GUIDANCE

When a youth runs from an out of home placement (residential, relative, foster care, non-relative, Trial Home Visit) multiple processes will need to be completed in Kidtraks. These include: entering the runaway in the placement page, National Child Missing and Exploited Children Form, and the Human Trafficking Screener Tool.

Add Runaway from Placement

Navigate to the "Placements" link on the left side of the screen. Choose "Manage". Once in the Manage placements screen, click on the "Action" link then choose, "Add Runaway From Placement".
