

The Indiana Department of Natural Resources – Division of Forestry’s Indiana State Forest Procedure Manual was compiled to assist property staff in daily management activities. The manual provides procedures and guidelines for handling various aspects of staff duties. It should therefore be noted that the manual is regularly updated to reflect changes in policy and to reflect the most current management strategies. Please, on a regular basis, check the manual for updates. After May 1, 2020, updates to the manual will be listed in an auxiliary document that will be posted along with the manual, the format of which will appear as follows:

Revision Description	Section	Subsection	Paragraph	Page
Changes made to include information on Carsonite sign uses	Section J	Signs	3	70
