

# Sector Strategies Organizational Self-Assessment

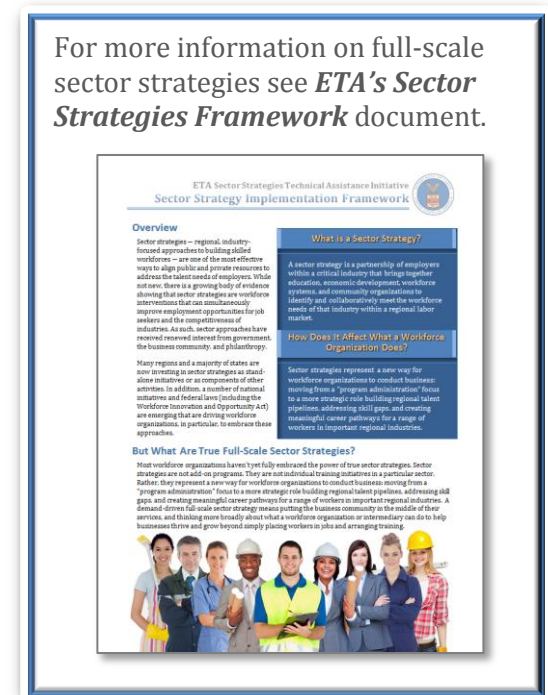

Is your organization demand-driven and sector-focused?

## About This Tool

This self-assessment tool is designed to help local and regional workforce organizations (and current sector partnerships) determine how well they are implementing full-scale sector strategies today and where they should prioritize future enhancements.

The 20-question assessment is organized along five broad capability areas:

- 1 | Data-Informed Decision Making**  
*Is your organization/partnership using rigorous data to make decisions about target industries and education and training investments?*
- 2 | Industry Engagement**  
*How broad and deep is the involvement of targeted industry sector employers in designing and delivering programs and services?*
- 3 | Sector-Based Service Delivery**  
*How well are you and your partners facilitating the delivery of workforce solutions that are responsive to the needs of workers and the targeted industry sector(s)?*
- 4 | Sustainability & Continuous Improvement**  
*How well is your organization able to measure sector strategy outcomes? Are you positioned to financially sustain sector work over time?*
- 5 | Organizational Capacity and Alignment**  
*Does your organization have the personnel, policies, vision, and resources in place to continually support sector strategy outcomes?*

The capability areas, as described in the assessment, should be viewed as aspirational. They represent the capabilities that an organization that is interested in launching or advancing a full-scale sector strategy should seek to attain. It is rare that an organization would excel in all areas.

## *How to Take the Assessment*

It is recommended that multiple individuals from the same organization (or from the same sector partnership) take the assessment and come together to discuss findings. Upon completion of the assessment, consider the following questions:

- What areas represent our strengths? Why?
- What areas represent learning opportunities?
- Is there important sector-related work that we are not doing? If so, what?
- Do we have different points of view within our organization about our self-assessment scoring? What can we learn from the different perspectives?
- What are our priorities for the next year?

**Before taking the assessment, please answer the following question:**

*Is your organization currently leading or part of any active sector partnerships? If yes, which industries are you targeting?*

## Sector Strategies Organizational Self-Assessment

<b>Data-Informed Decision Making</b>	<i>Is your organization/partnership using rigorous data to make decisions about target industries and education and training investments?</i>					
<i>Elements of a high-performing sector-focused organization</i>	<i>If you think your organization rates as a "5" (see ratings key below) you consider it to have the following in place:</i>					
<b>1</b>   Understanding of the region's most important industry sector(s) through use of rigorous economic, industry, and labor market data collection and analysis	<ul style="list-style-type: none"> <li>You use tools (e.g. location quotient analysis, traditional and real-time LMI), to regularly quantify your region's most competitive and emerging industries.</li> <li>You have agreement across partners (e.g. economic development entities) about target industry sectors.</li> <li>You use LMI and target industry data that focuses on your <i>actual</i> regional economy (e.g. where labor and goods flow) rather than on only a WIB's service delivery area or a county border).</li> <li>You have a formal process for an ongoing review of data and for making adjustments to target industry sectors.</li> </ul>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
		<i>Action Items:</i>				

**1** = Not at all | **2** = Making progress but a long way to go | **3** = Have some of this, sometimes | **4** = Yes, in place now | **5** = Not only in place but we are excelling
