RE: Underground Plant Protection Advisory Committee Case Recommendations for
Conference on *Wednesday, March 27, 2013 @ 2:00 P.M. local time.*

The attached case recommendations have been submitted to the Commission. Via Certified Mail, the Commission's Pipeline Safety Division sent an information request to the parties to the incident soliciting a written account of the facts and circumstances surrounding the incident. After receiving proof of delivery and waiting at least thirty (30) days for the receipt of any documents from the parties, the Division investigated the case. Pursuant to IC 8-1-26-23(g), the Division found that a violation of IC 8-1-26 occurred. After public notice in conformance with IC 5-4-1.5-5, during a Public Meeting where the party had the opportunity to appear, the Underground Plant Protection Advisory Committee reviewed the Division's determination and made recommendations in the cases under IC 8-1-26-23(h). The parties were notified of the Committee's recommendations and given the opportunity to seek a public hearing pursuant to IC 8-1-26-23(k). These recommendations are now submitted for the Commission's consideration at Conference on **March 27, 2013 at 2:00 pm. local time.** Staff believes legal requirements under IC 8-1-26, the Damages to Underground Facilities Act, were met and recommends approval for all the recommendations of the attached cases. The Commission has the authority under IC 8-1-1-5(d) to make a determination in these matters.
