Children's Special Health Care Services (CSHCS)

Title: Claim Payment Amount (Pricing)

Revision Effective Date: January, 2011

Effective Date: January 1, 2005

Purpose: To explain the claim payment methodology used by the Children's Special Health Care Services (CSHCS) program.

Rule References: IC 16-35-2-6 Fees and charges same as Medicaid

Policy: The fees and charges paid to providers of services, care and materials by the Children's Special Health Care Services (CSHCS) program shall be at the same amounts as those allowed by the Medicaid program (42 U.S.C. 1396 et seq.).

The determination of manually priced services requires the submission of an invoice from the provider. The definition of units of service must be based on what is included with the code narrative in the Current Procedure Terminology book (CPT) or on the Medicaid fee schedule, and should correspond to the submitted invoice.

To the extent CSHCS pays for services, care and materials not provided by Medicaid, similar pricing methods & rationale shall be employed.
