OVERVIEW

The Sexual Assault Victim Assistance Fund (SAVAF) was created to (1) establish and maintain rape crisis centers (RCC), (2) enhance services provided by existing rape crisis centers, and (3) develop, implement, and expand trauma informed sexual assault services. SAVAF was established pursuant to Indiana Code § 5-2-6-23 and is funded by the collection of fees assessed under Indiana Code § 33-37-5-23.

PROGRAM SCOPE

Activities supported by this program are determined by statute and Indiana Criminal Justice Institute (ICJI) policies and procedures. If an applicant receives an award, the funded project is bound by the provisions of this solicitation and any other applicable laws, rules, policies, and regulations. All grants from ICJI Victim Services are reimbursement grants. Verification of expenses along with verification of payment of expenses must be provided to ICJI on a monthly or quarterly basis prior to reimbursement of expenses.

ELIGIBILITY

Public social service entities, nonprofit organizations, and nongovernmental organizations who provide services to victims of sexual assault may apply for funding. An entity may apply, but will not be eligible for a grant until the entity has prequalified through a series of threshold requirements including:

1. *Unique Entity ID*: A Unique Entity ID (UEI) issued through the System for Award Management (SAM) will be required instead of a DUNS number to receive funding. The UEI is entered in the *Project Information* section of the grant application. For more information and/or to obtain a UEI, please visit the following [website](#).
2. *System for Award Management (SAM) Registration*: To enable ICJI to report subawards in a timely manner, subgrantees are also required to register with the System for Award Management (SAM). SAM is a federally-owned and operated free website, and it is used to reference the information needed to report subaward information to the federal government. When registering, please ensure you do *not* mark your agency as private, which will prohibit ICJI from verifying your registration and ensuring that your agency has an active SAM registration during the entirety of the grant period if funding is awarded. In order to register, you must have a UEI number. Registration can be done by clicking [here](#).
3. Review of the entity's good standing with Indiana Department of Revenue (DOR), Indiana Department of Workforce Development (DWD), and Secretary of State (SOS).

FUNDING AVAILABILITY

ICJI has approximately \$1,700,000 available in funding for this solicitation and estimates awarding 15-18 grants ranging from \$50,000 to \$250,000.

APPLICATION SUBMISSION

Completed applications and all required documentation shall be submitted through IntelliGrants no later than 11:59 pm (ET) on **Monday, October 31, 2022**.

IntelliGrants is an end-to-end solution for the administration of grants. Everything from the grant application, reports, and fiscal drawdowns will occur online within IntelliGrants. Applicants must register in IntelliGrants to apply for funding opportunities. Instructions can be found on the ICJI [website](#).

It is recommended that subgrantees review IntelliGrants training materials before logging in for the first time. The Training Webinar and Subgrantee User Manual are available on the ICJI website and on the training tab in IntelliGrants. ICJI is not responsible for applicants who fail to submit a timely application due to technical difficulties that occur within 48 hours of the deadline.

AWARD PERIOD

The award period for this grant shall be January 1, 2023 – December 31, 2023. Projects should begin on January 1, 2023, and must be in operation no later than sixty (60) days after this date. Failure to have the funded project operational within sixty (60) days from January 1, 2023, will result in termination of the grant and the de-obligation of all awarded funds.

All projects must conclude, and all funding obligations must be made no later than December 31, 2023. All outstanding expenses must be paid, and the final fiscal report must be submitted via IntelliGrants within thirty (30) days of December 31, 2023. Proof of payment for all expenses must be provided with the final fiscal report. Any expenses that have not been paid within thirty (30) days after December 31, 2023, will not be reimbursed. Late fiscal and programmatic reports will not be accepted.

PRIORITY AREAS

The priority area of funding is to establish and maintain rape crisis centers that are providing trauma informed sexual assault services and are meeting the components of a rape crisis center.

DEFINITIONS

For purposes of this solicitation, please be cognizant of the following definitions:

- “Rape crisis center” means an organization that provides a full continuum of services, including hotlines, victim advocacy, and support services from the onset of the need for services through the completion of healing, to victims of sexual assault. Core components of a rape crisis center include the following:
- *24-Hour Rape Crisis Hotline*: A telephone service available on a 24-hour basis to connect victim/secondary victims of sexual violence to a trained advocate.

- *24 hour On-Call Advocate* who will go on-site to the hospital for victims of sexual assault: An immediately available 24-hour personal response provided by a trained advocate with the goal of helping victims/secondary victims navigate the medical/healthcare system by ensuring that they receive appropriate and accurate information and resources to make decisions about their healthcare needs.
- *Criminal Justice/Legal Advocacy* for victims of sexual assault: Individuals acting on behalf of and in support of the victim/secondary victim navigating the legal system by ensuring that the victim's questions are answered, interests are represented, and rights are upheld. This includes attending court with the victim for support if requested by the victim, attending meetings/appointments, etc.
- *Information and Referrals* for victims of sexual assault: Providing timely, relevant contact information to a victim/secondary victim for community resources that address the need(s) of the victims that your agency is not equipped to effectively address, which may include professional therapy, legal services, or services indirectly related to sexual violence.
- *System Coordination, Collaboration, and Case Management* for victims of sexual assault: Developing and maintaining professional partnerships with service providers, organizations, and groups in the community that serve or otherwise impact victims. Partnerships may be formal or informal and are necessary to ensure a victim's access to a variety of both core and enhanced services available in the community.
- *Community Awareness and Outreach* for sexual assault: Providing accurate information about sexual violence and individual, organizational, and societal strategies that promote the elimination of sexual violence in the community; and ensuring the community is aware of your agency, its services, and how to access those services.
- *Support Groups* for victims of sexual assault: Victim and/or secondary victims meeting in a safe, supportive, non-judgmental environment on a regularly scheduled basis to share information, relate personal experiences, share coping strategies and techniques for problem solving, listen to and accept others' experiences and feelings resulting from sexual violence victimization, and provide support through the healing process.
- *Professional Counseling or Therapy* for victims of sexual assault (recommended and encouraged but may be referred out): A professional relationship between a qualified, licensed professional and a client (individual, family, or group) that utilizes therapeutic modalities to aid in the healing process.
- *Prevention Education* (recommended and encouraged): Culturally appropriate, structured activities/strategies implemented in a variety of settings that promote primary prevention and address the root causes of sexual violence.
- *Trauma Informed Sexual Assault Services*: Victim centered care, acute medical care, or forensic medical services that address the physical, psychological, and emotional needs of sexual assault victims for the duration of their life span. Trauma informed sexual assault services address the physical, psychological, and emotional needs of sexual assault victims for the duration of their lifespan.
- *Victim Advocacy*: The practice of supporting and assisting a victim to define needs, explore options, and ensure rights are respected within any system with which the victim interacts.

ALLOWABLE ACTIVITIES AND COSTS

Allowable activities and costs are those that support the operations and services delivered to victims of sexual assault statewide. These activities include:

- 24-hour crisis line and 24-hour on-call advocate to respond onsite to hospitals and other locations where a victim presents.
- Direct services to victims including informational and referral services, advocacy, legal advocacy, and case management.
- Counseling or therapy services for victims including support groups.
- Emergency flexible funding for victims including emergency transportation, shelter, clothing, and food.
Note: Funds may not be used as a direct payment to any victim, thus the sexual assault program would have to pay the cost directly to a third-party vendor. Subrecipients should have an established policy in place to make these funds available to all program participants; to ensure these funds meet a reasonable, basic need.
- Expenses associated with providing services to victims including travel, phones, interpretation, equipment, printing of materials, and training costs.
- Overtime for grant funded staff is an allowable cost, but to claim the increased rate, there must a separate line item in the budget that includes the overtime rate of pay.

ADMINISTRATIVE COSTS

Administrative costs are an allowable expense but are limited to 10% of the total grant funded budget. Administrative costs include including time to complete SAVAF required time and attendance sheets and programmatic documentation, reports, and required statistics; and administrative time to collect and maintain satisfaction surveys and needs assessments used to improve services delivery within the SAVAF funded project.

INELIGIBLE BUDGET ITEMS

The following budget items listed below are ineligible and will not be supported by this program's funding:

- Direct financial assistance to a client such as cash or gift cards.

- Whether the grant application is within the purpose areas of the funding;
- The applicant's eligibility;
- Whether the grant application, the applicant, and the project are in compliance with all federal and state laws, regulations, and rules;
- Whether the proposed expenditures set forth in the project budget are allowable and allocable;
- Any potential conflicts of interest;
- Whether the applicant has any federal and/or state debt delinquency;
- The applicant's ability to successfully pass clearance checks from the Department of Revenue (DOR), Department of Workforce Development (DWD), and Secretary of State (SOS).
- Any and all risk associated with granting funds to the applicant;
- Whether the applicant is debarred or suspended by any federal or state department or agency; and
- Whether the applicant maintains a current registration in SAM and has an active UEI number.

CONTRACT REQUIREMENTS

All applicants awarded funding from ICJI must agree to:

1. Enter into a Grant Agreement between ICJI and the applicant agency and agree to abide by all provisions of the Grant Agreement.
2. Enter into agreement to abide by all Special Conditions detailed in the Certified Assurances and Special Conditions.
3. Submit all reports in the prescribed format and time frames determined by ICJI.

MONITORING

All grant awards will be monitored by an ICJI Grant Manager and/or ICJI Compliance Monitoring team using a combination of desk reviews and site visits. Additionally, the Grant Manager will review all submitted reports for timeliness and accuracy. Delinquencies and report contents will be addressed as needed by ICJI staff. Late and repeated incorrect reports could disqualify subrecipients from future funding.

AUDIT REQUIREMENTS

A uniform requirement of all CJJ funding includes:

1. *Audit required:* A non-federal entity that expends \$750,000 or more during the non-federal entity's fiscal year in federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of this part.
2. *Single audit:* A non-federal entity that expends \$750,000 or more during the non-federal entity's fiscal year in federal awards must have a single audit conducted in accordance with §200.514 Scope of audit except when it elects to have a program-specific audit conducted in accordance with paragraph (c) of this section.
3. *Program-specific audit election:* When an entity expends federal awards under only one federal program (excluding research and development) and the federal program's statutes, regulations, or the terms and conditions of the federal award do not require a financial statement audit of the entity, the entity may elect to have a program-specific audit conducted in accordance with §200.507 Program-specific audits. A program-specific audit may not be elected for research and development unless all of the federal awards expended were received from the same federal agency, or the same federal agency and the same pass-through entity, and that federal agency, or pass-through entity in the case of a subrecipient, approves in advance a program-specific audit.
4. *Exemption when federal awards expended are less than \$750,000:* A non-federal entity that expends less than \$750,000 during the non-federal entity's fiscal year in federal awards is exempt from federal audit requirements for that year, except as noted in §200.503 Relation to other audit requirements, but

records must be available for review or audit by appropriate officials of the federal agency, pass-through entity, and Government Accountability Office (GAO).

5. *Federally Funded Research and Development Centers (FFRDC)*: Management of an entity that owns or operates a FFRDC may elect to treat the FFRDC as a separate entity for purposes of this part.
6. *Subrecipients and Contractors*: An entity may simultaneously be a recipient, a subrecipient, and a contractor. Federal awards expended as a recipient or a subrecipient are subject to audit under this part. The payments received for goods or services provided as a contractor are not federal awards. Section §200.330 Subrecipient and contractor determinations sets forth the considerations in determining whether payments constitute a federal award or a payment for goods or services provided as a contractor.
7. *Compliance responsibility for contractors*: In most cases, the entity's compliance responsibility for contractors is only to ensure that the procurement, receipt, and payment for goods and services comply with federal statutes, regulations, and the terms and conditions of federal awards. Federal award compliance requirements normally do not pass through to contractors. However, the entity is responsible for ensuring compliance for procurement transactions, which are structured such that the contractor is responsible for program compliance or the contractor's records must be reviewed to determine program compliance. Also, when these procurement transactions relate to a major program, the scope of the audit must include determining whether these transactions are in compliance with federal statutes, regulations, and the terms and conditions of federal awards.
8. *For-profit subrecipient*: Since this part does not apply to for-profit subrecipients, the pass-through entity is responsible for establishing requirements, as necessary, to ensure compliance by for-profit subrecipients. The agreement with the for-profit subrecipient must describe applicable compliance requirements and the for-profit subrecipient's compliance responsibility. Methods to ensure compliance for federal awards made to for-profit subrecipients may include pre-award audits, monitoring during the agreement, and post-award audits. See also §200.331 Requirements for pass-through entities.

APPENDIX: APPLICABLE LAWS AND MANDATORY REQUIREMENTS

I. GENERAL

This award is governed by ICJI polices and directives. All applicants must adhere to all provisions set forth in state statutes, regulations, and rules. Failure to abide by the state mandates may, at the discretion of the State, be considered to be a material breach. The consequences of a material breach include, but are not limited to, to:

- The applicant becoming ineligible for this grant funding opportunity;
- Requiring repayment of any grant funds already received;
- The de-obligation of grant funds; and,
- The material breach becoming a factor in the scoring process for future grant applications.

Furthermore, the State shall not reimburse an applicant for expenditures outside the grant period of performance.

All applicants are required to establish and maintain grant accounting systems and financial records to accurately account for funds awarded to them.

The applicant understands and agrees that it cannot use funds from different funding sources for one or more of the identical cost items, in whole or in part. If this scenario presents itself, the applicant must contact the ICJI program manager in writing and refrain from the expenditure, obligation, or draw down of any funds awarded from ICJI concerning the identical cost items.

II. STATE LAWS AND REQUIREMENTS

Recipients of grant funds from the State are required to adhere to all state laws concerning the receipt and use of grant funds from federal and state funding sources. Those laws include, but are not limited to, the laws set forth below.

If the applicant is not familiar with these ethical requirements, the applicant should refer any questions to the Indiana State Ethics Commission or visit the Inspector General's [website](#). If the applicant or its agents violate any applicable ethical standards, the State may, in its sole discretion, terminate this grant immediately upon notice to the applicant. In addition, the applicant may be subject to penalties under IC §§4-2-6, 4-2-7, 35-44.1-1-4, and under any other applicable laws.

Executive Order 90-5 applies to all individuals and private legal entities who receive grants or contracts from state agencies. This clause was modified in 2005 to apply only to contractor's employees within the State of Indiana and cannot be further modified, altered or changed. Applicant will give written notice to the State within ten (10) days after receiving actual notice that the applicant, or an employee of the applicant in the State of Indiana, has been convicted of a criminal drug violation occurring in the workplace. False certification or violation of the certification may result in sanctions including, but not limited to, suspension of grant payments, termination of the grant and/or debarment of grant opportunities with the State of Indiana for up to three (3) years.

In addition to the provisions of the above paragraphs, if the total amount set forth in this grant agreement is in excess of \$25,000.00, the applicant certifies and agrees that it will provide a drug-free workplace by:

 - A. The applicant has enrolled and is participating in the E-Verify program;
 - B. The applicant has provided documentation to the State that it has enrolled and is participating in the E-Verify program;
