

Narrative

General Information

County Name: Tipton

Person Performing Ratio Study: Dudley Scheumann

Sales Window: 01/01/18 to 12/31/20

If more than one year of sales were used, was a time adjustment applied? Yes. A 1.9% per year (applied by month) time adjustment was applied to the 2018 and 2019 sales. The annual Consumer Price Index (CPI) changes for 2018, 2019 and 2020 was 1.9%, 2.3% and 1.4%, respectively. Averaging the three years, results in an increase of 1.87%% per year, say 1.9%.

Groupings

Improved Residential

The residential improved sales were of sufficient quantity to evaluate each Township individually.

Vacant Residential

There has been minimal new construction in Tipton County over the last few years resulting in only 2 valid residential vacant sales. A majority of vacant properties that are sold were previously agricultural and therefore cannot be used in the study.

Improved Commercial & Industrial

Due to the limited number of valid sales in any given township and the fact that the county is fairly consistent, the townships were grouped together for the commercial and industrial improved ratio studies. There were no commercial improved sales to calculate a trending factor. There were no industrial improved sales to calculate a trending factor.

Vacant Commercial & Industrial

There were no commercial or industrial vacant sales to calculate a trending factor.

AV Increases/Decreases

If applicable, please list any townships within the major property classes that either increased or decreased by more than 10% in total AV from the previous year. Additionally, please provide a reason why this occurred.
