

Your mentee is waiting.

PASS THE TORCH FOR WOMEN FOUNDATION HAS A VISION.

The Pass the Torch for Women Foundation envisions a world where women are equitably represented at all levels of leadership in business, government, and organizations.

The Pass the Torch for Women Foundation is growing a community of seasoned executives committed to supporting developing professional women and female college students as they transition into the workforce.

SERVING WOMEN AT ALL LEVELS OF THEIR CAREER

COLLEGE STUDENTS

Our community supports the Project Grow program, which focuses on developing female college students. In addition to providing one-on-one mentoring with executives, the program offers networking and leadership skills training.

DEVELOPING PROFESSIONALS

Women in the workforce can find it challenging to connect with an appropriate mentor. For these developing leaders, Pass the Torch for Women offers a formalized mentoring program, leadership training opportunities, and the chance to mentor college students in the Project Grow program.

PROFESSIONAL MENTORS

A network of seasoned professionals, 500 Circle members have pledged \$1,000 a year to join this elite group, create relationships with other executives, and mentor developing women professionals or female college students.

Secure your legacy by helping someone uncover theirs.

THIS IS YOUR CHANCE TO BECOME A MENTOR

As a developing professional or a seasoned executive, you have a lot to give to our Project Grow college students. Share wisdom and knowledge for just one hour a month to help grow women leaders.

For more information on becoming a mentor, visit www.yourmenteeiswaiting.org

JOIN THE 500 CIRCLE

The 500 Circle is a platform for top executives to join a peer-to-peer network with other like-minded professionals. Members give an annual tax-deductible contribution of \$1,000 to join and have exclusive access to the other leaders in the 500 Circle.

BECOME A CORPORATE PARTNER

Support of the Pass the Torch for Women Foundation provides your company with positive visibility and association with a reputable organization. Sponsorship also creates meaningful volunteer opportunities for your employees to mentor college students for leadership development, connections, and social responsibility. Sponsorship gives your employees additional opportunities, like networking, access to the 500 Circle, and joining the community as a developing professional where they can serve as both a mentor and a mentee.

BECOME AN ACADEMIC PARTNER

Academic partners help us serve students through the Project Grow Program. Students create mentoring plans, build leadership skills, and receive access to highly qualified mentors in an academic year-long program designed to engage students in programming that will better equip them for the transition into professional life.

DONATE

Visit www.passthetorchforwomen.org to make a tax-deductible donation to the Pass the Torch for Women Foundation. Donations help fund scholarships for college students and fund mentoring programs.
