

Supplemental Pension Increases Pre-87 Pension Plan - Effective July 1, 2007

The new Pre-1987 basic monthly retirement benefit is \$1,910.00 per month.

To calculate the new supplemental pension amount:

\$1,910.00 (the new 6th year trooper rate effective 7/01/2007) minus \$1,742.00 (the old 3rd year trooper rate) x your years of service factor % (see below). Add this amount to your current pension check amount.

<u>Years of Service</u>	<u>Factor percentage</u>	<u>Amount of Increase Per Month</u>
20	50%	\$84.00
21	55%	\$92.40
22	60%	\$100.80
23	65%	\$109.20
24	70%	\$117.60
25	75%	\$126.00
26	80%	\$134.40
27	85%	\$142.80
28	90%	\$151.20
29	95%	\$159.60
30 and over	100%	\$168.00

Supplemental Pension Increases Pre-87 Pension Plan - Effective July 1, 2008

The new Pre-1987 basic monthly retirement benefit is \$1,931.00 per month.

To calculate the new supplemental pension amount:

\$1,931.00 (the new 6th year trooper rate effective 7/01/2008) minus \$1,910.00 (the old 6th year trooper rate) x your years of service factor % (see below). Add this amount to your current pension check amount.

<u>Years of Service</u>	<u>Factor percentage</u>	<u>Amount of Increase Per Month</u>
20	50%	\$10.50
21	55%	\$11.55
22	60%	\$12.60
23	65%	\$13.65
24	70%	\$14.70
25	75%	\$15.75
26	80%	\$16.80
27	85%	\$17.85
28	90%	\$18.90
29	95%	\$19.95
30 and over	100%	\$21.00

Additional Points:

Only applies to Pre-1987 plan members. Must be age 55 before a supplemental benefit will commence. Must have retired with at least 20 years of service to qualify for the supplemental benefit.

The years of service are whole years. For example, 26 years, 304 days of service would be counted as 26 years of service.

Another note: all figures provided are gross amounts before federal/state taxes.
