Filing Party: Auburn Municipal Electric Department

30-Day Filing ID No.: 50285

Date Filed: July 19, 2019

Filed Pursuant To: Commission Order Nos. 44472 & 44774

Request: A revision to Wholesale Power Cost Adjustment Tracking Factors, to be applied September 2019 through March 2020.

In its most recent rate case (Cause No. 44472, Order issued December 17, 2014), Auburn was authorized to implement a two-part tracking mechanism for some rate classes to distinguish demand and energy costs. After approval, a consultant for Auburn found the tracking mechanism did not work as intended. Cause No. 44774 (Order issued July 18, 2016) was filed to remedy the problems in the original mechanism. This is the seventh filing since then to adjust the tracking factors.

The calculation of the adjustments includes the projected cost of wholesale power for September 2019 through March 2020 and the reconciliation of wholesale power purchased from June 2019 through December 2019.
