These terms and conditions shall apply to all current purchase orders, and to all subsequent purchase orders received by Seller from Purchaser, whether received by mail, by telephone, or by electronic means, from the date of the receipt of these terms and conditions until such time as a revised edition of these terms and conditions is received by Purchaser. Notwithstanding anything to the contrary contained herein, if Seller and Purchaser have executed a master purchase agreement that governs the purchase and sale of the goods in issue, the terms of such master agreement shall be controlling and shall take precedence over these terms, conditions, and instructions with approval of the RB Chief Customer Officer. Purchaser acknowledges reading this and understands and accepts these terms and conditions herein set forth to the exclusion of all other terms and conditions unless expressly accepted in writing by the Seller. By submitting a purchase order, Purchaser will be deemed to have irrevocably accepted these terms, notwithstanding any additional or different terms, conditions, or instructions communicated by Purchaser in its purchase order or any other document or electronic communication, and no such additional or different terms, conditions or instructions shall constitute any part of the contract of sale resulting from Seller's acceptance of a purchase order from Purchaser. If the Purchaser's order or any other communication from Purchaser is inconsistent with these terms and conditions, Seller's acceptance of the Purchaser's order shall be strictly limited to these terms and such acceptance shall be deemed a rejection of any additional or different terms, conditions, or instructions communicated by Purchaser in its purchase order or otherwise, except for the Reckitt U.S. Distribution Policy, which remains in full force and effect. Purchaser will be deemed to have accepted these terms and conditions unless Purchaser immediately notifies Seller to the contrary in writing. In addition to the foregoing, Purchaser's acknowledgment of receipt of the products ordered shall constitute an irrevocable acceptance of these terms and the withdrawal of any additional or different terms, conditions or instructions communicated by Purchaser in a purchase order or other document or electronic communication. Orders that do not originate from approved Purchaser; do not conform to current Seller volume or pricing policies or contain terms which conflict with these conditions shall be considered rejected without further notice to the originator. There are no representations or warranties made by the Seller with respect to the goods upon which the Purchaser has relied in entering into this agreement. **SELLER HEREBY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF QUALITY, PERFORMANCE, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.** Seller reserves the right to modify these terms and conditions as deemed necessary and without prior notification to the Purchaser. These terms constitute and contain the entire understanding and agreement of the parties with respect to the subject matter hereof and cancel and supersede any and all prior negotiations, correspondence, understandings and agreements, whether oral or written, between the parties respecting the subject matter hereof, except for the terms of Reckitt's U.S. Retail Distribution Policy which shall first control in the event of a conflict with any of these terms and conditions of sale. These terms may be amended, modified or supplemented only by a written instrument executed by both Purchaser and a duly authorized officer of Seller.
