Re: LSA Document #24-91; IURC RM #23-03

Dear Mr. Jaworowski,

On April 2, 2024, and under IC 4-22-2.1-6, the Indiana Utility Regulatory Commission (“IURC”) received the comments of the Small Business Ombudsman regarding the rule proposed by the IURC in LSA Document #24-91, which amends 170 IAC 4-11 regarding certification requirements for construction, lease, or purchase of small modular nuclear reactors by a public utility.

The IURC understands that the Small Business Ombudsman supports the proposed rule as it is not expected to impact small businesses in Indiana if the IURC economic impact statement reflects the actual result after promulgation. The IURC has fully considered the Small Business Ombudsman’s comments. The IURC does not intend to make any changes to the Proposed Rule based on those comments.

Thank you for your review and consideration of this matter.

Sincerely,

Beth E. Heline  
General Counsel
