

Older Youth Services RFP

Addendum #2

6.8.12

This Addendum changes the RFP timeline of award announcement.

Hello Everyone!

I wanted share that the effective date for the Older Youth Services contract will be August 1st, not July 1st as posted in the RFP. We are in negotiations with the top contenders for the Older Youth Services. We have not yet started the negotiation process for the Staff Supported Housing and Specialized Vocational Education Program and those contracts will not be effective until the Fall.

We thank all of those who applied and who continue to support the Older Youth of Indiana.
