

Indiana State Historic Architectural and Archaeological Research Database SHAARD

Qualified Professional Archaeologist User's Guide

Updated
June 2022

The Indiana State Historic Architectural and Archaeological Research Database (SHAARD) of the Division of Historic Preservation and Archaeology (DHPA) allows users to search information on known historic and prehistoric resources throughout Indiana. The data contained in SHAARD was collected from previously conducted cultural resource inventories, National and State Registers listings, research projects, and cultural resource management project reports.

Access to all of the historic above-ground resource data is available on the web at www.SHAARD.dnr.in.gov and is open to the public. SHAARD includes data from the IHSSI (County Survey Program), the Indiana Cemetery and Burial Ground Registry, historic bridges, properties listed in the National Register of Historic Places, properties listed in the Indiana Register of Historic Sites and Structures, and historic theaters in Indiana.

Access to archaeological site locations and information is restricted and password protected and will be granted to qualified individuals who meet the Secretary of the Interior's Professional Qualification Standards with a specialty in prehistoric, historic and/or underwater archaeology or geomorphology. Access will be granted to individuals, not companies. To be listed on the Qualified Professional list, contact the DHPA at 317/232-1646 or email dhpa@dnr.in.gov.

The “User Guide for Qualified Archaeologists for Archaeology Map” will demonstrate how to use the new Archaeology Map.

The quality of the data varies with the completeness and precision of the original records and may be out-of-date. In addition, there are over 300,000 paper records from past surveys located in the office. Information is being entered daily.

Absence of data does not necessarily indicate the absence of resources. THE ACT OF CHECKING SHAARD DOES NOT RELIEVE THE USER OF COMPLYING WITH APPLICABLE LOCAL, STATE OR FEDERAL LAWS AND REGULATIONS.

Users are encouraged to notify the DHPA about additions or corrections that may be necessary at SHAARDAdmin@dnr.IN.gov. New sites will be added to the database as they are received. Users are also encouraged to notify the DHPA at SHAARDAdmin@dnr.IN.gov of difficulties in accessing data or other issues encountered in using the database.

II. HOW TO ACCESS SHAARD

The screenshot shows the SHAARD website interface. At the top, there is a blue header with 'IN.gov' on the left and 'SHAARD' in the center. Below the header, the main content area is white with a blue border. The text 'Welcome to SHAARD' is in red. The main body contains several paragraphs of text. On the right side, there are three yellow boxes with red borders. The first box contains the text 'Web access to all of the historic resource data is open to the public, except for archaeological information.' and a blue button labeled 'Enter SHAARD as a guest'. An orange arrow labeled '1' points from the first paragraph of text to this button. The second box contains text about restricted access to archaeological site locations and a 'Sign In' form with fields for 'Username:' and 'Password:', and a yellow 'Sign In' button. An orange arrow labeled '2' points from the second paragraph of text to the 'Sign In' form. The third box contains the text 'Request a SHAARD Account' and a blue button labeled 'Request a SHAARD Account'. An orange arrow labeled '3' points from the third paragraph of text to this button. Below the 'Request a SHAARD Account' button is another blue button labeled 'SHAARD Frequently Asked Questions'. An orange arrow labeled '4' points from the fourth paragraph of text to this button. At the bottom of the page, there is a blue footer with white text: '2.0.1 © 2007 DNR-DHPA. All rights reserved.' on the left and 'Comments on the site? Email ShaardAdmin@dnr.in.gov' on the right.

1. To enter SHAARD, click on “Enter SHAARD as a guest.” By entering as a guest, you will have access to the digitally available historic resource data. No archaeological information is available through this entry.

2. The General Public will not be given username/ password access to SHAARD.

** Archaeologists who have been had their credentials reviewed and have been listed on the Qualified Professionals list will be granted a SHAARD Account. If you do not have a password and would like to have your credentials reviewed and have been listed on the Qualified Professionals list, contact the DHPA at 317/232-1646.

3. The General Public will not be given a SHAARD account. Archaeologists who have been had their credentials reviewed and have been listed on the Qualified Professionals list will be granted a SHAARD Account.

4. Click on SHAARD Frequently Asked Questions to see frequently asked questions about SHAARD.

If you are a qualified professional archaeologist, please use this form to request access to SHAARD.

1. Fill in your pertinent contact information.
2. Read and accept the Terms & Conditions of SHAARD usage by checking the box. Without reading and accepting the Terms & Conditions, you will not be able to advance further into SHAARD.
3. Once done, click on the Submit Request button. Your request will be sent to the SHAARD Administrator for processing. **Anticipate response in 1 – 2 business days.**

IV. TERMS & CONDITIONS FOR SHAARD USAGE

You must read and accept the Terms & Conditions for SHAARD usage to be able to advance further into the application.

IN.gov

SHAARD

Terms & Conditions

1) I understand and agree that the confidential information contained in SHAARD may not be released to unauthorized individuals or organizations. Confidential information includes, but is not limited to, locational information for all archaeological sites and locational information for owner-restricted National Register property listings.

2) I understand and agree that the data available through SHAARD is not complete, may be inaccurate, and may be modified as new information is prepared for inclusion in the database.

3) I understand and agree that SHAARD contains information from archaeological and historic properties that are under the jurisdiction, ownership, and/or under the control of other entities, such as state and federal agencies, private individuals, and tribal governments. Said properties may be afforded additional levels of legal protection related to the restrictions on cultural resource information. I agree to use SHAARD information only in compliance with applicable municipal, county, state, tribal or federal laws and regulations.

4) I understand and agree that the absence of information contained in SHAARD concerning cultural resources in a particular location does not necessarily indicate that no such resources exist in said location. I also understand and agree that the absence of information concerning cultural resources in a particular location may be due simply to a lack of survey investigations of said location.

5) I understand and agree that the inclusion of a resource in SHAARD does not imply that it has special standing with the programs of the Division of Historic Preservation and Archaeology, unless it has been officially recognized by the National Park Service through listing in the National Register of Historic Places. I also understand and agree that properties included in SHAARD are not necessarily assured grants and/or any other public assistance and/or legal protections.

6) I understand and agree that access to SHAARD does not constitute permission to enter onto or conduct archaeological investigations on any land for which cultural resource records are maintained in the inventory. I further understand and agree that it is my responsibility to obtain written permission from appropriate municipal, county, state, federal or tribal officials, or private property owners, before instituting any archaeological or cultural resource investigations on, or related to, their lands. Copies of the products of such research should be sent to appropriate officials or landowners, and all permit terms and conditions must be honored.

VII. ARCHAEOLOGICAL SITES RESULTS

The screenshot shows the 'Archaeological Sites' results page in the SHAARD system. The page header includes 'IN.gov' and 'SHAARD' with navigation links for 'My Account' and 'Sign Out'. Below the header is a menu with 'Archaeology Records' highlighted. The main content area displays a table of search results for 'Archaeological Sites'. The table has columns for 'Site Number', 'Site Type', 'Isolated Find', 'County', and 'Action'. There are four rows of results, each with a 'View' link. A 'Print selected records' button is located at the top right. Below the table, there are options for 'Items per page' (10, 25, 50, 100, All) and a 'Revise search' button. Numbered callouts (1-7) point to various elements: 1 points to the 'Print selected records' button; 2 points to the '1 to 4 of 4' indicator; 3 points to the checkboxes in the first column; 4 points to a thumbnail image in the first row; 5 points to the 'View' link in the first row; 6 points to the 'Items per page' dropdown; and 7 points to the 'Revise search' button.

VII. ARCHAEOLOGICAL SITES FORM – Ownership/Recorder Tab

The screenshot shows the SHAARD web application interface. At the top, there is a navigation bar with 'IN.gov' and 'SHAARD' logos, and links for 'My Account' and 'Sign Out'. Below this is a secondary navigation bar with tabs for 'Structural Surveys', 'Accidental Discoveries', 'Archaeology Records' (highlighted with a red box), 'Archaeology Queue', 'Reports', and 'Admin'. The main content area is titled 'Archaeological Sites' and includes a 'Print' icon. A site summary is displayed with the following information:

Site Number: 12-Du-0190	County: Dubois
Project Name: Database Enhancement 1987	Site Name(s): Kyana Rockshelter
Other Number(s): -	Investigating Institution: Indiana University Archaeological Survey

Below the summary is a row of navigation tabs: 'General Info', 'Geographic Info', 'Ownership/Recorder' (circled in red and pointed to by callout 1), 'Site Info', and 'Surface Exploration'. A second row of tabs includes 'Subsurface Exploration', 'Site Assessment', 'Related Records', and 'Photos & PDFs'. The 'Ownership/Recorder' tab is active, showing two sections: 'Owner Information' and 'Tenant Information'. Callout 2 points to the 'Owner Information' section, which contains the following data:

Owner Information

- Ownership Type: private
- Name: Randy Schneider
- Address: (Underwood's Son-in-Law)
- City: -
- State: -
- Zip Code: -
- Telephone: -

The 'Tenant Information' section is currently empty, with all fields showing a hyphen (-).

1. The “Ownership/Recorder” tab allows the user to view owner and tenant information as well as information about the archaeologists excavating the site.
2. “Owner Information” includes the ownership type, name of proprietor, address, and telephone number.
3. The “Tenant Information” includes the name of the tenant, address, and telephone number.

VII. ARCHAEOLOGICAL SITES FORM - Ownership/Recorder Tab (Continued)

- 2. Form Completed By:** Name: Chris Baltz; Address: Glenn A. Black Laboratory, Archaeology Department, Bloomington, IN 47405; Completed Date: 02/03/1987.
- 3. Investigator:** A table with columns for Name and Address. Name: Randy Schneider; Address: -.
- 4. Investigation Dates:** Investigation Start Date: -; Investigation End Date: -.

At the bottom of the form are two buttons: "Continue >>" and "Cancel".

2.0.1 © 2007 DNR-DHPA. All rights reserved. Comments on the site? Email ShaardAdmin@dnr.in.gov

1. The “Site Reported By” section of the Ownership/Recorder tab gives the information regarding the person (usually the land owner) who first discovered and reported the site to an archaeological entity.
2. The “Form Completed By” section of the Ownership/Recorder tab relays information concerning the archaeologist who created the site card according to their own observation and the information provided by the person who discovered the site.
3. The “Investigator” section of this tab provides the Name and Address of the person who conducts the fieldwork. This is usually the Principal Investigator or the person acting as the field supervisor.
4. The “Investigation Start Date” and “Investigation End Date” denotes the duration of the investigation. This form has no such information as the older forms often report a finding unearthed by the land owner or tenant accidentally and without conducting extensive field work.

The screenshot displays the SHAARD web application interface. At the top, the navigation bar includes 'IN.gov' and 'SHAARD' logos, along with 'My Account' and 'Sign Out' links. The main navigation menu features 'Structural Surveys', 'Accidental Discoveries', 'Archaeology Records' (highlighted with a red box and a yellow arrow labeled '1'), 'Archaeology Queue', 'Reports', and 'Admin'. The page title is 'Archaeological Sites', with a 'Print' link on the right. The site information section includes: Site Number: 12-Du-0190, County: Dubois, Project Name: Database Enhancement 1987, Site Name(s): Kyana Rockshelter, Other Number(s): -, and Investigating Institution: Indiana University Archaeological Survey. Below this is a row of tabs: 'General Info', 'Geographic Info', 'Ownership/Records', 'Site Info', 'Surface Exploration', 'Subsurface Exploration', 'Site Assessment', 'Related Records' (circled in red), and 'Photos & PDFs'. A yellow arrow points from the 'Related Records' tab to the 'Associated Sites' section. This section contains a 'Site Number' field with the value 'AR-28-00540', a 'Resurvey:' checkbox (unchecked), and a 'View Archaeology Report' link. At the bottom of the page, there is a footer with the text '2.0.1 © 2007 DNR-DHPA. All rights reserved.' and 'Comments on the site? Email ShaardAdmin@dnr.in.gov'.

1. The “Related Records” tab allows the user to view any Archaeology Reports associated with the site. This report will describe the site in further detail and will also relay more information about the project.

2. The “Associated Sites” related to the project can be quickly viewed by clicking on the “View Archaeology Report” link. If the report is a resurvey of a previously conducted project, the “Resurvey” box will be checked. The “Site Number” is the AR (Archaeology Report) number assigned to the report upon entry into SHAARD.

1. Select the Archaeology Report option in the “Record Type” drop box.
2. The “Report Number” consists of three parts: the AR (Archaeology Report), a two digit number assigned to each Indiana County alphabetically, and five digits which are assigned to each report in order of their entry into SHAARD. You can also search by the “Report Title”. However, it is suggested that you use key words only as SHAARD can only search by exact match.
3. You can limit the search by “Short Report”. You can also search by “Report Type”: Record Check, Short Report, Phase Ia, Phase Ib, Phase Ic, Phase 2, Phase 3, and Res. Doc.
4. You may also search by “Author” or by “Institution”. Again, it is suggested that you use key words only.
5. You may also search by location: “County, Legal Township, Quad Name, Section, Township, and Range”.

ARCHAEOLOGICAL REPORTS – Search Results

The screenshot displays the SHAARD Archaeology Reports search results page. The page features a navigation bar with 'IN.gov' and 'SHAARD' logos, and a menu with 'Structural Surveys', 'Accidental Discoveries', 'Archaeology Records', 'Archaeology Queue', 'Reports', and 'Admin'. The 'Archaeology Records' menu item is highlighted. Below the navigation bar, the page title is 'Archaeology Reports'. A search bar is located at the top right, with a 'Print selected records' button next to it. The main content area shows a table with the following columns: Report Number, Author, Report Title, County, and Action. A single record is displayed for AR-28-00400 by Christopher J. Baltz in Greene County. The 'Action' column contains a 'View' link. Below the table, there are pagination options (Items per page: 10, 25, 50, 100, All) and a 'Revise search' button. The footer contains copyright information and a contact email address.

1. The “Print selected records” allows the user to print a list of the results of the search.
2. The “Report Number” consists of three parts: the AR (Archaeology Report), a two digit number assigned to each Indiana County alphabetically, and five digits which are assigned to each report in order of their entry into SHAARD.
3. The “Author” portion lists the authors of the report. These people are usually the principal investigator or the other archaeologists who worked on the project.
4. The “Report Title” portion of the SHAARD entry usually includes a brief description of the site type, naming the project title, and a brief location description.
5. The “County” portion only names the county or counties in which the site is located.
6. The “Action” portion offers the user to view the entry in greater detail.
7. The “Revise Search” button allows the user to return to the search page.
