This Grant Agreement (this "Grant Agreement"), entered into by and between the Indiana Utility Regulatory Commission (the "State") and **INDIANA UNDERGROUND PLANT PROTECTION SERVICE** (the "Grantee"), is executed pursuant to the terms and conditions set forth herein. In consideration of those mutual undertakings and covenants, the parties agree as follows:

1. Purpose of this Grant Agreement; Grant Funds

The purpose of this Grant Agreement is to enable the State to award a grant of \$75,000.00 to the Grantee for eligible costs of the services or project (the "Project") described in Exhibits A and B of this Grant Agreement, which are incorporated fully by reference. The funds shall be used exclusively in accordance with the provisions contained in this Grant Agreement and in conformance with Indiana Code § 8-1-26-24 establishing the authority to make this Grant, as well as any rules adopted thereunder. The funds received by the Grantee pursuant to this Grant Agreement shall be used only to implement the Project or provide the services in conformance with this Grant Agreement and for no other purpose.

2. Representations and Warranties of the Grantee

A. The Grantee expressly represents and warrants to the State that it is statutorily eligible to receive these Grant funds and that the information set forth in its grant application is true, complete and accurate. The Grantee expressly agrees to promptly repay all funds paid to it under this Grant Agreement should it be determined either that it was ineligible to receive the funds, or it made any material misrepresentation on its grant application.

B. The Grantee certifies by entering into this Grant Agreement that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from entering into this Grant Agreement by any federal or state department or agency. The term "principal" for purposes of this Grant Agreement is defined as an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the Grantee.

3. Implementation of and Reporting on the Project

A. The Grantee shall implement and complete the Project in accordance with Exhibit A and with the plans and specifications contained in its Grant Application, which is on file with the State and is incorporated by reference. Modification of the Project shall require prior written approval of the State.

B. The Grantee shall submit to the State written progress reports until the completion of the Project. These reports shall be submitted on a [weekly/monthly/quarterly] basis and shall contain such detail of progress or performance on the Project as is requested by the State.

4. Term

This Grant Agreement commences on May 21, 2018 and shall remain in effect through December 15, 2019. Unless otherwise provided herein, it may be extended or renewed upon the written agreement of the parties and in conformance with IC §5-22-17-4, and as permitted by the state or federal law governing this Grant.

5. Grant Funding

A. The State shall fund this Grant in the amount of \$75,000.00. The approved Project Budget is set forth as Exhibit B of this Grant Agreement, attached hereto and incorporated herein. The Grantee shall not spend more than the amount for each line item in the Project Budget without the prior written consent of the State, nor shall the Project costs funded by this Grant Agreement and those funded by any local and/or private share be changed or modified without the prior written consent of the State.

B. The disbursement of grant funds to the Grantee shall not be made until all documentary materials required by this Grant Agreement have been received and approved by the State and this Grant Agreement has been fully approved by the State.

6. Payment of Claims

- A. Unless otherwise authorized by statute and agreed to in this Grant Agreement, all payment shall be made 35 days in arrears in conformance with State fiscal policies and procedures and, as required by IC § 4-13-2-14.8, by the direct deposit by electronic funds transfer to the financial institution designated by the Grantee in writing. If advance payment of a portion of the grant funds is permitted by statute, and the State agrees to provide such advance payment, it shall be made only upon submission of a proper claim setting out the intended purposes of those funds. After such funds have been expended, Grantee shall provide the State with a reconciliation of those expenditures.
- B. Requests for payment will be processed only upon presentation of a Claim Voucher in the form designated by the State. Such Claim Vouchers must be submitted with the budget expenditure report detailing disbursements of state, local and/or private funds by project budget line items.
- C. The State may require evidence furnished by the Grantee that substantial progress has been made toward completion of the Project prior to making the first payment under this Grant. All payments are subject to the State's determination that the Grantee's performance to date conforms with the Project as approved, notwithstanding any other provision of this Grant Agreement.
- D. Claims shall be submitted to the State within 10 calendar days following the end of the month in which work on or for the Project was performed. The State has the discretion, and reserves the right, to NOT pay any claims submitted later than 35 calendar days following the date the services were provided. All final claims and reports must be submitted to the State within 10 calendar days after the expiration or termination of this agreement. Payment for claims submitted after that time may, at the discretion of the State, be denied. Claims may be submitted on a monthly basis only. If Grant funds have been advanced and are unexpended at the time that the final claim is submitted, all such unexpended grant funds must be returned to the State.
- E. Claims must be submitted with accompanying supportive documentation as designated by the State. Claims submitted without supportive documentation will be returned to the Grantee and not processed for payment. Failure to comply with the provisions of this Grant Agreement may result in the denial of a claim for payment.

7. Project Monitoring by the State

The State may conduct on-site or off-site monitoring reviews of the Project during the term of this Grant Agreement and for up to ninety (90) days after it expires or is otherwise terminated. The Grantee shall extend its full cooperation and give full access to the Project site and to relevant documentation to the State or its authorized designees for the purpose of determining, among other things:

- A. whether Project activities are consistent with those set forth in **Exhibit A**, the grant application, and the terms and conditions of the Grant Agreement;
- B. the actual expenditure of state, local and/or private funds expended to date on the Project is in conformity with the amounts for each Budget line item as set forth in **Exhibit B** and that unpaid costs have been properly accrued;
- C. that Grantee is making timely progress with the Project, and that its project management, financial management and control systems, procurement systems and methods, and overall performance are in conformance with the requirements set forth in this Grant Agreement and are fully and accurately reflected in Project reports submitted to the State.

8. Audits and Maintenance of Records

Grantee shall submit to an audit of funds paid through this Grant Agreement, and shall make all books, accounting records and other documents available at all reasonable times during the term of this Grant Agreement and for a period of three (3) years after final payment for inspection by the State or its authorized designee. Copies shall be furnished to the State at no cost.

9. Compliance with Laws

- A. The Grantee shall comply with all applicable federal, state and local laws, rules, regulations and ordinances, and all provisions required thereby to be included herein are hereby incorporated by reference. The enactment or modification of any applicable state or federal statute or the promulgation of rules or regulations thereunder after execution of this Grant Agreement shall be reviewed by the State and the Grantee to determine whether the provisions of this Grant Agreement require formal modification.
- B. The Grantee and its agents shall abide by all ethical requirements that apply to persons who have a business relationship with the State as set forth in IC §4-2-6, *et seq.*, IC §4-2-7, *et seq.* and the regulations promulgated thereunder. **If the Grantee has knowledge, or would have acquired knowledge with reasonable inquiry, that a state officer, employee, or special state appointee, as those terms are defined in IC 4-2-6-1, has a financial interest in the Grant, the Grantee shall ensure compliance with the disclosure requirements in IC 4-2-6-10.5 prior to the execution of this Grant.** If the Grantee is not familiar with these ethical requirements, the Grantee should refer any questions to the Indiana State Ethics Commission, or visit the Inspector General's website at <http://www.in.gov/ig/>. If the Grantee or its agents violate any applicable ethical standards, the State may, in its sole discretion, terminate this Grant immediately upon notice to the Grantee. In addition, the Grantee may be subject to penalties under IC §§4-2-6, 4-2-7, 35-44.1-1-4, and under any other applicable laws.
- C. The Grantee certifies by entering into this Grant Agreement that neither it nor its principal(s) is presently in arrears in payment of taxes, permit fees or other statutory, regulatory or judicially required payments to the State. The Grantee agrees that any payments currently due to the State may be withheld from payments due to the Grantee. Additionally, payments may be withheld, delayed, or denied and/or this Grant suspended until the Grantee is current in its payments and has submitted proof of such payment to the State.
- D. The Grantee warrants that it has no current, pending or outstanding criminal, civil, or enforcement actions initiated by the State, and agrees that it will immediately notify the State of any such actions. During the term of such actions, the Grantee agrees that the State may suspend funding for the Project. If a valid dispute exists as to the Grantee's liability or guilt in any action initiated by the State or its agencies, and the State decides to suspend funding to the Grantee, the Grantee may submit, in writing, a request for review

to the Indiana Department of Administration (IDOA). A determination by IDOA shall be binding on the parties. Any disbursements that the State may delay, withhold, deny, or apply under this section shall not be subject to penalty or interest.

- E. The Grantee warrants that the Grantee and any contractors performing work in connection with the Project shall obtain and maintain all required permits, licenses, registrations, and approvals, and shall comply with all health, safety, and environmental statutes, rules, or regulations in the performance of work activities for the State. Failure to do so may be deemed a material breach of this Grant Agreement and grounds for immediate termination and denial of grant opportunities with the State.
- F. The Grantee affirms that, if it is an entity described in IC Title 23, it is properly registered and owes no outstanding reports to the Indiana Secretary of State.
- G. As required by IC §5-22-3-7:
 - (1) The Grantee and any principals of the Grantee certify that:

 - (B) will not violate the terms of IC §24-4.7 for the duration of this Grant Agreement even if IC §24-4.7 is preempted by federal law.

This clause was modified in 2005 to apply only to Grantee's employees within the State of Indiana and cannot be further modified, altered or changed. As required by Executive Order No. 90-5, April 12, 1990, issued by the Governor of Indiana, the Grantee hereby covenants and agrees to make a good faith effort to provide and maintain a drug-free workplace. Grant Project Scope

11. **Under IC 8-1-26-24, the Underground Plant Protection Account is established to provide funding for programs established and administered by the commission as listed below. This project will be [please check at least one box]:**
 - A public awareness program concerning underground plant protection.
 - A training or educational program for contractors, excavators, locators, operators, and other persons involved in underground plant protection.
 - An incentive program for contractors, excavators, locators, operators, and other persons involved in underground plant protection to reduce the number of violations of Ind. Code chapter 8-1-26.
12. **Please provide a detailed description regarding how your project will benefit the public by enhancing underground plant protection:** According to CGA data, the risk of damage is reduced to less than 1 percent when a digger has a one-call ticket. As a result, Indiana 811's primary goal for homeowners/general public is to educate them about 811 and encourage them to use this free service every time they dig, for projects large and small. This project would feature a year-long partnership with the Indianapolis Indians (the team with the highest total attendance in all of minor league baseball) for two in-game promotional features (full details on next page). This program will help

build awareness of Indiana 811 and the importance of damage prevention. According to research from Scarborough, Central Indiana homeowners are more than twice as likely as the public at large in Central Indiana to attend at least one Indians game each year.

FULL DETAILS:

1. “Call to the Bullpen” Situational Promotion – Every Home Game (70 Games) a. Each time the Indians or visiting team bring in a relief pitcher, fans will be engaged with SPONSOR graphics b. SPONSOR will receive the following recognition during the promotion: i. PA announcement to introduce the promotion and relief pitcher ii. Full screen graphics on all digital signage platforms iii. Live read during the radio/TV simulcast

2. “Find the Mole” In-Game Promotion – Twenty (20) Games a. Approximately :60 video promotion between innings that will present three (3) mounds of dirt in which Holey Moley will hide b. SPONSOR will receive the following recognition during the promotion: i. PA/Emcee Introduction ii. Full screen graphic on the Right Field Videoboard to begin and end the promotion iii. Full screen graphics on all digital signage platforms

- 13. **Please provide your target audience/demographics for this project:** Our goal is to reach homeowners in Central Indiana, but our primary demographic focus is adults between the ages of 25 and 54, given that they are more likely to be homeowners, land owners and be in a financial and physical condition to perform digging projects on their own.
- 14. **Please provide a description of how your program’s results will be measured to determine the value and relative effectiveness of your program:** This campaign will be an awareness campaign, so our metrics will be very much based on the number of people reached (impressions) on various levels. Our primary metric will be the number of fans in the ballpark who are exposed to these two features. Indiana 811 will also approach the Indians to encourage them to measure for 811 awareness among Indians fans in a post-season survey.
- 15. **Estimated start date for project:** Work begins in early April to correspond with the start of the season.
- 16. **Estimated length of time for project:** Through Oct. 31 to allow time for all measurement.
- 17. **Please describe the specific details of your proposed project, including a schedule and/or milestones:** Click here to enter text.
