To the Citizens of the State of Indiana:

It is with pride that the staff of the Auditor of State's office presents Volume II of the Annual Financial Report of the State of Indiana for the fiscal year ended June 30, 2007. This document contains unaudited financial schedules containing the revenues, appropriations, allotments, and expenditures for all state agencies operating in the State of Indiana. Volume II has been prepared to comply with Indiana Code 4-10-13-2, which requires the State Auditor to prepare a report each year showing receipts by source of revenue and by type of fund disbursement as they relate to each agency, department, and fund of State government.

In addition to this financial report, in January we will issue the Comprehensive Annual Financial Report (CAFR), which contains audited financial statements compiled in accordance with Generally Accepted Accounting Principles (GAAP) and is prepared under the guidelines issued by the Government Finance Officers Association. Again this year, these reports are being prepared in accordance with GASB 34, which brings governmental financial statements into a format comparable to the private sector.

This report is easily accessible to citizens by visiting www.in.gov/auditor or by calling the Auditor of State's office at (317) 232-3300.

Sincerely,

Tim Berry,
Auditor of State of Indiana

State of Indiana
Financial Schedules Explanation
Fiscal Year Ended June 30, 2007

Financial schedules provided in this report are:

1. Schedule of Revenue Received and Transferred
2. Schedule of Appropriations, Allotments and Expenditures
3. Current Expenditures and Encumbrances

These schedules are not necessary for generally accepted financial reporting, but do satisfy a portion of the financial reporting requirements prescribed by Indiana Code (IC) 4-10-13-2. The balance of the reporting requirements prescribed by IC 4-10-13-2 is satisfied by the State of Indiana's separately issued Comprehensive Annual Financial Report.

The schedules contained in this report are detailed by fund, center, object and agency.

A fund is a fiscal and accounting entity with a self-balancing set of accounts recording financial activity, which is segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Funds used by government are classified by fund type. Those fund types are governmental, proprietary and fiduciary.

Governmental funds are the general fund, special revenue funds, debt service funds, capital projects funds, and permanent funds. These funds are used to account for governmental type financial activity.

The general fund is the chief operating fund of a government and is used to account for the financial activity of the government, except for the activity that is required to be accounted for in some other fund. The State of Indiana's general fund is fund number 1000.

Special revenue funds are used to account for revenue that is restricted for a specific purpose. The State of Indiana's special revenue funds are fund numbers 2000-2740, 2760-2780, 2800-2870, 2890-2900, 3010-3210, 3230-3250, 3270-3280, 3300-3790, 3880-3900, 3920, 3940, 3960-4260, 4500-5100, 5120, 5230-5350, 5750-6020, 6040, 6060-6070, 6090, 6110-6340, 6360-6390, 6410, 6430-6440, 6460-6500, 6540, 6610, 6640, 6690-6710, 6750, 6810-6830, 6850-6920, and 7100.

Debt service funds are used to account for revenue that is being accumulated to meet current and future debt service requirements. The State of Indiana does not have a fund that meets these standards.

Capital projects funds are used to account for the financial activity of significant capital acquisition and construction projects. The State of Indiana's capital projects funds are fund numbers 2750, 2880, 3260, 3290, 3800, 3910, 3950, 6050, and 6350.

Permanent funds are used to account for endowment-like trust arrangements. The State of Indiana's permanent funds are fund numbers 4270, 6030, 6100, 6620, 6630, 6660, 6670, 6680 and 6800.

Proprietary type funds are used to account for business type financial activity and the fund types in this group are enterprise fund and internal service fund.

Enterprise funds are used to account for revenue generated by charges for a service provided to the public, where the intent of the government is to recover all or most of the cost through a charge for the service (user fees). The State of Indiana's enterprise funds are fund numbers 3000, 5360, 5370, 6720-6740, and 6760-6790.

Internal service funds are used to account for revenue generated by charges for services provided between departments or agencies within governmental units or between governmental units, on a cost reimbursement basis. The State of Indiana's internal service funds are fund numbers 3930, 5110, 5150, 5200 and 5220.

Fiduciary type funds are used to account for agent or fiduciary financial activity. The fund types in this group are private-purpose trust funds, agency funds, and pension trust funds.

Private-purpose trust funds and agency funds are used to account for the financial activity of either a trust arrangement where the governmental unit is permitted to expend the trust assets or in an agency capacity where revenue is received in a custodial capacity. Private-purpose trust and agency funds function much like a governmental fund. The State of Indiana's private-purpose trust funds and agency funds are fund numbers 2790, 3220, 5140, 6400, 6420, 6450, 6990, 7010, 7020, and 9000.

Pension trust funds are used to account for the financial activity in pension plans where the governmental unit manages the plan or the plan is considered a unit of the governmental unit. The State of Indiana's pension trust funds are fund numbers 6510-6530, 6550-6600, and 6840.

In the State of Indiana's accounting system a center is a self-balancing set of accounts within each fund. Centers are used to segregate the financial activities within each fund by either agency or purpose. The schedules include the name of each center.

Objects used in these schedules are revenue objects and expenditure objects. The revenue object is listed next to the revenue description in the source of revenue column of the Schedule of Revenue Received and Transferred. In the State of Indiana's chart of accounts the first digit of the revenue object is always the number 4. The second digit of the revenue object indicates the revenue type as follows:

0	=	Taxes
1	=	Licenses/Permits/Franchise
2	=	Current Service Charges
3	=	Sales
4&7	=	Grants
5	=	Transfers
8	=	County Welfare Tax
9	=	Miscellaneous

The expenditure object is listed in the "OBJ" column of the Schedule of Appropriations, Allotments, and Expenditures. In the State of Indiana's chart of accounts the expenditure object indicates the expenditure type as follows:

0	=	Total Operating
1	=	Personal Services
2	=	Services other than Personal
3	=	Services by Contract
4	=	Materials, Supplies and Parts
5	=	Equipment
6	=	Land and Structures
7	=	Grants, Subsidies, Refunds and Awards
8	=	In-state Travel
9	=	Out-of-state Travel

The expenditure of resources is controlled through the adoption of budgets referred to as appropriations. These appropriations are established by either legislative action, statutory authority, or functionality of the center. The State of Indiana further controls expenditures with an allotment system. An appropriation is not available for expenditure until it has been allotted. Appropriations are allotted by either action of the state budget director, statutory authorization, or the functionality of the center.

The allotment system is administered by the State of Indiana's accounting system through the designation of the budgetary control of each center. The budgetary controls are divided into three categories; a control 3 center; a control 5 center, or a control 6 center.

The control of each center is indicated in the column next to the center name on the Schedule of Appropriations, Allotments and Expenditures.

The appropriation of funds in centers with a budgetary control of 3 must be approved by the legislature, or authorized by legislation; the allotment must be approved by the state budget director, or authorized by legislation. The unexpended appropriation of a control 3 center reverts to the surplus balance of the fund at the end of the fiscal year.

The appropriation of funds in centers with a budgetary control of 5 increase when revenue is received, this is authorized by legislation, or controlled by the functionality of the center; the allotment must be approved by the state budget director, or authorized by legislation. The unexpended appropriation of a control 5 center does not revert to the surplus balance of the fund at the end of the fiscal year. The appropriation balance in the center continues into the next fiscal year.

Centers with a budgetary control of 6 have allotments only, this is authorized by legislation, or controlled by the functionality of the center; the allotment increases when revenue is received. The unexpended allotment of a control 6 center does not revert to the surplus balance of the fund at the end of the fiscal year. The allotment balance in the center continues into the next fiscal year.

An agency is a division of state government and is indicated by number in this report. On the following page is a list of agencies in agency number order. The agency associated with a fund/center is indicated by the agency number in the agency column of the Schedule of Revenue Received and Transferred, and in the agency number column of the Schedule of Appropriations, Allotments, and Expenditures.
