 Top DCS Paid Services for DCS Cases during SFY2015  
 Query date: 9/14/15

This report examines the approved payments made during State Fiscal Year (SFY) 2015 (7/1/2014 - 6/30/2015) for Region 2. The figures are based on a KidTraks Accounts Payable (AP) Query dated 9/14/2015. The payments have been aggregated to a case ID (family or household) level. These payments are for DCS paid services only and do not include services paid by Medicaid.

DCS	517
Probation	415
Total	932

The table below presents DCS paid services for DCS Case types for Region 2 during SFY2015. For the purposes of this study, a DCS case type is defined as a case ID listed in KidTraks as being either "Assessment" or "DCS Case". These payments are for DCS paid services only and do not include services paid by Medicaid. The Total Units column presents the total number of paid units of service. Unless specified, this represents the total number of service hours. The % of DCS cases with a payment column presents the total number of cases that had at least one payment during the period for that service. The total number of cases is the number of unique case IDs that had at least one payment for any service during the period.

## Appendix B – Needs Assessment Survey Results

**Family Case Manager Survey**

The survey distributed to Family Case Managers (FCMs) was designed by the Indiana University School of Social Work and School of Medicine, Department of Pediatrics in conjunction with the Indiana Department of Child Services (DCS) for the purpose of measuring the delivery of child welfare and probation services in Indiana. The Family Case Manager survey was distributed by email to all Family Case Managers in April 2015. FCMs were given instructions on how to complete the survey anonymously online. The survey included informed consent.

The below graphs show the results of the sections of the survey which asked Family Case Managers to rank 26 services in terms of service need, service availability, service utilization and service effectiveness. Service need, availability, utilization and effectiveness were all ranked on a scale from 1 to 5 with “1” rating the service as NOT needed/available/utilized or effective and “5” rating the service as HIGHLY needed/available/utilized/effective.

In DCS Region 2, 44 total FCMs opted to participate in the survey.

## Region 2 - FCM Survey Service Effectiveness

## Service Provider Survey

The survey distributed to service providers was designed by the Indiana University School of Social Work and School of Medicine, Pediatrics in conjunction with the Indiana Department of Child Services (DCS) for the purpose of measuring the delivery of child welfare and probation services in Indiana. The service provider survey was distributed to all service providers with an active contract at the time the survey was distributed (Monday, August 3<sup>rd</sup>). The survey was distributed via email on 08/03/2015 and remained open until 08/21/2015. Providers were given instructions on how to complete the survey anonymously online. The survey included informed consent. The survey collected basic information from respondents, including: service provider role, type of service/s provided by respondent's specific agency, region/s provider serves and demographic information. Additionally, providers were asked to rank 26 services in terms of service need and availability when needed as well as service utilization and effectiveness when utilized.

Of the 460 providers who responded to the survey 133 self-reported as having the role of "Frontline Worker", 126 self-reported as having the role of "Program Manager", 54 self-reported as having the role of "Central Administrative Operations", 81 self-reported as having the role as "Agency CEO" and 66 self-reported as having the role of "Other".

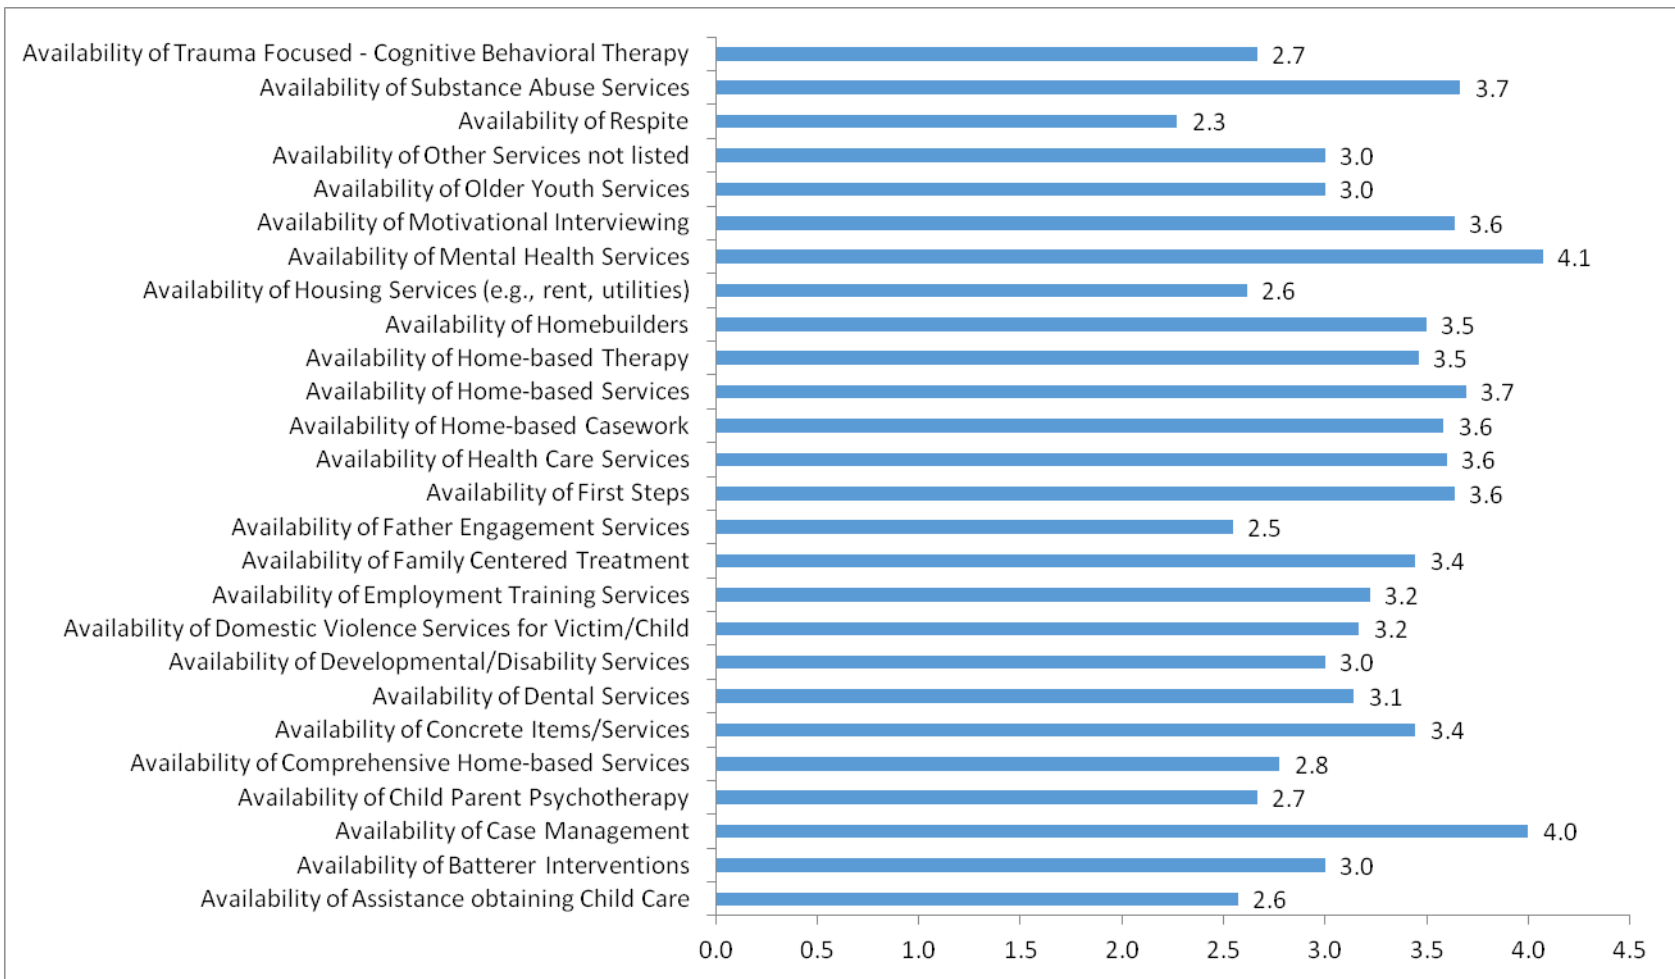

The below graphs show the results of the sections of the survey which asked providers to rank 26 services in terms of service need, service availability, service utilization and service effectiveness. Providers were asked to rank service need, availability, utilization and effectiveness. Service need, availability, utilization and effectiveness were all ranked on a scale from 1 to 5 with "1" rating the service as NOT needed/available/utilized or effective and "5" rating the service as HIGHLY needed/available/utilized/effective.

In DCS Region 2, 19 total service providers opted to participate in the survey.

## **Meeting Minutes**

**Meeting Called to Order at:** Biennial Regional Service Strategic Plan  
Public meeting was called to order by Terrance Ciboch, Regional Manager,

at 9:30 A.M. CST. Mr. Ciboch greeted everyone to the Region 2's Biennial Service Strategic Plan Public meeting and gave a brief description of the purpose for the meeting.

Mr. Ciboch went through the following data:

- a) Paid Services for DCS Cases during SFY2015
- b) FCM Survey Results
- c) Maltreatment After Involvement
- d) Permanency for Youth Out of Home at least 24 months
- e) Service Provider Survey Results
- f) Indicator Results at a Glance
- g) Stress Factors
- h) Statewide Impactful Data Trends

The floor was opened to public speaking.

Karen Biernacki, Family Advocates, started the discussion by questioning when families whose children are in DCS care have another child, why isn't the infant automatically put into the system. Mr. Ciboch responded by telling Miss Biernacki the proper legal procedure and policies that DCS must follow.

Jim Burns, Family Focus, Inc., provided a list of concerns:

- 1) Informal Adjustments open longer than 6 months
- 2) Increase state Child Abuse Prevention funding
- 3) Provider Agencies not receiving Family Case Plans
- 4) The placement of children and far geographical distance to parents
- 5) Foster parents not assisting with transportation to visitation and appointments
- 6) Parents of teens on probation not transporting children to court ordered appointments

Mr. Ciboch questioned Jim on several of his concerns to get a better understand of the issues. The topics of transportation lead a lengthy discussion and the group felt there is a need for a transportation service or to teach clients how to use public transportation.

Mr. Ciboch asked the group to voice their concerns and issues. The group voiced their current issues as:

- Provider Redwood drug screens
- Length of time for provider to complete risk assessments
- Providers understaffed
- State qualifications to become a licensed therapist
- Redistribution of Prevention funds to current trends
- Better training in recognizing drug abuse issues
- Parent Coordinator/ Mediator Service to resolve hotline reports for custody issues

Mr. Ciboch announced the Discussion and Plan Development meeting will start at 1:00 for anyone who is interested in participating and thanked everyone for attending the meeting. The Public meeting ended at 11:46 a.m.

## Appendix D - Additional Regional Data

**Indiana Community Partners for Child Safety (CPCS)  
A Look at Initial Family Needs and Referrals over the Course of Service  
SFY 2015**

There are three PDF Documents that hold information regarding family needs and referrals for prevention services. The information is presented by the aggregate data, per region for SFY 2015.

- **CPCS Needs Assessment SFY 2015**

The Needs Assessment is filled out by the client during initial contacts. The Needs Assessment asks the client about their own current needs for which they would like to receive further information.

The Needs Assessment File has two charts on four pages. The information is presented by region (in each column). **The first chart (on pages one and two) is titled “Needs Assessment Region Count FY 2015”** and shows the raw counts (“n”) of people who indicated the need for information about a problem/topic on the needs assessment. **The second chart (on pages three and four) is titled “Needs Assessment Region Percentage FY 2015”** which shows the percentages of people who indicated that the need for information about a problem/topic asked on the needs assessment.

- **NCFAS SFY 2015**

This PDF shows information having to do with the North Carolina Family Assessment Scale (NCFAS). Families show a need in the area when the staff rate them as -1, -2, or -3 on a scale of -3 to 2. The data in the Excel sheet show the percentage of families who are rated as having a need in the specified area. The Liaison administers the NCFAS twice during the time of service. The data presented is from the initial assessment, which should be administered at the beginning of service for the family. The Liaison fills out the NCFAS, rating the family on their functioning in 8 areas, based on all information they have gathered from the family. The Liaison also reaffirms the accuracy of the ratings on the initial NCFAS when they do the exit NCFAS (after at least 8 face to face contacts). The Liaison can edit ratings as necessary to provide an accurate view of the family upon initiation of service (at any time).

- **CPCS Referrals SFY 2015**

This PDF identifies referrals for additional services made for families by Community Partners for Child Safety programs during SFY 2015. The percentage indicated is the percent of families who had contact with the Community Partners for Child Safety program during SFY 2015.

- **CPCS Region “X” Subcontractors**

This PDF shows the contracted Community Partners for Child Safety provider for the region. It also lists out all agencies, if any, who are subcontracted with the contracted provider to provide services for the region.

## SDM Safety Assessment: Alcohol and Substance Use Questions

**Safety:** “Caregiver’s current substance abuse seriously impairs his/her ability to supervise, protect, or care for the child.”

\* FCM is instructed to “assess household for each of the following safety threats. Indicate whether currently available information results in reason to believe a safety threat is present.”

**Risk:** “Primary caregiver has/had an alcohol and/or drug problem.”

\* FCM is instructed to indicate whether there was an alcohol and/or drug problem, the type of substance abused, and whether the substance abuse occurred in the last 12 months and/or the prior 12 months.
