities.

- On or after December 21, 2021, juveniles charged as adults are not detained in an adult jail or lockup or have sight or sound contact with adult inmates in a jail or lockup for adults, except as provided by the requirements of Section 223(a)(11)(B), EXCEPT when:

	<ul style="list-style-type: none"> • A juvenile charged as an adult is detained in an adult jail or lockup pursuant to one of the jail removal exceptions in 34 U.S.C. § 11133(a)(13). • Juveniles accused of non-status (delinquent) offenses are detained or confined for no more than 6 hours in jails and lockups for adults, sight and sound separate from adult inmates, and only under the following circumstances: <ul style="list-style-type: none"> • A juvenile accused of a delinquent offense may be detained for no more than 6 hours for the purposes of processing or release or while awaiting transfer to a juvenile facility, or in which period the juvenile makes a court appearance. • The state has in effect a policy that requires individuals who work with such juveniles and adult inmates to be trained and certified to work with juveniles. Excluding those subject to a federal exception (see below), the following will be counted as instances of non-compliance: <ul style="list-style-type: none"> • DSO violations may occur if a status or non-offender is Detained or Confined within a secure residential area; • Violations of 223(a)(11)(B) may occur if a juvenile charged as an adult and awaiting trial or other legal process is housed in a jail or lockup for adults - unless a court finds, after a hearing and in writing, that it is in the interest of justice; • Jail Removal violations may occur if: <ul style="list-style-type: none"> • An accused status or non-offender is Detained or Confined within any secure area; • An accused delinquent is Detained or Confined beyond six (6) hours; • An accused delinquent is detained or confined for reasons not related to processing/transfer/release or a court appearance; • A juvenile adjudicated delinquent is detained or confined in an adult jail or

lockup, for any length of time.

- Violations of the sight or sound separation requirement may occur when an in-custody juvenile has sight or sound contact with an adult inmate.

Court Holding Facilities

Data from Jails or Lockups designated as adult Court Holding Facilities is collected monthly and verified through scheduled onsite inspections, and phone, email, fax, or scanned copies of requested data logs from the facilities the same as noted above.

Data is collected and verified to ensure compliance with Section 223(a)(11)(B), the Jail Removal Core Requirement, and the Separation Core Requirement.

Data collection, consistent with the JJDPA and Formula Grants Program Regulations, includes:

- Court of jurisdiction
- Unique identifier (no names),
- DOB or Age,
- Race,
- Gender,
- Offense(s),
- Date/Time when

Detained/Confined at the Facility,

- Date/Time when Released from the Facility, and

- Review of “interest of justice” and “good cause” orders for youth charged as adults.

Entries on the Court Holding Facility log sheet are to be broken into pre- and post-hearing. The data supplied specifically requires the facility to report time spent in the Court Holding Facility and document the separation of juveniles from adult inmates. It is incumbent upon the Compliance Monitor to ensure the time spent in a Court Holding Facility, both pre- and post-adjudication, does not exceed 6 hours (excluding the time spent in the courtroom, as this is NOT part of a jail or

lockup for adults). The Compliance Monitor verifies data during onsite compliance inspections and/or electronically when provided with (redacted) supporting documentation. Excluding juveniles detained or confined pursuant to an exception, the following would be reported as violations:

- Juveniles Detained or Confined in an adult court holding facility post-adjudication would be reported as Jail Removal Violations.
- Juveniles not Sight and Sound Separated from adult inmates would count as a Separation violation.
- Violations will also be counted for any juvenile awaiting trial or other legal process who are charged as an adult and detained or confined in an adult court holding facility without meeting the 223(a)(11)(B) requirements.

Collocated Facilities

For collocated facilities the Compliance Monitor will collect and verify data the same as a jail or lockup for adults as noted above. Likewise, the Compliance Monitor will collect and verify data the secure juvenile detention center the same as above. However, if during the course of the annual verification visit, the secure juvenile detention center fails to meet the requirements of a secure juvenile detention classification at 28 CFR 31.303(e)(3)(i)(C)(1), (2), and (4); their data will be re-reviewed using the criteria detailed above for a jail or lockup for adults. “Juvenile facilities collocated with adult facilities are considered adult jails or lockups absent compliance with [these] criteria.”

Secure Adult Correctional Facilities (Prisons)

	<p>Programs in which juveniles are brought into contact with adult inmates as a means of educating juveniles about life in prison and/or deterring them from delinquent or criminal behavior (such as Scared Straight or shock incarceration programs) may result in instances of noncompliance with the separation (and possibly DSO and jail removal) requirements. Whether these programs result in instances of noncompliance will depend on the specific manner in which the program operates and the circumstances of the juveniles' participation in such a program. Instances of noncompliance with the separation requirement may only occur if a juvenile's participation in such a program is pursuant to law enforcement or juvenile court authority. In addition, for violations to occur, the juvenile must not be free to leave or withdraw from participation, even if her/his parent/guardian has not consented to, or wishes to withdraw consent for, the juvenile's participation. States are encouraged to contact OJJDP for more detailed guidance about whether a particular program is resulting—or has resulted—in instances of noncompliance.</p> <p>The Compliance Monitor verifies reported data during the on-site inspection process.</p>
	<p>RECORD SECURITY AND PROTECTION OF IDENTITY</p> <p>The Compliance Monitor and ICJI will refrain from collecting any identifying information regarding juveniles in custody that is not necessary to OJJDP outline reporting requirements, such as names or photos of juveniles detained. All electronic information and hard copy information regarding juveniles detained will be secured with limited user access.</p> <p>A. The Compliance Monitor will provide all facilities with a copy of the IndianaJJDP Compliance Manual, which outlines that entries</p>

	<p>into the Log of Juveniles Detained should not contain names of individuals detained, only identification numbers</p> <p>B. Any correspondence with any entity that requires the exchange of identifying information will be conducted through secure, state issued and monitored online networks or phone lines.</p> <p>C. The electronic Log of Juveniles Detained will be operated by the Compliance Monitor. The Compliance Monitor will be responsible for issuing user access to reporting facilities and will ensure that each individual has a unique user login so as to track user activity.</p> <p>D. Any hard copy files of information regarding juvenile detained and facilities will be stored in a locked file cabinet. The Compliance Monitor will maintain the keys to the secure storage.</p> <p>E. The Compliance Monitor and Division Director of Youth Services will take any additional necessary steps to ensure information regarding juveniles remains available only to the Youth Division of ICJI. This includes but is not limited to: password protection on all devices utilized by the youth division, privacy screens for monitors used in a shared workspace with other divisions, and availability of private office spaces for phone or face to face communication regarding juveniles.</p>
	<p>DATA VERIFICATION Data will be reviewed and missing, or incomplete data reports will be produced</p>

by the Compliance Monitor to be sent to facilities by the ICJI.

- A. The ICJI will review the logs on-site and verify them for accuracy against the information in the facilities' files. IN will draw a random sample of about 10% of reported violations to assess if all information was reported correctly. If more than half of those cases were found incorrect, IN will draw another 10% sample to determine if more than half of those cases are correct. If a large percentage of those cases are incorrect, IN will review all remaining cases to ensure that the data is correct.
- B. The ICJI will review missing or incomplete data reports with facilities and will work with facilities to obtain the data.
- C. Alterations to stay information entered into the Log of Juveniles Detained will be documented via time/date stamp and user credentials. Any alterations to stay information will be verified via submission of original court orders to the Compliance Monitor. Such orders will be provided by the respective county. All documentation will then be electronically uploaded into the Log of Juveniles Detained.

SECTION IV

COMPLIANCE MONITORING REPORTING REQUIREMENT

J. COMPLIANCE REPORTING PERIOD

Date of Last Update: 6/8/2022

Under 28 C.F.R. § 31.303(f)(5), annual compliance monitoring reports must cover the previous federal fiscal year, except that the OJJDP Administrator may grant an extension of the reporting deadline, for good cause, upon a state’s request.

COMPLIANCE DATA AND SUPPORTING DOCUMENTATION –

Compliance data and supporting documentation is submitted annually through OJJDP’s Compliance Reporting Tool.

As the designated state agency for state of Indiana, the ICJI is charged with completing the annual compliance monitoring report and submitting the report to OJJDP each federal fiscal year (October 1st – September 30th). The Compliance Monitor is responsible for assembling and submitting the following:

- A. Any and all data requested via the OJJDP Compliance Reporting Tool. This includes violations, site visit totals, facility reporting, and facility classification
- B. Documentation of any exceptions utilized by Indiana during the reporting period
- C. Indiana’s Master Monitoring Universe, updated to reflect most recent site visits

The ICJI Executive Director is responsible for providing the following:

- A. The Data Verification form provided by OJJDP in the Compliance Reporting Tool
- B. Training verification form provided by OJJDP in the Compliance Reporting Tool
- C. A request for extension in the event Indiana seeks a formal extension of the reporting deadline with good cause.

DATA REPORTING

As a classified secure facility, I understand that data required for the JJDP Act regarding juveniles detained in a secure environment in the above named facility will be reported to the Indiana Criminal Justice Institute (ICJI). Secure placements will be reported regardless of whether such detention is an original placement, transfer from a non-secure portion of the above named facility, or transfer from another facility under the same corporate management due to a court order or facility policy.

Data will be reported by the 10th of the following month.

As a classified non secure facility, I understand that I do not need to submit data on the juveniles in my facility for the JJDP Act. I also agree to notify the Indiana Criminal Justice Institute of any change to our facility type, building structure, or written policy or facility practice.
