Re: Environmental Protection Agency's finding of "no historic properties affected" concerning remediating environmental impacts to the former site of Jeff's Super Lube located at 402 North Harrison (DHPA #23125)

Dear Ms. Polston:

Pursuant to Section 106 of the National Historic Preservation Act (54 U.S.C. § 306108) and 36 C.F.R. Part 800, the staff of the Indiana State Historic Preservation Officer ("Indiana SHPO") has conducted an analysis of the materials dated November 15, 2018 and received on November 20, 2018, for the above indicated project in Alexandria, Madison County, Indiana.

We concur with the Environmental Protection Agency's November 15, 2018 finding that there are no historic buildings, structures, districts, objects, or archaeological resources within the area of potential effects that will be affected by the above indicated project. This identification is subject to the following condition:

- The project activities remain within areas disturbed by previous construction. Please be advised that archaeological resources may exist underneath modern development.

If any prehistoric or historic archaeological artifacts or human remains are uncovered during construction, demolition, or earthmoving activities, state law (Indiana Code 14-21-1-27 and 29) requires that the discovery must be reported to the Department of Natural Resources within two (2) business days. In that event, please call (317) 232-1646. Be advised that adherence to Indiana Code 14-21-1-27 and 29 does not obviate the need to adhere to applicable federal statutes and regulations, including but not limited to 36 C.F.R. 800.

If you have questions about archaeological issues please contact Amy Johnson at (317) 232-6982 or [ajohnson@dnr.IN.gov](mailto:ajohnson@dnr.IN.gov). If you have questions about buildings or structures please contact Chad Slider at (317) 234-5366 or [cslider@dnr.IN.gov](mailto:cslider@dnr.IN.gov).

Very truly yours,
