Indiana Gaming Commission

Executive Director's Annual Report

Sara Gonso Tait
Executive Director

I was very honored to be reappointed by Governor Eric Holcomb and am excited for the opportunity to continue to serve as Executive Director of the Indiana Gaming Commission. The Holcomb Administration is a team that we are privileged to be part of as we work together to deliver great service to our customers and toward the goals established in Governor Holcomb's five pillars. We are committed to joining the Governor in taking Indiana to the Next Level.

Revenues

With a total state-wide win of \$2,220,174,297, an \$8.5 million decrease from FY 16, or a 0.4% decrease, casino revenues remained relatively unchanged. Both admissions and wagering taxes declined, however, likely due to increased competition in surrounding states. Admissions declined by 892,000 or 5.3%. Wagering taxes declined by less than 1%, indicating that play by patrons partially offset the decrease in admissions. Wagering and admissions taxes combined totaled \$596,918,011 in FY 17. This is a decrease of approximately \$7.7 million from FY 16, or about 1.3%.

Commissioner and Staff update

We were pleased to welcome Commissioner Jane Saxon of Noblesville, who was appointed to the Commission in September. Commissioner Saxon is a certified public accountant and is a senior manager at Somerset CPAs and Advisors.

Two long-time Commission employees were promoted to key agency positions. Assistant Director of Compliance Angela Bunton was selected to fill the Director of Compliance position and Enforcement Assistant Director Dan Hirst was selected to become Deputy Superintendent, rounding out the management team under Superintendent Townsend.

Continuing the reorganization of the Enforcement Division initiated in 2016, the position of Assistant Supervisor was created at each casino property to provide additional leadership for the agency. This led to the promotion of 12 agents. For the first time in many years, the Enforcement Division was fully staffed as a

result of a gaming academy that graduated 22 new agents. Additionally in the Enforcement Division, the Indiana General Assembly acted to adjust the pay matrix for state law enforcement agencies, increasing agent pay 24% over the next two years.

Legislation

In addition to the law enforcement pay matrix, another new law addressed various gaming industry issues. House Enrolled Act 1350 included the following:

- Eliminated casino admission taxes and replaces them with a supplemental wagering tax that will not exceed 4% of each casino's adjusted gross receipts (AGR) beginning July 1, 2018 and not exceed 3.5% of AGR beginning July 1, 2019.
- Created immediate admission tax relief for land-based casinos.
- Beginning July 1, 2021, allowed both the \$48 million in local casino community hold harmless payments and the \$33 million currently distributed to non-riverboat communities to be subject to reduction if AGR falls below the FY 2020 level. Any reduction in hold harmless and non-casino community payments will be a percentage proportionate to the decrease in AGR.
- Provided casinos relief pertaining to the statutory tax payment schedule. Instead of daily payments, payments are now required to be made monthly.
- Allowed casinos to pay taxes via electronic funds transfer by automated clearinghouse (ACH) instead of paying through wire transfer
- Allocated a portion of funds paid to the Indiana Economic Development Corporation by French Lick Casino Resort to be paid to the South Central Indiana Regional Economic Development Corporation and Radius Indiana.
- Eliminated non-casino community payments to the City of South Bend after June 30, 2020.
- Provides for an eight year phase out of the state income tax add back for wagering taxes deducted on a casino's federal income tax return.

HEA 1350 also urged the study of certain gaming topics, however, the Legislative Council subsequently declined to assign these topics to a committee.

Tropicana land-based construction

Taking advantage of 2015 legislation allowing land-based casinos, Tropicana Evansville continued construction of a new casino adjacent to its existing hotels, food and entertainment venues and parking garage. The new \$50 million construction will allow Tropicana to greatly enhance its customer experience by not only offering a modern facility, but also by adding to its dining and entertainment options. It has been welcomed by the City of Evansville as a significant enhancement to its riverfront.

Paid Fantasy Sports

After establishing and executing investigative and licensing procedures for fantasy sports as required by state law, DraftKings, Inc., FantasyDraft, LLC and FanDuel, Inc. were found to meet all standards established by the Commission and were granted licenses at the June 29, 2017 Business Meeting. Subsequently, the Commission has received applications from two other operators which are currently being reviewed.

Caesars Bankruptcy

On January 17, 2017, Caesars Entertainment Operating Company, Inc. confirmed a Plan of Reorganization in the Chapter 11 cases initiated on January 15, 2015. The reorganized entities submitted applications to the Commission for licensing and approval of the transactions outlined in the Plan, which the Commission granted at its June meeting. The plan deleveraged Caesars by approximately \$10 billion and resulted in the creation of a REIT that owns Caesars real property and a group of operating entities, including Horseshoe Hammond and Horseshoe Southern Indiana, which lease the property and conduct the gaming operations.

FY 2018

In 2018, the Commission looks forward to tackling new proposed projects and reviewing innovative requests and concepts, which could lead to the potential for growth in the industry, the opportunity for increased state tax revenues and employment for Hoosiers. Paid fantasy sports is also projected to grow, with action on at least two new applications anticipated in the coming year.

The issue of tribal gaming in Indiana will continue to be a topic of discussion in the year ahead. The Pokagon Band of Potawatomi Indians (Pokagon Band) gained approval from the federal government in November to transfer land located in the City of South Bend into trust. Construction of tribal housing, government facilities and a gaming facility is underway. This is the first tribal trust land located within Indiana's borders and federal law affects the development of the state's new government-to-government relationship with the Pokagon Band. Interaction with many state agencies, including potentially the Commission, will be necessary to fulfill the demands of this project. Public safety, taxation of nongaming activities, utilities and environmental concerns are examples of issues requiring interaction between the Pokagon Band and state agencies and local government.

As always, it will remain the Commission's mission to maintain a regulatory environment requiring the highest level of integrity. We look forward the year ahead and providing great government service to our internal and external customers.

Respectfully submitted,

Sara Gonso Tait

MBE/WBE UTILIZATION

Disparity Study

Statute requires the IGC to establish annual goals for the use of minority and women-owned enterprises (M/WBE). These goals must be derived from a statistical analysis of utilization study of casino contracting and purchases. Such an analysis, also called a disparity study, must be updated every five years.

In keeping with its statutory mandate, an update of the IGC’s study was completed in November 2012. The Indiana University Public Policy Institute completed the study on our behalf, examining the contracting and purchasing practices of Indiana’s casinos from 2009 through 2011. Based upon actual purchase data provided by the casinos and audited by IGC staff, the study period reviewed over \$1.2 billion in spending on goods and services.

In addition to a review of purchasing, also called utilization, a disparity study must also seek to establish capacity, which is a measure of all firms ready, willing and able to provide goods and services to Indiana’s river-boat casinos. The capacity estimate derived from the study is below.

<u>Capacity Estimates</u>	<u>MBE</u>	<u>WBE</u>
Construction	10.4%	9.9%
Procurement of Supplies	1.6%	2.9%
Professional Services	6.9%	10.4%
Other Services	5.7%	11.4%

The IGC adopted the study at its November meeting in Resolution 2012-149 and will continue to monitor M/WBE utilization annually. The full disparity study is available at www.in.gov/igc.

2016 Expenditures

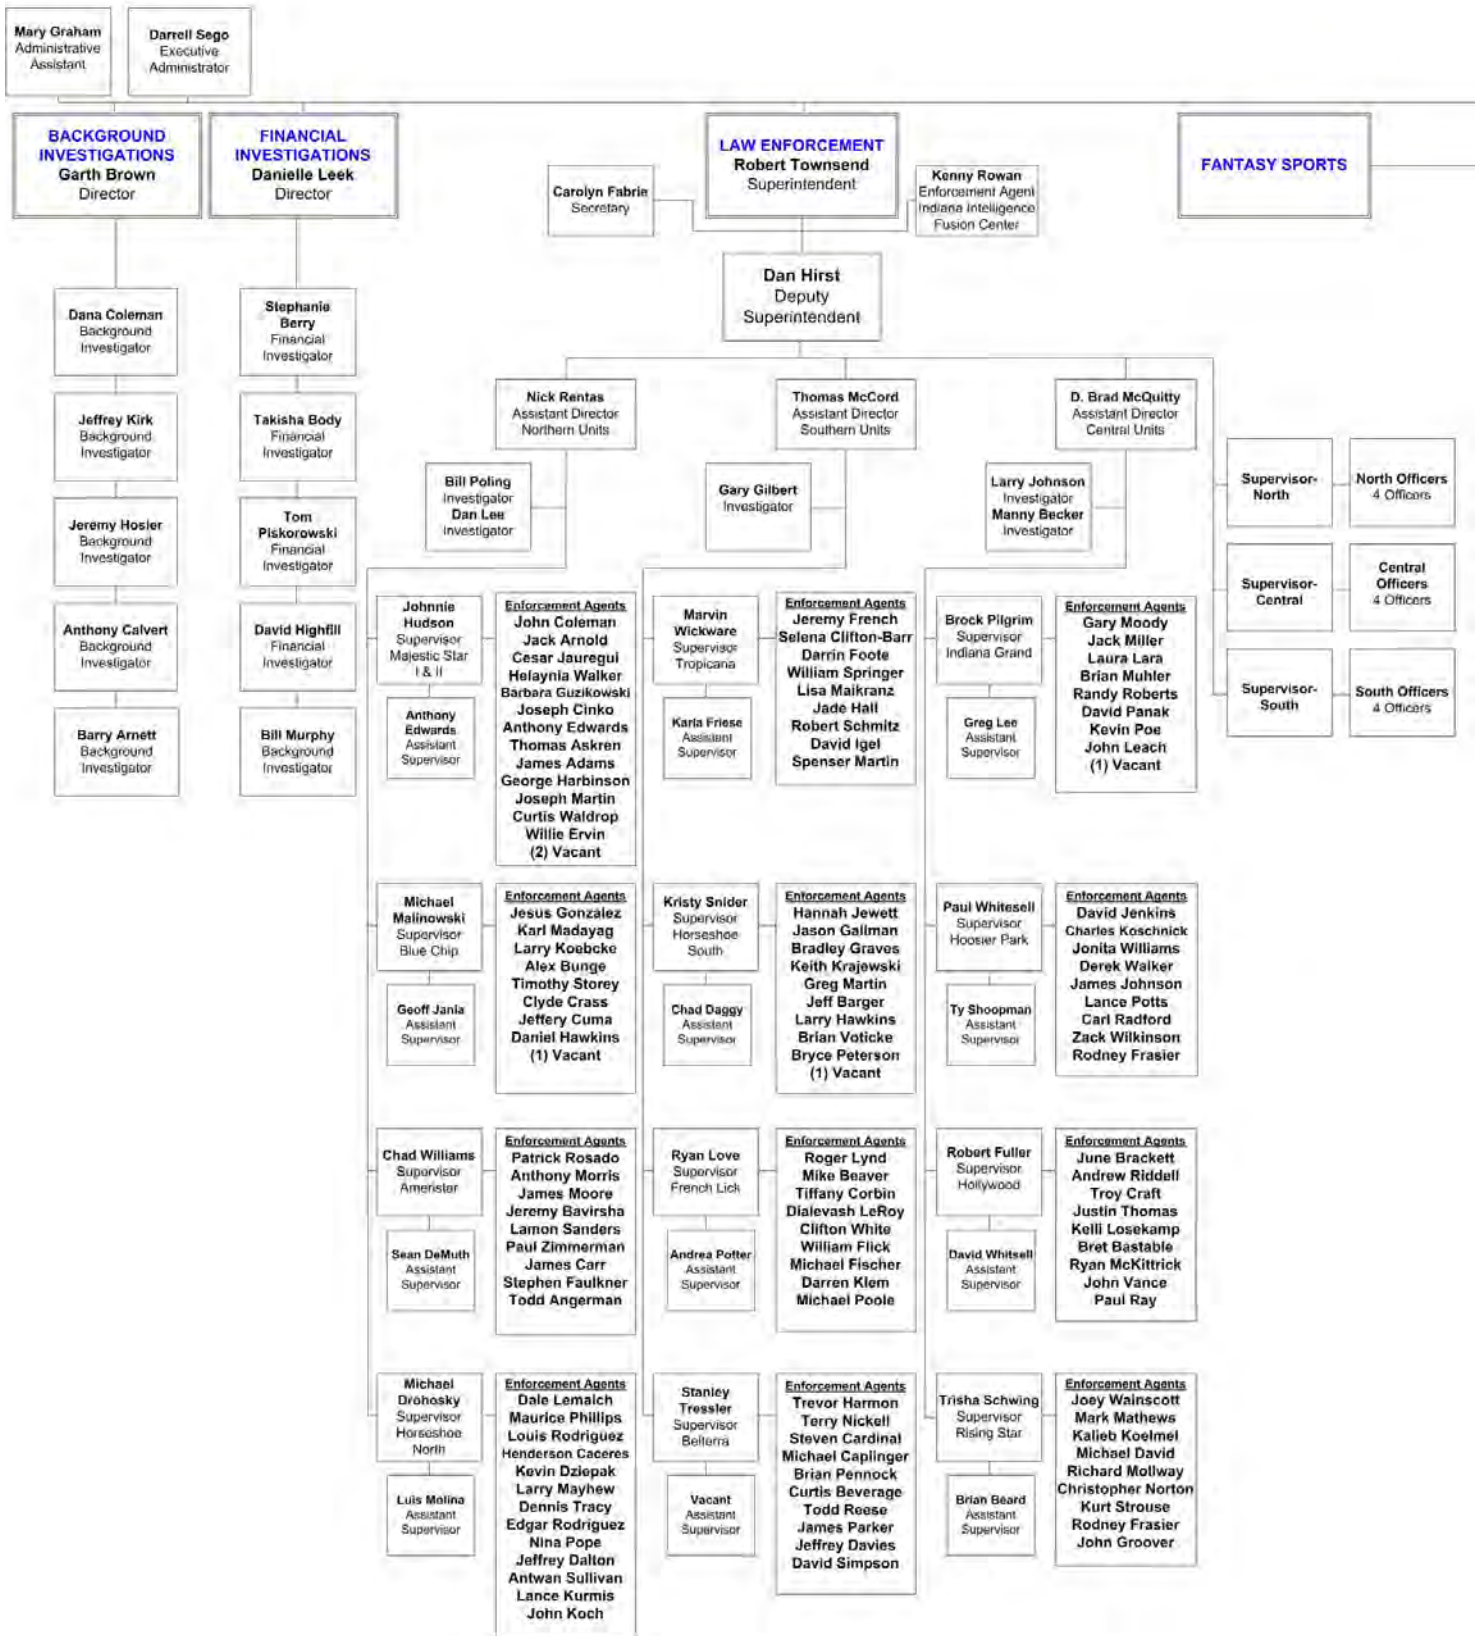

As the table below indicates, casinos exceeded the capacity estimates for spending in each category in CY 2016. Not reflected in the chart, but of importance to note, is that casinos spent \$111.8 million with Indiana firms, including non-M/WBE, during this period.

<u>Purchase Type</u>	<u>Amount</u>	<u>MBE Spend</u>	<u>WBE Spend</u>
Construction	\$23,870,979.39	12.39%	8.35%
Procurement	\$216,642,558.50	9.24%	8.22%
Professional Services	\$27,876,766.67	16.58%	9.32%
