

June 1, 2023

Dear First Steps Families,

The Bureau of Child Development Services recently adjusted the reimbursement rates of First Steps services due to additional funding the program received from the State of Indiana.

This means families may now see an increase in the cost of services provided on or after January 1, 2023, on the monthly Family Cost Participation statement. Please click [here](#) to find the current Family Cost Participation rate table.

- Families will only be billed their family cost participation (FCP) copay or the actual cost of the service, whichever is less for each service provided.
- Families will only be billed up to the maximum monthly family cost participation amount.
- Families who allow First Steps to submit claims to their insurance carrier will not be assessed their FCP copayment on individual claims paid by the insurance carrier.

Please contact your First Steps Service Coordinator if you have any questions regarding your Family Cost Participation copayment. Click [here](#) to see the list of all First Steps System Point of Entry offices, according to county, on our First Steps website: [www.firststeps.in.gov](http://www.firststeps.in.gov)
