iii. **23-12-27 The District at Latimer Square Bldg 2 (Bloomington)** – Commissioner Cook recused. Ralph Gerdes presented, believes that code creates a gray area in terms of circuit breakers. Bobby Larue presented, noted that COO was granted based on every unit having overcurrent protection, asked that there be 24/7 onsite help available if not every unit has access to circuit breaker. Cost to change breaker boxes approximately \$150K, building worth several million. Commissioner Patarino believes that making them change something not caught in plan review is unduly burdensome.

Motion: Deny. No second.

Motion: Approve with stipulation that there are two people living onsite available 24 hours a day for any breaker access issue. 4-5, does not carry.

Commission broke from 9:56 until 10:10.

b. New

- i. **23-12-76 5C Event Center (Albion)** – Agricultural building to event center. Referred to Commission for structural stability. Commissioner Pannicke asked whether the variance was filed correctly, as the Commission usually requires a change of use and Chapter 34 before plan release, but this one was released prior. Mr. Rensink notes that variance is not needed to change uses, can simply comply with code, but variance was required to use Chapter 34 for historical purposes. **Motion:** Approve.

Michael Zehner	<input checked="" type="checkbox"/>	<input type="checkbox"/>

- iv. **23-12-79(b) Grayford Farm LLC (North Vernon)** – Event barn. Denise notes that project not submitted to plan review. Commissioner Cook notes that sloped roofs still require snow load calculation, but certain slopes allow for a deduction. Nearest water source about 500 feet. Unsure if water source capable of supporting a sprinkler system, rural county road. Not all necessary variances filed. **Motion:** Table.

- v. **23-12-80 IU Health Arnett – Surge Emergency 2024 (Lafayette)** – Asking for exemption to CDR requirement, asking to see patients in part of hospital not originally available to patients. Citing executive order during Covid pandemic. EO has since been rescinded. CDR requirement is statutory, not part of Commission rules. Commission cannot grant. **Proponent withdrew variance, will refile with CDR.** LFO notes that there is a current existing condition that has not been inspected by local building or fire officials, noted as violation on inspection report. LFO notes that hospitals at capacity are capable of diversion, wishes to note that this is a change of use and wants it to go through normal channels.
- vi. **23-12-81(a)(b) White Box Remodel (Greenwood)** – Asking for ceiling height to be under 7.5 feet, variance for stair risers. Isaac Delgadillo notes that LBO is in opposition, but did not upload comments through standard channels. Mr. Pannicke notes that Commission can put a condition that basement is non-occupiable but enforcement is nearly impossible in a leased setting. Proponent requested table while alternative engineering solutions are considered.

Commission broke from 11:45 to 11:55.

- vii. **23-12-82(a)(b)(c)(d) Bullseye Event Center Membrane Structure (Indianapolis)** – Membrane structure that does not have conventional foundation, using steel stakes instead. Requesting energy code variance. Unrated exterior walls on the east side. Unsprinklered A2 occupancy. Proponent requested table to get a revised structural evaluation. DHS notes that SFM has not approved a fire watch for this location. Commissioner Pannicke notes that most of the variances deal with structural issues,

and with winter coming on snow loads may present an issue. Plan review denied due to non-response, no CDR. Vice-Chairman Popich notes that proponent was due in court with the City of Indianapolis over this issue this morning. IFD is unsure whether fire watch is being provided. Doug Bruce notes they have been fined for non-compliance and ordered to comply by February 9th or remove the structure. Chairman notes that structure is mostly used for Colts games, which are now week-to-week.
