...A (ION FOR VARIANCE

State Form 44400 (R7 / 10-13) Approved by State Board of Accounts, 2013

INDIANA DEPARTMENT OF HOMELAND SECURITY CODE SERVICES SECTION

302 West Washington Street, Room W246 Indianapolis, IN 46204-2739 http://www.in.gov/dhs/fire/fp_bs_comm_code/

INSTRUCTIONS: Please refer to the attached four (4) page instructions. Variance number (Assigned by department) Attach additional pages as needed to complete this application. 1. APPLICANT INFORMATION (Person who would be in violation if variance is not granted; usually this is the owner) Name of applicant Michael M. Davis President Name of organization Telephone number Hot Crews, Inc. (260) 420-2739 Address (number and street, city, state, and ZIP code) 4419 Ardmore Avenue, Fort Wayne, IN 46809 2. PERSON SUBMITTING APPLICATION ON BEHALF OF THE APPLICANT (If not submitted by the applicant) Name of applicant Name of organization Telephone number Address (number and street, city, state, and ZIP code) 3. DESIGN PROFESSIONAL OF RECORD (If applicable) Name of design professional License number Name of organization Telephone number Address (number and street, city, state, and ZIP code) 4. PROJECT IDENTIFICATION Name of project State project number County Hot Crews, Inc. Allen Address of site (number and street, city, state, and ZIP code) 4419 Ardmore Avenue, Fort Wayne, IN 46809 Type of project New Addition ☐ Alteration ☐ Change of occupancy 5. REQUIRED ADDITIONAL INFORMATION The following required information has been included with this application (check as applicable): A check made payable to the Indiana Department of Homeland Security for the appropriate amount. (see instructions) One (1) set of plans or drawings and supporting data that describe the area affected by the requested variance and any proposed alternatives. Written documentation showing that the local fire official has received a copy of the variance application. Written documentation showing that the local building official has received a copy of the variance application. 6. VIOLATION INFORMATION Has the Plan Review Section of the Division of Fire and Building Safety issued a Correction Order? Yes (If yes, attach a copy of the Correction Order.) Has a violation been issued? Yes (If yes, attach a copy of the Violation and answer the following.) ⊠ No Violation issued by: ☐ Local Building Department ☐ State Fire and Building Code Enforcement Section Local Fire Department

Nature of non-complemore (include a description of spaces, equipment, sic. involved as necessary)	2014 IFC 901.6.1	Specific code section	
stations are not connected to any siarm system and never have been since we have been there. The local fire department in the handles and there is no alarm attached. We would like to remove the pull stations so in case of an emergency someone which handles and there is no alarm attached. We would like to remove the pull stations so in case of an emergency someone pull them thinking they are active and that the fire department will be notified. 8. DEMONSTRATION THAT PUBLIC HEALTH, SAFETY, AND WELFAREWILL BE PROTECTED Select one of the following statements: Non-compliance with the rule will not be adverse to the public health, safety or welfare; or public health, safety, or welfare; or public health, safety, or welfare, Explain why alternative actions would be adequate (be specific). Page 507.2.4. Group F a manual fire alarm system will not be required since building is one story and occupant load is less than public to the substance of the following statements: DEMONSTRATION OF UNDUE HARDSHIP OR HISTORICALLY SIGNIFICANT STRUCTURE Imposition of the rule would result in an undue hardship (unusual difficulty) because of physical limitations of the construction site or its utility is imposition of the rule would result in an undue hardship (unusual difficulty) because of major operational problems in the use of the building or imposition of the rule would result in an undue hardship (unusual difficulty) because of excessive costs of additional or altered construction elements in the substitute of the rule would prevent the proservation of an archibecturality or a historically significant part of the building or structure. Be demonstrating that the above selected statement is true: Imposition of the rule would prevent the proservation of an archibecturality or a historically significant part of the building or structure. Be demonstrating that the above selected statement is true: The provention of the rule would prevent the proservation of an archibecturality or a historically significant part of the buildi	Nature of non-compliance (C.)	901.6.1 Fire Ala	arm Pull Stations
Non-compliance with the rule will not be adverse to the public health, safety or welfare; or Applicant will undertake alternative actions in fieu of compliance with the rule to ensure that granting of the variance will not be adverse building that the above selected statement is true: Per 907.2.4 Group F a manual fire alarm system will not be required since building is one story and occupant load is less than becopie. DEMONSTRATION OF UNDUE HARDSHIP OR HISTORICALLY SIGNIFICANT STRUCTURE Delect at least one of the following statements: Imposition of the rule would result in an undue hardship (unusual difficulty) because of physical limitations of the construction site or its utility of imposition of the rule would result in an undue hardship (unusual difficulty) because of major operational problems in the use of the building or imposition of the rule would result in an undue hardship (unusual difficulty) because of excessive costs of additional or altered construction elementaris in the property of property of property of property of the property of the prop	stations are not connected to any alarm systems the handles and there is no alarm attached. pull them thinking they are active and that the	enclose that were present when we move em and never have been since we have be We would like to remove the pull stations s e fire department will be notified.	so in case of an emergency someone does
Non-compliance with the rule will not be adverse to the public health, safety or welfare; or Applicant will undertake alternative actions in lieu of compliance with the rule to ensure that granting of the variance will not be adverse public health, safety, or welfare. Explain why alternative actions would be adequate (be specific). ads demonstraing that the above selected statement is true: Per 907.2.4 Group F a manual fire alarm system will not be required since building is one story and occupant load is less than secople. DEMONSTRATION OF UNDUE HARDSHIP OR HISTORICALLY SIGNIFICANT STRUCTURE lect at least one of the following statements: Imposition of the rule would result in an undue hardship (unusual difficulty) because of physical limitations of the construction site or its utility in imposition of the rule would result in an undue hardship (unusual difficulty) because of major operational problems in the use of the building or imposition of the rule would result in an undue hardship (unusual difficulty) because of excessive costs of additional or altered construction elected in the second of the rule would prevent the preservation of an architecturality or a historically significant part of the building or structure. In for employees to evacuate building - annual fire drill will be performed and there are fire extinguishers throughout the building or annual fire drill will be performed and there are fire extinguishers throughout the building or annual fire drill will be performed in this application is accurate. Dear Michael Davis,

This letter provides notice below of the action taken by the Fire Prevention and Building Safety Commission on your application(s) for a variance(s) from the Commission's rules under IC 22-13-2-11 and 675 IAC 12-5. The Commission considered the application with all alternatives offered, as a part of its published agenda, at its regular meeting on April 3, 2018.

You are advised that if you desire an administrative review of this action, you must file a written petition for review at the above address with the Fire Prevention and Building Safety Commission. Your petition must fully identify the matter for which you seek review no later than eighteen(18) calender days from the above stated date of this letter, unless such date is a Saturday, Sunday, legal holiday under state statute, or day that the Department of Homeland Security's offices are closed during regular business hours; in which case the deadline would be the first day thereafter that is not a Saturday, Sunday, legal holiday under state statute, or day that the Department of Homeland Security's offices are closed during regular business hours. If you do so, your petition for review will be granted and an administrative proceeding will be conducted by an administrative law judge appointed by the Fire Prevention and Building Safety Commission. If you do not file a petition for review, this action will be final.
