It appears it is only the application that is being considered as an additional exhibit, as I did not see any plans attached.

I do not have any objection to the application being added as an exhibit. If the submitted plans are to be considered an exhibit as well, I would need to see them prior to approving them as an additional exhibit.

Thank you,

Yes, thank you.

Chief Cross, do you have any objection to this application being added as an additional exhibit? It is being used to confirm that Petitioner installed a 13R sprinkler system.
