Comment Summary	Division of Forestry Response
<ul style="list-style-type: none">• Supports the DRMG silvicultural prescription of ‘no harvest activities recommended at this time’, and the non-herbicidal treatments of invasive species.	<ul style="list-style-type: none">• Invasive species presence and control needs will be monitored as part of normal operations. A variety of management measures are considered in an overall integrated pest control strategy, including manual controls, defensive plantings and treatments with approved herbicides in accordance with product label.• The concerns expressed have been considered and may be further addressed during plan implementation.
