### **13. Continuity of Services**

- A. The Contractor recognizes that the service(s) to be performed under this Contract are vital to the State and must be continued without interruption and that, upon Contract expiration, a successor, either the State or another contractor, may continue them. The Contractor agrees to:

  - 2. Exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.
- B. The Contractor shall, upon the State's written notice:
  - 1. Furnish phase-in, phase-out services for up to sixty (60) days after this Contract expires; and
  - 2. Negotiate in good faith a plan with a successor to determine the nature and extent of phase-in, phase-out services required. The plan shall specify a training program and a date for transferring responsibilities for each division of work described in the plan, and shall be subject to the State's approval.
- C. The Contractor shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this Contract are maintained at the required level of proficiency. The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this Contract. The Contractor also shall disclose necessary personnel records and allow the successor to conduct on-site interviews with these employees. If selected employees are agreeable to the change, the Contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.
- D. The Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (i.e., costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations.)

### **14. Debarment and Suspension**

The Contractor certifies by entering into this Contract that neither it nor its principals nor any of its subcontractors are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from entering into this Contract by any federal agency or by any department, agency or political subdivision of the State of Indiana. The term "principal" for purposes of this Contract means an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the Contractor.

The Contractor certifies that it has verified the state and federal suspension and debarment status for all subcontractors receiving funds under this Contract and shall be solely responsible for any recoupment, penalties or costs that might arise from use of a suspended or debarred subcontractor. The Contractor shall immediately notify the State if any subcontractor becomes debarred or suspended, and shall, at the State's request, take all steps required by the State to terminate its contractual relationship with the subcontractor for work to be performed under this Contract.

### **15. Default by State**

If the State, sixty (60) days after receipt of written notice, fails to correct or cure any material breach of this Contract, the Contractor may cancel and terminate this Contract and institute measures to collect monies due up to and including the date of termination.

## 16. Disputes

- A. Should any disputes arise with respect to this Contract, the Contractor and the State agree to act immediately to resolve such disputes. Time is of the essence in the resolution of disputes.
- B. The Contractor agrees that, the existence of a dispute notwithstanding, it will continue without delay to carry out all of its responsibilities under this Contract that are not affected by the dispute. Should the Contractor fail to continue to perform its responsibilities regarding all non-disputed work, without delay, any additional costs incurred by the State or the Contractor as a result of such failure to proceed shall be borne by the Contractor, and the Contractor shall make no claim against the State for such costs.
- C. If the parties are unable to resolve a contract dispute between them after good faith attempts to do so, a dissatisfied party shall submit the dispute to the Commissioner of the Indiana Department of Administration for resolution. The dissatisfied party shall give written notice to the Commissioner and the other party. The notice shall include (1) a description of the disputed issues, (2) the efforts made to resolve the dispute, and (3) a proposed resolution. The Commissioner shall promptly issue a Notice setting out documents and materials to be submitted to the Commissioner in order to resolve the dispute; the Notice may also afford the parties the opportunity to make presentations and enter into further negotiations. Within thirty (30) business days of the conclusion of the final presentations, the Commissioner shall issue a written decision and furnish it to both parties. The Commissioner's decision shall be the final and conclusive administrative decision unless either party serves on the Commissioner and the other party, within ten (10) business days after receipt of the Commissioner's decision, a written request for reconsideration and modification of the written decision. If the Commissioner does not modify the written decision within thirty (30) business days, either party may take such other action helpful to resolving the dispute, including submitting the dispute to an Indiana court of competent jurisdiction. If the parties accept the Commissioner's decision, it may be memorialized as a written Amendment to this Contract if appropriate.
- D. The State may withhold payments on disputed items pending resolution of the dispute. The unintentional nonpayment by the State to the Contractor of one or more invoices not in dispute in accordance with the terms of this Contract will not be cause for the Contractor to terminate this Contract, and the Contractor may bring suit to collect these amounts without following the disputes procedure contained herein.
- E. With the written approval of the Commissioner of the Indiana Department of Administration, the parties may agree to forego the process described in subdivision C. relating to submission of the dispute to the Commissioner.
- F. This paragraph shall not be construed to abrogate provisions of Ind. Code 4-6-2-11 in situations where dispute resolution efforts lead to a compromise of claims in favor of the State as described in that statute. In particular, releases or settlement agreements involving releases of legal claims or potential legal claims of the state should be processed consistent with Ind. Code 4-6-2-11, which requires approval of the Governor and Attorney General.

Contractor certifies compliance with applicable federal laws, regulations, and executive orders prohibiting discrimination based on the Protected Characteristics in the provision of services. Breach of this paragraph may be regarded as a material breach of this Contract, but nothing in this paragraph shall

The State is a recipient of federal funds, and therefore, where applicable, Contractor and any subcontractors shall comply with requisite affirmative action requirements, including reporting, pursuant to 41 CFR Chapter 60, as amended, and Section 202 of Executive Order 11246 as amended by Executive Order 13672.

- A. All documents, records, programs, applications, data, algorithms, film, tape, articles, memoranda, and other materials (the "Materials") not developed or licensed by the Contractor prior to execution of this Contract, but specifically developed under this Contract shall be considered "work for hire" and the Contractor hereby transfers and assigns any ownership claims to the State so that all Materials will be the property of the State. If ownership interest in the Materials cannot be assigned to the State, the Contractor grants the State a non-exclusive, non-cancelable, perpetual, worldwide royalty-free license to use the Materials and to use, modify, copy and create derivative works of the Materials.
- B. Use of the Materials, other than related to contract performance by the Contractor, without the prior written consent of the State, is prohibited. During the performance of this Contract, the Contractor shall be responsible for any loss of or damage to the Materials developed for or supplied by the State and used to develop or assist in the services provided while the Materials are in the possession of the Contractor. - B. The State Budget Agency and the Contractor acknowledge that Contractor is being paid in advance for the maintenance of equipment and / or software. Pursuant to IC §4-13-2-20(b)(14), Contractor agrees that if it fails to perform the maintenance required under this Contract, upon receipt of written notice from the State, it shall promptly refund the consideration paid, pro-rated through the date of non-performance.

## **37. Penalties/Interest/Attorney's Fees.**

Notwithstanding the provisions contained in IC §5-17-5, any liability resulting from the State's failure to make prompt payment shall be based solely on the amount of funding originating from the State and shall not be based on funding from federal or other sources.

## **38. Progress Reports**

The Contractor shall submit progress reports to the State upon request. The report shall be oral, unless the State, upon receipt of the oral report, should deem it necessary to have it in written form. The progress reports shall serve the purpose of assuring the State that work is progressing in line with the schedule, and that completion can be reasonably assured on the scheduled date.

Use by the public of the information contained in this Contract shall not be considered an act of the State.

## **40. Renewal Option**

This Contract may be renewed under the same terms and conditions, subject to the approval of the Commissioner of the Department of Administration and the State Budget Director in compliance with IC §5-22-17-4. The term of the renewed contract may not be longer than the term of the original contract.

## **41. Severability**

The invalidity of any section, subsection, clause or provision of this Contract shall not affect the validity of the remaining sections, subsections, clauses or provisions of this Contract.

## **42. Substantial Performance**

This Contract shall be deemed to be substantially performed only when fully performed according to its terms and conditions and any written amendments or supplements.

## **43. Taxes**

The State is exempt from most state and local taxes and many federal taxes. The State will not be responsible for any taxes levied on the Contractor as a result of this Contract.

#### 44. Termination for Convenience

This Contract may be terminated, in whole or in part, by the State, which shall include and is not limited to the Indiana Department of Administration and the State Budget Agency whenever, for any reason, the State determines that such termination is in its best interest. Termination of services shall be effected by delivery to the Contractor of a Termination Notice at least thirty (30) days prior to the termination effective date, specifying the extent to which performance of services under such termination becomes effective. The Contractor shall be compensated for services properly rendered prior to the effective date of termination. The State will not be liable for services performed after the effective date of termination. The Contractor shall be compensated for services herein provided but in no case shall total payment made to the Contractor exceed the original contract price or shall any price increase be allowed on individual line items if canceled only in part prior to the original termination date. For the purposes of this paragraph, the parties stipulate and agree that the Indiana Department of Administration shall be deemed to be a party to this agreement with authority to terminate the same for convenience when such termination is determined by the Commissioner of IDOA to be in the best interests of the State.

#### 45. Termination for Default

- A. With the provision of thirty (30) days' notice to the Contractor, the State may terminate this Contract in whole or in part if the Contractor fails to:
  - 1. Correct or cure any breach of this Contract; the time to correct or cure the breach may be extended beyond thirty (30) days if the State determines progress is being made and the extension is agreed to by the parties;
  - 2. Deliver the supplies or perform the services within the time specified in this Contract or any extension;
  - 3. Make progress so as to endanger performance of this Contract; or
  - 4. Perform any of the other provisions of this Contract.
- B. If the State terminates this Contract in whole or in part, it may acquire, under the terms and in the manner the State considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.
- C. The State shall pay the contract price for completed supplies delivered and services accepted. The Contractor and the State shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the State determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.
- D. The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or equity or under this Contract.

#### 46. Travel

No expenses for travel will be reimbursed unless specifically permitted under the scope of services or consideration provisions. Expenditures made by the Contractor for travel will be reimbursed at the current rate paid by the State and in accordance with the State Travel Policies and Procedures as specified in the current Financial Management Circular. Out-of-state travel requests must be reviewed by the State for availability of funds and for appropriateness per Circular guidelines.

Failure to provide any subcontractor agreement may also be considered a material breach of this Contract. The Contractor must obtain approval from IDOA before changing the IVBE participation plan submitted in connection with this Contract.

The Contractor shall report payments made to IVBE subcontractors under this Contract on a monthly basis. Monthly reports shall be made using the online audit tool, commonly referred to as "Pay Audit." IVBE subcontractor payments shall also be reported to IDOA as reasonably requested and in a format to be determined by IDOA.

#### **48. Waiver of Rights**

No right conferred on either party under this Contract shall be deemed waived, and no breach of this Contract excused, unless such waiver is in writing and signed by the party claimed to have waived such right. Neither the State's review, approval or acceptance of, nor payment for, the services required under this Contract shall be construed to operate as a waiver of any rights under this Contract or of any cause of action arising out of the performance of this Contract, and the Contractor shall be and remain liable to the State in accordance with applicable law for all damages to the State caused by the Contractor's negligent performance of any of the services furnished under this Contract.

#### **49. Work Standards**

The Contractor shall execute its responsibilities by following and applying at all times the highest professional and technical guidelines and standards. If the State becomes dissatisfied with the work product of or the working relationship with those individuals assigned to work on this Contract, the State may request in writing the replacement of any or all such individuals, and the Contractor shall grant such request.

Magnesium and calcium content shall be determined in accordance with ASTM E-534 and computed as % magnesium chloride and % calcium chloride respectively. % sodium chloride shall then be computed as follows:

$\% \text{ sodium chloride} = \% \text{ apparent sodium chloride} - (\% \text{ magnesium chloride} + \% \text{ calcium chloride})$

Sampling shall be in accordance with Indiana Testing Method (ITM) 810. Sampling frequency shall be as set out in the INDOT manual entitled, "Manual for Frequency of Sampling and Testing and Basis for Use of Materials, revised January 2017" The rapid test method referenced in AASHTO M 143, Annex A1 shall be used for both routine acceptance testing and for resolution of disputes concerning chemical composition. Pricing submitted by respondents will be the price for purchases from 0% to the maximum of the commitment range of 120%. Any additional tons needed beyond 120 percent will be by mutual agreement of the parties, including the price thereof.

The quantities shown by INDOT sub-district are estimates only and may be adjusted at the option of the Indiana Department of Transportation. INDOT commits to purchase at least 80% of the total tonnage listed by district; each OSA commits to purchase 80% of each entity's requested tonnage. The quantities in the Bid List.xls are 100%.

- 80-120% Commitment Range - All INDOT Districts (Crawfordsville, Fort Wayne, Greenfield, LaPorte, Seymour, and Vincennes)

## **Exhibit D – Performance Metrics and Corrective Actions**

This document is an exhibit to the Contract, and is deemed to be attached to and incorporated within the Contract by reference. Any inconsistency, conflict, or ambiguity between this exhibit and the Contract shall be resolved by giving precedence and effect to the Contract.

### **A. Performance Metrics**

The State has developed a set of performance metrics and targets, defined in **Section 1 (C) – Reporting**, **Section 1 (E) – Timely Responses to Inquiry**, **Exhibit B – INDOT & Other State Agencies Specifications**, and **Exhibit C – Local Governmental Entities Specifications**, which the Contractor shall meet or exceed in order to be in good standing on the contract. The performance for the metrics referenced in **Section 1 (C) – Reporting** and **Section 1 (E) – Timely Responses to Inquiry** and invoice credits shall be reviewed quarterly by the State Contract Manager and can be discussed via quarterly conference call or via email.

Invoice Credits will only be applied to Reporting or Timely Response non-compliance issues. Deductions resulting from non-compliance of the Scopes of Work listed in **Exhibit B – INDOT & Other State Agencies Specifications** and **Exhibit C – Local Governmental Entities Specifications** are detailed in these documents and will be applied by the purchasing entity per the guidelines and timeframes set forth in these documents.

### **B. Corrective Actions for Non-Compliance**

In addition to Invoice Credits, the Contractor may be subject to Corrective Actions as detailed below. Once a final scorecard, which will include the above referenced performance metrics, has been developed, the State contract manager will calculate a score for the contractor's overall performance.

- Non-compliance with General Contract Provisions  
The State monitors certain quality and performance standards, and holds the Contractor accountable for delivering the scope of work, as defined in **Exhibit B – INDOT & Other State Agencies Specifications** and **Exhibit C – Local Governmental Entities Specifications** of the Contract, and being in compliance with contract terms. The State accomplishes this by working collaboratively with the Contractor to maintain and improve programs, and not to impair Contractor stability. The State may enforce any of the remedies listed in this section if the Contractor is non-compliant with the contract.
- Non-compliance with Reporting Requirements  
Reports submitted incorrectly or not delivered complete, on time, and in the correct reporting formats, as defined in **Section 1 (C)** of the Contract, constitute contractual non-compliance and the State may require corrective action(s) as described in this Section. The State may change the frequency of required reports, or may require additional reports, at the State's reasonable discretion.
- Non-compliance with Performance Metrics  
The State has developed a set of Performance Metrics as defined above in this Exhibit that the Contractor shall meet or exceed in order to be in good standing on the contract. The Performance Metrics shall be reviewed quarterly by the State Contract Manager to identify any issues requiring immediate attention from the State and Contractor.
- Corrective Actions  
In the event that the Contractor fails to meet contract requirements, performance requirements or reporting standards set forth in the Contract, the State will provide the Contractor with a written notice of non-compliance and may require any of the corrective actions or remedies discussed below. The State will provide written notice of non-compliance to the Contractor within sixty (60) calendar days of the State's discovery of such non-compliance.

If the State elects not to exercise any Corrective Actions in a particular instance, this decision must not be construed as a waiver of the State's right to pursue future assessment of that performance requirement and associated damages, including damages that, under the terms of the Contract, may be retroactively assessed.

The nature of the corrective action(s) shall depend upon the nature, severity and duration of the deficiency and repeated nature of the non-compliance. The written notice of non-compliance

corrective actions may be instituted in any sequence and include, but are not limited to, any of the following:

- Written Warning: The State may issue a written warning and solicit a response regarding the Contractor's corrective action.

Formal Corrective Action Plan: The State may require the Contractor to develop a formal corrective action plan (CAP) detailing the actionable cure for remedying the issue or issues of each performance metric in need of correction. The CAP must be submitted under the signature of the Contractor's chief executive within (5) business days of request. Upon receipt of the CAP, the State shall review and advise of any questions. If the State has no objections to the plan, the plan shall be implemented within (24) hours. From that point, the Contractor has the agreed upon timeline to cure the issues. The timeline shall be determined by the State. If the CAP is not acceptable, the State may provide suggestions and direction to bring the Contractor into compliance. If the Contractor still has any issue associated with the Corrective Action Plan purpose, by the end of the timeline, the State shall obtain a credit of \$1,000 from the Contractor in the form of a check with the supportive reporting model, unless the credit is waived by the State Contract Manager in writing.

- Contract Termination: The State reserves the right to terminate the contract pursuant to the contract termination clauses.

**INVOICE AUTOMATION PROGRAM**

The purpose of the Invoice Automation Program is to enable the state of Indiana to establish a more efficient, cost-effective method of processing payments by going paperless.

The program is designed as an alternative to the traditional method of submitting paper copies of invoices. Vendors will be authorized to enter invoices directly into the state's new system thus enabling both the state of Indiana and vendors with the ability to track and monitor their payments. Thus adding transparency to ensure invoices are being processed and paid on time. In addition, this program will result in a significant reduction in printing and

mailing paper copies to the respective state agency and avoid invoices being lost in transit.

The appropriate email address will be indicated under the Instructions & Comments section of the Purchase Order.

Please indicate your agreement to submit invoices electronically via email to the State of Indiana and other governmental agencies.

1. Term: The term of this agreement shall be for that period shown on the Quantity Purchase Agreement.
2.   - B. Allows the Contractor to control and fully cooperates with the Contractor in the defense and all related settlement negotiations.
3. Obligation: Contractor's obligation under the Patents Section is further conditioned on the State's agreement that if the operation of the equipment becomes or, in the Contractor's opinion, is likely to become the subject of such a claim, the State will permit Contractor, at its option and expense, either to procure the right for the State to continue using the equipment or to replace or modify it so that it becomes non-infringing. However, if neither of the foregoing alternatives is reasonably available, the State will return the equipment upon written request by the Contractor. The depreciation shall be an equal amount per year over the life of the equipment established by mutual agreement of the State of Indiana and the Contractor.

7. Authority to Bind Contractor: Notwithstanding anything in the contract to the contrary, the signatory for the Contractor represents that he/she has been duly authorized to execute contracts on behalf of the Lessor/Contractor designated in the solicitation package and has obtained all necessary or applicable approval from the home office of the Contractor to make this contract fully binding upon the Contractor when his/her signature is affixed and is not subject to home office acceptance hereto and accepted by the State of Indiana.

The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purposes whatsoever. Neither party will assume any liability for any injury (including death) to any persons or any damage to any property arising out of the acts or omissions of the agents, employees, or subcontractors of the other party.
9. Penalties/Interest/Attorney's Fees: The State will in good faith perform its required obligations hereunder but does not agree to pay any penalties, interest, liquidated damages, or attorney's fees except as expressly required by Indiana Law including, but not limited to, IC 5-17-5, IC 34-54-8, IC 34-13-1.

11. Hold Harmless/Indemnification: The Contractor agrees to indemnify, defend, and hold harmless the State of Indiana and its agents, officers, and employees from all claims and suits, including court costs, attorney's fees, and other expenses, caused by any act or omission of the Contractor and/or its subcontractors, if any. The State shall not provide such indemnification to the Contractor.
12. General: This contract embodies the entire agreement between the parties. It may not be modified or terminated except as provided herein or by a written agreement signed by all authorized and required parties. The terms, conditions, and specifications of the original solicitation, if any, and/or any award made in connection with this transaction are incorporated herein by reference and made a part hereof just as if they have been fully set out herein.
13. Open Competition: The specifications contained herein are intended to be nonrestrictive. Although at times brand names and model numbers may be used, they are merely intended to be guidelines to establish criteria and quality for competitive bidding. All offerors bidding alternate products are requested to submit detailed specifications with their quote/bid.
14. Insurance: If this agreement provides for work to be performed by the Contractor on property owned or controlled by the State of Indiana, or on property of others named herein, Contractor shall be responsible for providing all necessary unemployment and workers' compensation insurance for the Contractor's employees.

15. **Work Standards:** The Contractor agrees to execute its respective responsibilities by following and applying at all times the highest professional and technical guidelines and standards. If the State becomes dissatisfied with the work product or the working relationship with those individuals assigned to work on this Contract, the State may request the replacement of any or all such individuals.
16. **Contract Confidentiality of State Information:** The Contractor understands and agrees that data, materials, and information disclosed to Contractor may contain confidential and protected data; therefore, the Contractor promises and assures that data, material, and information gathered, based upon, or disclosed to the Contractor for the purpose of this contract will not be disclosed to others or discussed with other parties without the prior written consent of the State.
17. **Confidentiality of Data, Property Rights in Products, and Copyright Prohibition:** The/Contractor further agrees that all information, data, findings, recommendations, proposals, etc., by whatever name described and by whatever form therein secured, developed, written, or produced by the /Contractor in furtherance of this Contract, shall be the property of the State and that the Contractor shall take such action as is necessary under law to preserve such property rights in and of the State while such property is within the control and/or custody of the Contractor. By this contract the Contractor specifically waives and/or releases to the State any cognizable property right in the Contractor to copyright or patent such information, data, findings, recommendations, proposals, etc.
18. **Ownership of Documents and Materials:** All documents, records, programs, data, film, tape, articles, memos, and other materials developed under this contract will be the property of the State of Indiana. 20. **Access to Records:** The Contractor and all subcontractors shall maintain all books, documents, papers, accounting records, and other evidence pertaining to the cost incurred and shall make such materials available at their respective offices at all reasonable times during the contract period and for three (3) years from the date of final payment under the contract, for inspection by the State or by any other authorized representative of the State Government and copies thereof shall be furnished at no cost to the State if requested.

## Indiana Economic Impact Form, Attachment C

---

### **Instructions**

**1. Complete lines 1 - 15 with the information requested about the company in the Attachment C worksheet.**

*All companies desiring to do business with state agencies must complete an "Indiana Economic Impact" form (Attachment C). The collection and recognition of the information collected with the Indiana Economic Impact form places a strong emphasis on the economic impact a project will have on Indiana and its residents regardless of where a business is located. The collection of this information does not restrict any company or firm from doing business with the state.*

**2. Line 16: Enter total amount of this proposal, bid, or current contract.**

*This figure is the respondent's total cost proposal to the the state (as submitted in Attachment D, Cost Proposal Template). Additionally, this total shall be utilized when completing your Attachment A, MWBE Subcontractor Commitment Form.*

**3. Lines 18 and 21 measure the full-time equivalent (FTE) count of Indiana residents; this number will be auto-populated on Attachment C worksheet. Respondents shall populate the yellow-shaded cells in the FTE Details worksheet.**

*The state defines FTE as a measurement of an employee's productivity on a specific project or contract. An FTE of 1 would mean that there is one worker fully engaged on a project. If there are two employees each spending 1/2 of their working time on a project that would also equal 1 FTE.*

***Please populate the yellow-shaded cells in the FTE Details worksheet.***

**Respondents shall provide a job title for each of the FTE's proposed for The State of Indiana contract as well as the number of FTE that job title contributes to the total.**

PROJECT MANAGER - 1 FTE

*Please keep in mind that the only FTE's that should be included in this count are Indiana employees working on this contract ONLY. If there are 10 employees working on this contract but they are splitting their time with numerous other contracts as well, then these employees cannot be counted as 1 FTE. Instead, these employees should be counted as a fraction of an FTE. For example: 10 employees working on 4 contracts (1 of them being the State of Indiana contract) - each of the 10 employees would only count as 1/4 of an FTE or .25. Therefore, the total number of FTE's for this scenario would be 2.5.*

2. Local Governmental Entities are individually-operated entities responsible for their individual quantities committed as listed on **Local Tonnage** Spreadsheet.
