

The National Youth in Transition Database, or NYTD, is a tool for tracking services provided to young people transitioning out of foster care in the United States. NYTD helps assess how states are improving youth outcomes through these services.

## ▶ WHAT IS NYTD SURVEY?

By taking the NYTD survey, you have the opportunity to use your voice to assist lawmakers and child welfare agencies in identifying the needs of young people which ultimately improves IL services for older youth in foster care.

## ▶ WHAT ARE THE PERKS OF BEING INVOLVED WITH NYTD?

The NYTD Community is a group of young adults across Indiana who have taken the NYTD survey. We, the NYTD Team at Foster Success, value your voice and want to recognize the contribution you are making to improve the foster care system! Being a part of this community gives you access to NYTD exclusive events, giveaways and contests. We also have an Ambassador program where young adults are offered the opportunity to assist in planning youth engagement initiatives, educate the community on NYTD, and even participate in national NYTD initiatives. We hope you join our NYTD Community so that we can continue celebrating YOU.

## SURVEY COMPLETION INCENTIVES:

- 17 year olds receive \$25
- 19 year olds receive \$50
- 21 year olds receive \$100

As part of the NYTD community, we invite you to participate in the NYTD Outcomes Survey. It takes 5 minutes to complete and you can earn up to \$175 for participating!
